HIGH SCHOOL SALARIES NOT CHANGED

State of School Funds as Shown by Secretary's Report—Request of the Turners—Dr. Towne's Petition—Other Business.

When the Board of Education met last night, the committee on salaries reported on the question of salaries of principals for the ensuing year, fixing them as follows: Ambler, \$500; Bancroft, \$1,050; Cass, \$1,100; Castellar, \$1,300; Center, \$1,300; Central, \$1,300; Central Park, \$1,000; Clinton Hill, \$900; Davenport, \$900; Dodge, \$1,000; Dupont, \$900; Eckerman, \$500; Farnam, \$1,250; Forest, \$900; Fort Omaha, \$900; Franklin, \$1,000; Gibson, \$800; Kellom, \$1,400; Lake, \$1,400; Leavenworth, \$1,100; Long, \$1,400; Lythgoe, \$1,200; Mason, \$1,000; Monmouth Park, \$800; Omaha View, \$1,150; Pacific, \$1,300; Park, \$1,300; Saratoga, \$1,000; Sherman, \$850; Vinton, \$850; Walnut Hill, \$1,200; Webster, \$1,250; West Side, \$800; Columbian, \$900; Comenius, \$1,350; Train, \$1,000; Lincoln, \$1,150; Training, \$1,500; Winsor, \$900; Druid Hill, \$900.

Mr. Gibson opposed the adoption of the report, saying that the school year had been shortened to thirty-eight weeks. He said that one-twentieth of the amount of salaries had been cut out, that it might conform to the thirty-eight weeks, instead of forty weeks, as last year. The adoption of the report, Mr. Gibson said, would be giving the principals the sum of \$12,500 for work that they would not perform.

The report was adopted. With reference to the teachers in the high school, their salaries were allowed to remain the same as last year.

A motion to reduce the salary of the teacher of music from \$1,400 to \$1,300 was defeated.

Sections 109 and 110 of the rules of the board were eliminated. These sections provided that the salary of the principal should be increased \$5 per month whenever an additional room was added to the school over which he had charge.

Mrs. H. Farrell was elected janitor of the Vinton school and Mrs. Arnold transferred from the Vinton school to the Central Park school, the services of C. W. Bauer being dispensed with.

There may be some on in this vicinity who is afflicted with a stomach trouble. If so, the experience of A. C. Eppley, a carpenter, and contractor of Newman, Ill., will interest you. For a number of years he has been troubled with a pain in the stomach, that he says, "seemed to go through my ribs from front to back." He began taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. Whenever any pain appeared I took a dose of the Remedy. It gave me prompt relief and has effected a complete cure." Don't Be An Absentee from the greatest sale in Omaha. The largest and best selected stock of dry goods, chinaware, carpets, drapery and cloaks are being sacrificed; cost not considered. This fact is appreciated by our friends and the public, as our store is crowded Monday. Yet more eager buyers are with us today than on Saturday last and we predict that as the news is scattering and low prices telling that tomorrow (Tuesday)—with the hundreds of odd lots that are choice to be closed out regardless of any value—we will have the crowds, too.

BLONDIE CLARK'S LAST JOKE.

It Was Not Nearly So Funny When the Court Took the Matter Up. "Blondie" Clark's little joke caused Grant O'Dell to be called before Judge Keyser to show cause why he should not be committed for contempt of court in neglecting to obey a restraining order granting one day's stay to prevent the sale of some property which had been levied on execution. The case grew out of a judgment of something over \$100, obtained in Justice Brandes' court by O'Dell against Elijah Stoddard and Mary O'Dell, his wife. The judgment was for the sum of a farm just north of the city limits, and early last spring they removed to Texas. O'Dell afterward obtained his judgment to be satisfied by the sale of the property, and the court ordered the sheriff to sell it. Clark, however, not paid, Constable Clark levied on three horses and other property which the defendants had left behind them. The Stoddards got wind of this and brought suit to set aside the judgment on the ground of inadequate service, and obtained a restraining order directing the constable not to proceed with the sale.

A few days after Clark met the attorneys for the Stoddards and told them he had sold the horses and other property. He said that the money he had received was for the use of the Stoddards, and that he was willing to let them have it. The Stoddards, however, refused to accept the money, and Clark explained that it was all a joke, and the property in question was still in the hands of the court. The Stoddards were consequently released, but the court failed to appreciate the joke, and imposed the order to somewhat severely criticize the joker.

Accused of Being Inane.

The inane commission was in session yesterday in Judge Scott's court for the purpose of passing on the case of John D. Thomas, who was arrested Saturday. Thomas is quite a familiar character in Omaha. He has lost a good deal of money during recent years, and it is claimed that his losses have affected his brain and that he has threatened to kill various persons who he imagined had been responsible for his trouble. About a week ago he was arrested on a charge of having threatened to kill a woman, and the board of directors, and the board adjourned until this afternoon at 2 o'clock. The hearing was failed to substantiate the allegations that had been made that Thomas had made threats to kill those who he imagined had injured him.

TO SUCCEED FURAY.

Candidates for the Board of Public Works are being named. The number of candidates who are anxiously looking for the nomination of a member of the Board of Public Works by the mayor Tuesday night has been materially increased during the past few days. Up to the time when Mr. Schrum's appointment was rejected by the council scarcely more than a half-dozen names were mentioned in connection with the position. The candidates themselves are not disposed to give credence to the report, but it is nevertheless quietly given out that the council will be a surprise party to the council.

HAD A RUNNER FOR HIS MONEY

Natural and Effective Way of Getting Beyond Reach of Highwaymen.

FARMER GRIMM FOOLED THE FOOTPADS

Refused to Hand Over His Cash and Bent a Revolver in a Hot Chase Down the Alley—The Would-be Robbers Escaped.

At noon yesterday August Grimm, a farmer residing in the vicinity of Elkhorn, this county, met a couple of highwaymen right in the heart of the city, and all that saved him from being robbed was a pair of good, stout legs and good timing.

Grimm had come to the city early in the morning for the purpose of hauling out a load of freight for one of the Elkhorn merchants. He had loaded up his wagon and had driven into the alley between Harnay and Howard and Thirteenth and Fourteenth streets, where he had unhitched and had put his horses into a feeding stable close by, after which he had gone up town to do some trading.

Just at noon, with his arms full of bundles, he walked up the alley for the purpose of depositing his load in the wagon, after which he intended to hitch up and start for home. As he turned around after having deposited the bundles in the wagon, he was confronted by two men, one of whom had a revolver which he pointed at Grimm's head. While this was going on the second man grabbed the farmer by the throat, exclaiming: "D—n you, give up your money, and do it—quick, too."

The man from Elkhorn does not lay any claim to being brave, but instead of giving up his wealth he gave a yell that was heard for blocks away, and then he struck a gat that would make any professional sprinter turn green with envy. He ran to the police station, where he gave an accurate description of the highwaymen. He returned to the spot with a couple of detectives who were detailed to work up the case. A careful search was made in the vicinity, but no trace of the highwaymen was discovered, though it was afterward learned that two men answering their description had crossed the bridge and had hurried on toward Council Bluffs a short time after the assault had been made upon Grimm.

TO PROJECT THE RIVER.

Mr. Berlin Will Protect Florence Lake from Further Encroachments.

R. S. Berlin of the Missouri river commission left for St. Louis yesterday for the purpose of perfecting the arrangements for the expenditure of the money appropriated for protecting the river front in the vicinity of this city.

Mr. Berlin, in speaking of the matter of river bank protection, says that he was of the opinion that the full amount of the appropriation would be expended this season next thirty days. Most, if not all, of the work would be done between Florence and the Union Pacific crossing, and it was where the commission would direct its attention, Mr. Berlin said, would be at Florence, where an attempt would be made to prevent cutting away at the bank and leaving the water works plant high and dry upon a sandbar. After this matter was disposed of, Mr. Berlin thought the best work would be done in the vicinity of Florence lake in order to prevent the river from cutting through the low lands and flowing into Courtland lake.

WERE TWO OF THEM.

Another Skeleton Found Under the Dodge street. The mystery surrounding the finding of a skeleton under the Dodge street school house a few days ago was greatly increased yesterday afternoon by the finding of another within two feet of the place where the first was discovered. These remains are evidently those of a woman, and a string of amber beads were found around the neck of the frame. There is an old trap door over the place where the bodies were lying, and it looked as if it had been disturbed at some time since it had been put down. There seems to be no doubt but that the body was buried there at the same time as the other one, and that one was a man and the other a woman. A surgeon who examined the bones of the skeletons was of the opinion that the bodies had been in the earth six or seven years. A surgeon will begin a thorough investigation at once.

The call will be issued as soon as the absentees of Washington and Sary county members not present yesterday is obtained.

Expressage for Coal.

The police are looking for a smooth swindler who is working the express messenger scheme in this city. A man who has collected \$125 on a heavy package from Mrs. John Lowe at 1512 Davenport street. The swindler appeared at the residence of Mrs. John Lowe in the evening with a package done up nicely, on which he claimed there was the above amount. He had a receipt book and a collect on delivery check which he asked her to sign. She was entirely unsuspecting and readily signed for the package, after which she gave the man the required amount. As soon as the fellow had gone she became curious to know the contents of the package, and she tore off the wrappings, only to find that she had paid the above amount for three chunks of common coal nicely done up.

MISSISSIPPI'S EXECUTIVE INSISTS ON ISSUING WARRANTS FOR USE AS MONEY NOTWITHSTANDING ORDERS FROM THE FEDERAL GOVERNMENT TO DESIST.

JACKSON, Miss., July 16.—The Mississippi legislature at its last session passed an act authorizing the governor, the auditor and the treasurer to issue treasury warrants in denominations of \$5 should it become necessary to tide over the financial crisis. The issue was limited to \$200,000. It was the intention of the legislature to have the warrants pass as money all over the state. Immediately after the passage of the act the state auditor contracted with the St. Louis Bank Note company for the printing of the warrants and the first installment of \$50,000 was delivered to the state treasury and placed in circulation a few weeks ago.

Governor Stone has since received a dispatch from general Allison, secretary of the United States secret service at Washington, demanding that the governor send to him all of the unsigned warrants that have been issued in circulation. Mr. Hazen telegraphed the St. Louis Bank Note company that the plates be turned over to the government. In an interview Governor Stone stated that he would not comply with Chief Hazen's demand in any particular and that the issue of the special warrants will be continued until the full issue of \$200,000 is completed. The state officials regard Hazen's demands as an unwarranted interference and will not treat it seriously. They say that the demands were based on the assumption that these special warrants resemble too closely United States currency notes, which is not the case. This is denied by Governor Stone, who says the act of the legislature is approved by the best legal authorities in the country. The state has telegraphed the St. Louis Bank Note company not to pay any attention to Hazen's demands.

ST. LOUIS, July 16.—Inquiries at the office of the St. Louis Bank Note company revealed the fact that the entire issue of warrants has been completed and shipped to the Mississippi authorities. It is, therefore, possible for the company to comply with the demand of Chief Hazen and he has been so notified.

The plates from which the warrants were printed are in the possession of the Great Western Printing company of Chicago, for which company the St. Louis corporation issued the warrants. The St. Louis corporation has been directed by Governor Stone not to surrender the plates, but at the same time the local branch of the printer's service has managed to imperative demand for them, acting under Chief Hazen's orders. What action may be taken in the matter will be the duty of the St. Louis officials, say those directed by the Great Western company, who have, however, been advised of Governor Stone's telegraphic instructions.
