EXPENSE OF THE BIG STRIKE

Net Yearly Earnings of May Railroads Will Show Great Decrease.

RAILROADS ESTIMATE THEIR LOSSES

Damage to Property Very Light in Comparison to the Freight Business that Was Lost by Delay-How Passanger Teame Suffered.

It will be months before the rallroads of the west will be able to tell anything definite as to the losses of the recent strike, and as o losses of business it may never be told. During the sixteen days California has een shut off from the eastern markets it is safe to say that 1,500 carleads of Iruit rotted on the trees or were destroyed in transit at the time of the strike. Half of this num ber would have probably been hauled by the Union Pacific, which is the ecopartion of California business done by the "Overland" system, the Santa Fe and Rio Grande also getting considerable California business. The average freight charge on a carload of fruit is \$250, which gives some idea of the loss to the Union Pacific alone. But extending this less still further it also falls heavily on the railroad's employes, because the tie-up of the business decreases the actual mile. run by the employes of the company. It be also a loss to the miners, and so it can be traced to the small fruit stands on the corner of the street, whose small carnings have een considerably cut down by reason of dose market and no fruit on hand to supply

the demands. As an instance of the damage done to fruit in transit, a carload of bananas was received by Rocco Bros., yesterday which on the fruit market brought only \$75, the freight

alone being \$162. General Manager Dickinson stated to The Bee that so far as the actual damage done to the system was concerned, it would hardly amount to \$10,000; that there had been several slight derailments, the cutting of nir hose, and the purloining of knuckies from bot air pipes, and some damage done to treatles along the system, but the constructive damage was slight alongside the loss to busidamage was slight alongside the loss to busi-ness. "Some of the business," said he, "will necessarily be reclaimed, but the fruit busi-ness is over, and this year under the cir-cumstances will show up badly in the de-crease of earnings. Then the passenger business also received a black eye, many people abandoning their trips east or west on account of the strike. Another item of loss account of the strike. Another item of loss will be the expenses attendant on keeping blockaded passengers during the continuance of the strike, which necessarily de-volves upon us. But while the Union Pacific has been a sufferer, the Southern Pacific has been hit still harder, its actual damage running up into the thousands. It is a strike

that has benefited no one."
While the actual damage on the Rock Island will not amount to more than \$20,000 due to the burning of a large number of cars in South Englewood yards, its freight delays and abandonment of trains will cost the road hundreds of thousands. Probably the greatest actual suffers at the hands of the strikers were the Panhandle, Illinois Cen-tral and Burlington, and their losses will be hard to estimate.

KANSAS PACIFIC FORECLOSURE.

Russell Sage and George J. Gould File a Suit in Topeka. TOPEKA, Kan., July 16.-Suit was filed in he United States circuit court this afternoon against the Union Pacific railway company to foreclose bonds amounting to \$11,704,000. The suit was filed by George J. Gould and Russell Sage, the trustees of the bondholders of the Kansas Pacific Railroad company, by their attorneys, Rossington, Smith & Dallas. It is alleged that the bonds are in default. It is also alleged that since the property of the Kansas Pacific passed under the co of the Union Pacific its revenues, v were sufficient to protect the bondholders, have been used to defray the expenses of other parts of the system. The plaintiffs asked for the appointment of reappointed S. H. H. Clark, Oliver W. Mink and E. Ellery Anderson, three of the five receivers of the Union Pacific, as receiver of the Kansas Pacific, with instructions of the Kansas Facine, with instructions of continue to operate the road as a part of the Union Pacific system, keeping the accounts separate. It is rumored here that this is a step toward the reorganization of

the Kansas Pacific railroad.

The sensational charge made by the Chicago Herald that the Union Pacific would give free round trip tickets from Denver to Colorado Springs or Pueblo to holders of their tickets to the Shriners' or wheelmen's con-ventions, thereby breaking the agreement proves to be another rumor that hasn't leg to stand upon. Mr. Lomax has been the subject of considerable venom on the part of Chicago papers, and they have been charging him with all manner of buccaneering methods to secure business. In thi case, however, the Union Pacific is squarely in line with other roads touching Colorade points, and the selling of tickets to Colorada Springs or Pueblo common points, with Den-

ver, is entirely permitted by the Western Passenger association agreement. Neither the Burlington nor Union Pacific touch Colorado Springs or Pucblo, the Mis-souri Pacific, Santa Fe and Rock Island reaching these points, thereby giving these roads an advantage over the former. To put all roads on an absolute equality, it was decided that transmissourl lines might sell tickets to Colorado Springs and Pueblo. As for these tickets falling in the hands of scalpers, it is the general opinion that regu-lar passengers will hold on to them, as their

liscovery in others' hands might lead to

run a special excursion to Council Bluffs next Sunday from Creston and intermediate points. The Burlington will run one from

Grand Island. It is thought "Overland" trains Nos. 1 and 2 will be resumed today, the officials of the Union Pacific being in communication with the officials of the Northwestern and Southern Pacific.

General Manager Towne of the Southern Pacific has telegraphed General Manager Dickinson that the Southern Pacific is open for business from the Oakland mole to Ogden and trains will run as nearly on schedule time as possible. This shows the blockade is practically lifted.

KASPAR'S FRIENDS HOT.

Fight Being Made Against Him by Second

Warders Bitterly Denounced. The Second Ward Republican club held a red-hot meeting at its hall near Sixteenth and Williams streets last night and several bunches of political ears are burning in consequence. In the absence of President Banker, Fourth Vice President Hoye presided. The action of the county central committee in designating September 28 as the date for the convention to nominate. the county ticket was mildly out none the less firmly criticised, and the secretary admitted that the new committee had a perfect right to change the date if it saw fit.

Messrs, William Ahlstead, Frank Van Dorn and Fred Dvork were appointed as a committee to make arrangements for renting the proposed new quarters for the club in the Land block, and the treasurer reported that the balance of cash on hand amounted \$3.75, after which the meeting resolved elf into an indignation meeting of the

most pronounced stripe.

Vice President Hoye started the ball by saying that every republican in the Second ward had been insulted by the action of half a dozen republicans of the ward in working against the appointment of Frank Kaspar as a member of the Board of Public Works. He denounced the action of these works. He denounced the action of these six republicans as treachery, and said that if such conduct was to be tolerated he be-lieved that the club should be disbanded and a new one organized composed of loyal

republicans.

Taking their cue from the vice president, several members waxed enthusiastic in their denunciation of the ward workers, who were trying to defeat Kaspar. Ahlstend said the Second ward could never get anything because its republicans wouldn't stand together.

J. F. Brown had been a republican for thirty years and had lived in the Second

ward for seventeen years, and he never re-membered a piece of work dirtier or more candalous than the fight against Kaspar. Dr. Rogers knew how it was himself, for he was a candidate last year, and the dele-gation failed to live up to its instructions. He said it was absolutely necessary for the Second ward to stand together, as the other wards of the city did. The condition of the Second ward was well understood by the other wards. He remembered that when a Second ward man approached a prominent city politician with a request he met with the response, 'Oh, h-l, we can buy the Second ward when we want it." Still, the loctor was in favor of burying the hatchet. Charlie Hoye participated in the discus-ion in a vigorous strain, and so did several others. By the time the waves of the Second ward resentment were running free above the scuppers Dr. Rogers took the floor again and poured a few bags of oil on the troubled waters, and in the calm which followed Israel Frank, who had been under-stood to be one of the arch plotters against Kaspar, attempted to explain the matter. His explanation invoked another storm, dur-ing which Antoine Comment seemed to voice the general sentiment by saying that the fight against Kuspar was being made solely because he sent his children to a

Catholic school.
At this juncture somebody moved the previcus question on the debate, and the club adjourned for two weeks. Something hard may be expected to drop at the next gather-

oard of Health Reluctant to Lay Off Its Inspectors. The Board of Health met yesterday after-noon to act on the resolution passed at the last meeting of the council directing it to dismiss every sanitary inspector in the employ of the board. It discussed the matter for nearly an hour and ended by taking

missioner Saville read a statement showing the present condition of the health fund. His books showed a balance on hand July i, of \$2,250.65. At the present rate of ex-pense this would lack \$3,485.35 of being sufficient to carry the board through the year. Taking this as a basis, he figured that the board would expend \$12,250.65 during the entire year, which would be nearly \$2,000

less than was expended in 1892.

After some discussion of the resolution,
Duncan moved that all employes of the board be laid off July 31, and that no indebt-ciness be authorized or allowed after that date. This motion contemplated the dismis-sal of Dr. Towne and all employes except sal of Dr. Towne and all employes except Meat Inspector Frank, who, it was claimed, was confirmed by the council and could not be removed by the board. It also shut out the bills for the removal of dead animals and left the city absolutely without santary protection. Dancan explained that this was the only action that could be taken if the board expected to get through the year on the amount in fund, but other members considered the motion too sweeping, and

After some further discussion Chief Seavey After some faither that the council be asked to appropriate \$3,500 additional for the use of the board, and that an adjournment be taken until Wednesday afternoon in order to learn how the council disposed of the resolution. This was carried and the board adjourned with the inspectors still drawing
