

THE DAILY BEE.

COUNCIL BLUFFS. OFFICE - NO 12 PEARL STREET. Delivered by carrier to any part of the city.

A new union has been secured for the water girls at the transfer hotel. All members of the Union Labor Protective association are requested to meet at Liberty street tonight for business of importance.

The Central Labor union has decided to invite the labor unions of Omaha to unite with that of this city in a demonstration on August 2.

Albert Lewis, charged with committing an assault on a battery on a female highway by putting her out of her senses when she persisted in calling on him, was discharged after a hearing by Judge McGee yesterday morning.

Dick, the little son of Frank Hitchcock of the fire department, was experimenting with a cartridge the other day when it exploded. He had already removed the ball, but the explosion burst into his face, inflicting some very painful injuries.

F. M. Hunter commenced a suit in the district court yesterday to collect \$985, with interest from December, 1891, from C. C. Cook. He claims the amount as fees in two law suits in which he acted in the capacity of attorney for Cook.

M. McCarthy filed an information in Justice Vlen's court yesterday charging Frank Williams and B. H. Moore with the larceny of seven tons of hay, worth \$35. The defendants claim that the hay was theirs and were consequently entitled to it.

Mr. and Mrs. Wallace Shepard entertained a party of their friends at a coaching party last Tuesday evening. After an hour spent in riding they went to the Shepard home, where the remainder of the evening was spent in various amusements.

An attack of the Christian home applied at the city building yesterday for permission to take Nell Monroe, Vic Jennings' boy burglar, home with him to be cared for. His petition was denied by Judge McGee, but he was permitted to remain in the home of the 7-year-old crook.

D. L. Weir of the city detective force was presented with a magnificent star last evening by Chief Scamman. The star is gold, surrounded with a silver circle bearing the inscription, "City Detective, Council Bluffs, Ia."

For sale—25 1/2 acres front lands inside city limits, \$200 per acre. Farm loans wanted, lowest rates. Fire and tornado insurance in best companies. Money loaned for local investors. Lougee & Towle, 235 Pearl street.

Out at Manawa. Tonight the council school board has arranged for a swim at Manhattan beach. Tomorrow night the Omaha Elks will capture the beach.

Colonel Reed's new beach is getting very popular, and every afternoon and evening the bathers enjoy it fully.

Camping at Manawa is becoming a great fad. There are several camping parties there now and more are coming.

Try a glass of Sulpho-Saline or Soterian mineral water from the famous Excelsior springs at George Davis', Paul Schneider's and O. H. Brown's drug stores. John Linder, general agent.

PERSONAL PARAGRAPHS. Lucius Wells has gone to Michigan. Miss Alma Pfeiffer has gone to Portland, Ore.

Miss Bell leaves this week for Duluth on business. Mayor Cleaver will join his wife in Pittsburg soon.

Mr. and Mrs. Henry Scheidele are visiting in Hinton, Ia.

Mr. and Mrs. L. Knotts of Carroll, Mexico, are guests of L. G. Knotts.

Mr. and Mrs. M. W. Walker returned yesterday from a trip to Wisconsin.

Mrs. F. W. Hart and son of Missouri Valley are visiting friends in the city.

Miss Carrie Withrow has returned from a visit with friends in Stoughton, Neb.

Mrs. John H. Clark and family have gone to Percival, Ia., for a week's visit.

NEWS FROM COUNCIL BLUFFS

Chicago Detectives Have Captured A. P. Ross, Wanted for Fugus Check Work.

ILLINOIS JOB WAS HIS DOWNFALL. Tried to Catch a Banker at DeKalb and Was Himself Caught in Chicago—He Will Not Be Brought Back for Trial Directly.

Sheriff Hazen received a telegram yesterday morning from Edward Donahy, a detective at Chicago, announcing that A. P. Ross had been apprehended and was in the Cook county jail awaiting the pleasure of the Council Bluffs authorities.

Ross is the young man who visited this city about two weeks ago and passed several forged checks for amounts varying from \$20 to \$100. He left here for Yorkville, Ill., and passed a check in the Council Bluffs Savings bank for \$200. He then went to DeKalb, Ill., and deposited a check on the same bank, but the man with whom he deposited it telegraphed to Mr. Burehsein and received an answer saying that the fellow was a forger and asking that he be arrested.

A detective was put upon trail and he was caught in Lincoln, Neb. One of the plans he worked with some success was to deposit a draft on some of town banks claiming to be connected with the firm on which he was drawing, and thus induce the banker to advance him part of the money he expected to receive. It was usually found that the firm on which he drew was not in existence, or if it was his draft would be dishonored and go to protest.

Sheriff Hazen intended to go to Chicago last evening bringing the fellow back here, but he was arrested in his face, inflicting some very painful injuries.

F. M. Hunter commenced a suit in the district court yesterday to collect \$985, with interest from December, 1891, from C. C. Cook. He claims the amount as fees in two law suits in which he acted in the capacity of attorney for Cook.

M. McCarthy filed an information in Justice Vlen's court yesterday charging Frank Williams and B. H. Moore with the larceny of seven tons of hay, worth \$35. The defendants claim that the hay was theirs and were consequently entitled to it.

PRESENT CREED OF LABOR

Expounded at Exposition Hall Last Night by Sovereign and Associates.

TIME FOR UNITED AND EARNEST ACTION. Government should be taken from the hands of plutocrats and given to the masses of the people—What would then be done.

Notwithstanding the fact that the mercury continued with the 90s, and closely hugged the 100 point, Exposition hall was filled with ladies and gentlemen last night, all of whom turned out for the purpose of hearing Grand Master Workman Sovereign of the Knights of Labor discuss the present situation.

As a prelude to the main address of the evening, H. B. Martin of Minneapolis, Minn., member of the executive board of the Knights of Labor, expounded his views. He said that all meetings of laboring men were prophetic, having a tendency to direct the affairs of the future civilization. In all such meetings there always were the representatives of the press, the pulpit and of politics, the three great organizations.

Another great organization, united labor, was in the field for honesty and fair government. Such an organization would command the respect of all men, and there was no reason why the masses of the laboring people should cringe and bend the knee to the others, as they were greatly in the majority. This being so, the laboring men should treat the minority fairly, letting the world listen. Defeats had taught labor many lessons, one in particular, unity in action, showing that all organizations should come together. To the Knights of Labor belonged the distinction of promoting the doctrine that all creeds, sexes and colors should be concentrated in one great body of civilized men. The Knights of Labor believed that not only the laboring man, but that the millionaire, the railway corporations and attorney generals should be taught by the law. The speaker said that he was in favor of very active steps in securing the election of the next congress from the states of the United States, asking the cooperation of honest parties, and that the time the idea was that the majority ruled, when in fact the government was ruled by the plutocrats.

HE THINKS GROWER IS. In referring to the present executive of the United States, Mr. Martin said that while he was the president in name, the real fact was that he was in the big pocket of Wall street, and that he was doing little to do with the management of the republic, but that it was the duty of the public man, both it and the democratic party being in the same boat. In conclusion, he said that the laboring man should organize labor to unite upon election day, voting for the principles laid down in the constitution and preamble of the Knights of Labor, and that the working men had heaped up millions of dollars in the hands of a few men.

WASHINGTON, July 26.—Colonel Carroll D. Wright, the commissioner of labor, who has accepted President Cleveland's appointment as arbitrator between the strikers and the railroad companies, came down from his summer home at Alder Creek today and received the congratulations of his friends here. Mr. Keran believes the work of the commission can be accomplished in six weeks and says that sessions will be held in Chicago, Denver and San Francisco.
