Attendance at the Opening Exercises Not Very Large, but the Morning Trains Will Bring in the Most of the Delegates,

The opening session of the Des Moines district conference of Epworth leagues was held last evening at the Broadway Methodist church. Only about fifty delegates have arrived so far, but every train that come in this morning will undoubtedly bring them in large numbers from the 500 local leagues of the district. A large audience gathered at the church to enjoy the exer-President L. M. Shaw of Denison oc cupied the chair and James M. Kittleman of Indianola acted as secretary.

A praise service of half an hour, led by Rev. Alfred Knoll of the Trinity Methodis church, opened the meeting, after which C. M. Harl of this city delivered an address of welcome in his usual polished and eloquent style. President Shaw responded on chalf of the visitors.

Rev. L. B. Wickersham of Atlantic delivered the principal address of the evening on the subject of "Day Dreams," in which he pertrayed the insite desire of every soul to become better, no matter in what line its efforts might be made. He followed the in-dividual's progress from childhood up, and showed how, at every step, his aspiration reached out after something higher, and apolied those truths to practical Christianity The following is the program for today

"The Good Old Songs."

Unknown Man Meets Death While Trying

to Board a Wabash Train. A man whose identity is so far unknown was killed at 6:10 o'clock yesterday morning while trying to steal a ride on a Wabash freight train. Engineer P. McDermott had just finished making up the train, which was o be sent out in a short time, and he took it to the yardmaster's office in the south part of the city. On the way two tramps tried to get on board at a point about 300 yards south of the Milwaukee road. One of them, whose name is Fred Kyle, felt the car he was on give a sudden jolt just after they had both boarded it, and looking down he saw his companion beneath the wheels Eleven cars passed over the unfortunate man's waist before the train was finally

stopped. He was dead when picked up. No one knows the dead man's name, here are no papers in his pocket by which he can be identified. On his left arm were tattooed the initials, "F. R.," and a cross, while on the right was an India ink representation of a human leg. He was about 22 years of age, medium height, and had blue eyes and a smooth face. His left arm had been broken at the wrist recently, and he wore it in a plaster of parls cast. Kyle, his companion, was unable to say very much about him, excepting that he thought he lived in St. Louis. Coroner Jennings sum-moned a jury, consisting of C. S. Hubbard, G. H. Baker and C. Spruttt, which returned a verdict of accidental death and exonerated the railway company from all blame.

Another Manawa Resort. For some time past there has been considerable rivalry between Colonel F. C. Reed of the Grand Plaza and the Manhattan Beach Improvement company in regard to a certain tract of land on Lake Manawa belonging to the Casady estate, and adjoining the prop-erty owned by the Manhattan Beach company to the east, but Colonel Reed succeeded in stealing a march on the Manhattan people and yesterday signed papers closing the deal by which he becomes the possessor of the property in question, some eighty acres in extent. This gives him an immense ex-panse of water front on the other side of

Lake Manawa, and a splendid natural beach about 700 feet in length. Colonel Reed is already making arrangements for improving the property for next season and erecting a pavilion similar to the one at Grand Plaza and several other attractive features. When the season opens next spring the colonel expects to have a line of electric launches to transport pas-sengers between Grand Plaza and his new resort on the other side of the lake. The consideration paid for the property is said to have been \$5,900.

Be Given to a Full Force, CHEYENNE, Wyo., Aug. 7 .- (Special to The Bee.)-The whistle at the Union Pacific shops at this place blew yesterday for the first time since July 1, when the A. R. U. strike was inaugurated in Wyoming. About twenty-five additional men were put to work, making a total force of 120 em-

ployed in the various departments. Vice President Greentree of the Chamber of Commerce received a communication from Receiver E. Ellery Anderson in response to the inquiry concerning the resumption of work in the shops at this place. Anderson said that it would be impossible under the present condition of affairs for the receivers to re-employ the full force of men at work at the beginning of the strike. There is no work for the men to do and the receivers have no money to pay them if they were employed. He said it was absolutely necessary for the receivers to reduce the operating expenses of the road to meet the exigencies of the business depression.

Wyoming Republicans Pleased. BUFFALO, Wyo., Aug. 7 .- (Special to The Bee.)-The republican delegates from Johnson county have just returned from Casper well satisfied with the ticket. It is conceded by democrats here that the ticket is a strong one. The four northern counties, Johnson, Sheridan, Weston and Crook, were united in the convention. Mondell, who was slated for governor, gave way to A. Richards, and accepted nomination for congress in the interests of harmony. All the delegates from this county were present.

Democratic delegates to Cheyenne left Sheridan and Buffalo Saturday. Johnson is solid for nonfusion. The populist delegation from Sheridan and Johnson countles, who left by road for Casper today, are also opposed to fusion.

Populists Boycott Railroads. CASPER Wvo., Aug. 7 .- (Special Tele gram to The Bee.)-Delegates to the populist state convention arrived here today from Johnson, Sheridan and Crook counties. They came overland in private conveyances. Som of the delegates have come over 300 miles. The populist state convention will meet here

Wyoming Congregationalists.

CHEYENNE, Wyo., Aug. 7 .- (Special to The Bee.)-The State Association of Congregational Churches will meet in Big Horn, Sheridan county, September 12 and 13. Each church of that denomination in the state will be entitled to one delegate.

Liked Fight ug from Afar.

Colonel Blowblow belonged to that class of soldiers of which "few die and none resign." In winter quarters and in camp he was conspicuous and active; when the fighting began he always managed to have his field officers in front, says the Confederate War Journal. One day, in the absence of the general, he took command of the brigade, by virtue of seniority. It is quite possible that in point of seniority he was the rank ing colonel of the confederacy. As com mander of the brigade he approached the enemy as if the fate of the day depended upon his life, selecting commanding points whence he could contemplate them through his field glass. Snyder, one of the headquarter couriers who accompanied him, was asked how he liked the new general. "Wouldn't want a softer thing than couriering for him," said he, with the smile of a man who looked forward to a long life. "Why, sir, I feel just as safe with him as if I was a-sittin' at home in my father's

Chas d by an Angry Wife. GRAND ISLAND, Aug. 7 .- (Special to The Bee.)-Mrs. A. H. Johnston is following hot upon the trail of her husband today. The latter, a confectioner, arose bright and early and left for Lincoln on the 7 o'clock train and took with him \$250 of his wife's cash. So at least she alleges, and she swore out a warrant to this effect. After the police au-thorities had telephoned his description to the Lincoln authorities Mrs. Johnston fol-lowed on the 11 o'clock train for the capital city to catch her better half and the money The Johnstons have only recently moved here, Mr. Johnston having been in business scarcely a month.

Demise of a Pioneer.

CORTLAND, Neb., Aug. 7 .- (Special Tele gram to The Bee.)-Richard Wallingford, one of Nebraska's pioneers, died this morning at the age of 75 years, at his son's residence in Cortland. Mr. Wallingford came to Nebraska in 1858 from Ohio, where he to Nebraska in 1888 from Ohio, where he was born. He was a member of the territorial legislature of Nebraska, and afterwards a county commissioner of Lancaster county, where he resided since coming to the state until seven years ago, when he had a stroke of paralysis, from which he never entirely recovered, and which was the cause of his death. He will be interred at Wynka cemetery. Lincoln tomogrow. Wyuka cemetery, Lincoln, tomorrow.

Washington County Normal Institute. BLAIR, Neb., Aug. 7 .- (Special to The Bee.)-The twenty-fourth annual session of the Washington County Normal institute opened here today with an enrollment of eighty-five teachers. The session promises to be one of the most interesting ever held in the county. The institute is conducted by J. W. Henderson, assisted by W. K. Fowler, D. C. O'Connor, Miss Elien M. Aus-tin and B. E. Hendricks. W. A. Clark of the Western Normal college of Lincoln will address the teachers Thursday morning.

To Make the Picnic Sandwich Tempting. To make tempting sandwiches the loaf which is to be used should have all the crust cut off both sides, being made straight before slicing. If ham is to be used cut off as much as necessary in thin slices across the grain. Chop the ham thus sliced very fine, moisten it with cream, add pepper and mustard, if liked, a well beaten egg. It is then almost a paste and easy to spread. Cut the bread very thin, butter carefully, spread with the ham, and see that all the edges are neat and regular.

Eleven horses in the livery barn were burned houses were damaged considerable Faga's brick block was damaged about \$500. People in all parts of the town had their goods moved out. The Methodist Episcopal church is stored full of goods. Household goods may be seen lying in all parts of town. Many storekeepers never unlocked their doors to try to save their goods, as it was useless. The fire was so fierce that it could

be seen for thirty miles.

The wind was blowing strong from the south and it did not take long for the fire to spread all over the main part of town.

The fire boys labored hard, but to no avail. They were relieved by the ladies of Adair who took hold and labored with a will This is a hard blow for Adair, as the main part of town is all gone. Some of the losers will commence to rebuild at once. All that saved the upper block was that the buildings were mostly brick.

Wreck on the Chicago Great Western Caused by the Collapsing of a Bridge. DES MOINES, Augi 7 .- (Special Telegram to The Bee.)-A wreck on the Chicago Great Western last evening at Peru, thirty miles south of this city, was caused by a cinder which dropped from a locomotive ash pan and smouldered in the dry timbers until it weakened one of the main stringers. When in heavy fraight train ran t weakened timbers yielded to the strain

and collapsed. The forward part of the train, together with the engine, fell into the ravine below, killing Conductor Haley and very seriously injuring the engineer and fire man, who were brought to this city, but whose names and residence the officials de-clined to make public. The condition of the former is said to cause grave apprehension. Charles King, a coal miner at Riverion Ill., was cut on the back and shoulder and

had his right arm broken.

James Muldoon, a miner of the same place was cut on the face and had his upper lip cut nearly off and right elbow badly sprained. T. W. Ginnis of Lovelake, Mo., also a miner, was cut about the head and face and had his ankle sprained. It is supposed that all three were stealing a ride, as they were in an empty box car which jumped the track and went to the bottom of the trestle. Conductor John Haley lived at St. His head and body were so badly

crushed that he lived but an hour.

General Weaver's Schemes. CRESTON, Ia., Aug. 7 .- (Special to The Bee.)-The democrats and populists of the Eighth and Ninth districts are becoming very loving of late, and are embracing each other in fond manner. There's something in it, for Weaver and Stuart, since this feel-ing of affection. The democrats will go to Corning tomorrow and nominate Frank O. Stuart of the Chanton Democrat for con-gressman from the Eighth district, and an effort is being made to have the populists endorse him. As Stuart is about as much of a populist as a democrat this ought not to be a difficult task. Jimmy Weaver of the Ninth is also adding his influence to the scheme. Weaver wants the democrats to endorse him, and he has a good prospect of their doing so. A number of the Ninth district delegates to the democratic con-gressional convention, to be held at the Bluffs, have been instructed to endorse Weaver, and it is learned that a sufficient number of the delegates have been instructed to make Weaver's endorsement by the demo-crats certain. This will make a fusion in the Eighth and Ninth districts, the calamity

class thereby hoping to defeat Hepburn.

Water Rental Reduced. CRESTON, Ia., Aug. 7 .- (Special to The Bee.)-At the council meeting last evening quite an important action was taken in regard to the water works company. The council reduced the rental allowed the com-pany about \$2,500, in order to conform with the laws of the state. The water works company will institute suit against the city to recover the amount allowed them on contract made by the old council. A petiworks company null and void was also presented, but no action was taken. There has been considerable ill feeling manifested against the water works company on the amount received by them from the city, a number of prominent taxpayers claiming the amount exorbitant and not in accordance with law. Omaha parties control the water works company.

Winning a Bet May Prove Fatal. CEDAR RAPIDS, Ia., Aug. 7 .- (Special Telegram to The Bee.)-At 7 o'clock this morning Robert Thompson, a young business man of this city, started at the West Side driving park to waik fifty miles in twelve hours. After covering eighteen and a half miles he fell, completely exhausted, at 11 o'clock, and his condition is now considered serious. Thompson and A. Simpson were proprietors of a bottling establishment on the west side and yesterday Thompson bet his half interest in the works that he could easily cover fifty miles in twelve hours.

Struck a "Gusher." CEDAR RAPIDS, Ia., Aug. 7.—(Special Telegram to The Bee.)-While driving a well on an island in the center of Cedar river, opposite their establishment, the Sinclair Packing House company today struck a "gusher" at a depth of thirty feet. The water is clear and cold as ice and is thrown above the surface of the island. About a dozen points will be driven at this place and from

them it is expected to secure enough water to run the entire establishment. The city water company, it is understood, will make a similar experiment. a similar experiment.

Underwriters Mutual Wound Up. SIOUX CITY, Aug. 7 .- (Special Telegram to The Bee.)-Jonas M. Cleland was today appointed receiver of the Underwriters Mutual Life Insurance company. The court's decree winds up the business of the company, invalidates all policies and requires that all claims against the company be filed in sixty days. The state auditor reports \$160,000 worth of assessable premium notes and \$50,000 of liabilities. He thinks it doubtful the amount that can be realized on the notes will pay the liabilities.

Dis urbed by Putrid Clams-CEDAR RAPIDS, Ia., Aug. 7 .- (Special Telegram to The Bee.)-During the summer vast numbers of clams have been cut open in the Cedar river by men and boys in search of fresh water pearls. These clams have putrified in the water and along the shores. It is now believed they have contaminated the water supply and samples will be sent to the State Board of Health for analysis. Vast numbers of fish have been dying and it is believed these decaying clams are

Prominent Farmer Turns Swindler. CEDAR RAPIDS, Ia., Aug. 7 .- (Specia Telegram to The Bee.)-Henry Kleinmeyer generally supposed to be one of the mos prosperous farmers in Iowa county, disap-peared last Friday. Upon investigation it was found be had victimized many of his neighbors and several business men at Wil-liamsburg, having borrowed money from three different firms on one crop of grain. It is supposed he carried several thousand dollars away with him.

Dr. Grinnell Recommends Lactated Food.

Cholera Infantum Is Reaping a Harvest.

Lactated Food Is the Surest Preventative.

It Has Saved Thousands of Infant Lives.

Every Parent Should Now Be Supplied with It.

"After using lactated food for five years in cases of children suffering from cholera infantum, and in debilitating or wasting diseases, during which time it never failed me, I have pleasure in calling the attention of physicians to it, and in recommending its use.

So says A. P. Grinnell, M. D., the dean of the medical faculty of the University of Vermont, and the statement is published in the Ladies' Home Journal.

The statement is of inestimable value to mothers.

Nebraska die before they have lived a year. And two thirds of these die in summer of cholera infantum and kindred diseases, High temperature makes it difficult for ba by's stomach to digest its usual food. It is

then thatunusual precautions must be taken

or the weak, sickly babies fall victims to

More than a fifth of all the babies born in

cholera infantum. During hot weather the strength must omehow be kept up, and yet without burdening or overturning the delicate digestive organs. It is just here that mothers and physicians find lactated food necessary. The explanation of the great success of this food, in keeping babies strong through the summe is that in its composition nature's food for bables has ben the model. It is pleasant to the taste and is taken by babies with relish, and is easily digested and assimilated.

It is what physicians term a pre-digested

food, and is especially valuable in all weak

conditions of the digestive organs, not only

for infants, but for invalids and aged persons

Mothers may stop worrying about their ba bies after they have once been put on a dic of lactated food. Trained nurses keep lactated food on hand even when baby is fed on mother's milk. In cases of failure of the natural milk, or when weaning or during any possible illness of the mother, lactated food best takes the

place of the natural food. Try it, It saves

babies' lives.
