Rourke's Haymakers dropped a game to Peoria yesterday by way of celebrating their return from their prolonged trip, and the good sized crowd that wandered out to the Charles Street park to welcome their favorites home was compelled to witness one of the raggedest exhibitions of the season. It was a slugging match, in which furious hiting was supplemented by insipid and very uninteresting fielding. Only two plays marred the monotony of the flasco, one being a brilliant running catch by Seery of a long fly from Delehanty's bat in the fourth inning and the other a beautiful pick up of a hot ground hit by Delehanty.

It was a game which neither team deserved to win. Although the visitors did not accumulate errors with quite the facility of the home team, they played a spiritless game and several costly errors went to help give the speciators a huge disgust. Carroll's incessant kicking was not the least disagreeable incident of the game. In the eighth Lookabaugh caught him napping on first and a quick throw got him easy. There was no quick throw got him easy. There was no room for any difference of opinion, but Carroll followed Umpire McKelvey all over the diamond and insisted on retarding the game until he was finally sent to the bench. should have been fined half a month's pay in the bargain.

LINCOLN, Neb., Aug. 11.—(Special Telegram to The Bee.)—The Lincolns played two games with the Rock Island-Molines this afternoon, winning the first easily by heavy and timely batting. The visitors were unable to solve Baltz's curves. A three-bagger by Sweeney and a single in the ninth netted them their only run. The three home runs made by the locals resulted from knocking the ball into center field. Two were made in the last game, but the ball went over the left field fence each time. The visitors secured the second game by knocking Barnes and Johnson out of the box in the first four innings, securing eight runs. Devereaux was substituted and kept them down to three hits. The locals outbatted the leaders in the second game, but their hits were too scattered and costly errors lost the game. Sweeney saved the score from being tied in the eighth inning by a phenomenal run and catch of a hot liner knocked by Hurshes, which would

Oarsmen at Saratoga Make Some Splendid Time in Short Races.

NEW MARKS FOR EIGHTS AND FOURS

Argonauts of Toronto Win the Senior Fours, Hard Pressed by the Minnesotas of St. Paul, in the Best Time for the Distance.

SARATOGA, N. Y., Aug. 11 .- The interest in the annual regatta of the National Association of Amateur Oarsmen was 'increased today, and the Saturday excursion trains brought many more spectators to the lake. The crews were out early rowing over the course, but Saratogans arrived earlier and in greater numbers than on yesterday. The betting was much more lively than on the previous day, the various favorites being backed more heavily. One of the races on which considerable money was placed was the senior singles, Hawkins of Troy, who won easily yesterday from Russell, the Canadian, was backed by the Sara toga sports, while the westerners took Fred Koenig of the St. Louis club. The Toronto boys pluckily backed their champions, Rus-

sell and Thompson.

A race which contained some first class teams was the senior double sculls. The rowed at the regatta. Monahan and his part-ner, Bowen, had won several races; the Donoghues were known to be in good form and out to win, while the Varunas famous loubles. Freeth and Rulger, were certain to give their opponents a very lively hustle. The closing race of the regatta, the senior ight-cared shells, had but two entries, No. , the Triton Boat club, and No. 2, the Laureates of Troy. There was little or no betting on this race, for the inability to row by the Laureates' junior eight-oared crew yesterday hook the faith of even the club's staunchest followers. The senior four-pared race was ooked forward to with great interest, because n it the Argonauts of Toronto met the famous four of the New York Athletic club. The lat-ter crew has carried everything before it this ummer, but had not yet met the Toronto

At the quarter the Argonauts were first, the New Yorks second, Detroits third and Minnesotas fourth. At the mile and a quarter the Argonauts held the lead, Minnesotas second, Athletics third, Delawares fourth. Detroits last. As they got into the last quarter the Minnesotas made a terrific spurt, but the Argonauts increased their stroke remendously. The Minnesotas failed to respond, and the Canadlans crossed the line two lengths ahead, Athletics third, Detroits fourth and Delawares last. Time:

The last event of the day was the race for senior eights, in which but two crews appeared, the Tritons of Newark, N. J., and the Laureates of Troy. The Tritons won easily and crossed the line in perfect shape, making the race in the splendid time of 7:36½, breaking their former Pullman record of Another record smashing event was that by the senior fours, won by the Argonauts in 8:48. The best previous records of four-cared shells, with a turn, for the same distance, was nine minutes.

ENGLISH YACHTSMEN SEEM SORE.

Evidently Much Chagrined at the Resistance of the Gould Fly to the Wales Spider. COWES, Aug. 11.-The American yachtsmen are being generally abused, owing to Mr. Gould's refusal to sail Vigilant against Britannia in the match proposed by Lord Wolverton, fifteen miles to windward and return for a f100 cup. It is claimed that the match was proposed in order to give the

return for a 100 cup. It is claimed that the match was proposed in order to give the Vigilant a race on the line of the recent contest for the America's cup. It is held that Valkyrie lost two of her races in New York waters in 1823 mainly because each of those events was started to leeward and that upon both occasions a flunk of wind, occurring near the turning point, converted the proposed beat home to windward into a sail off the wind.

A member of the Royal Yacht squadron said that the match proposed by Lord Wolverton was just what Vigilant's people had been asking for. The member quoted added: "They said, 'Wait till you see Vigilant in open waters.' That has been the cry of her buckers, so Lord Wolverton proposed a course lifteen miles out from the Needles, but in order to avoid a repetition of the New York flukes he stipulated that the race should be started to windward."

LONDON, Aug. II.—The Pall Mall Gazette this afternoon says: "It is curious how the American sportsman is never satisfied unless every possible condition is in his favor. The fact that Mr. Gould refuses to take part in the proposed match will convince the English that Vigilant is an unworthy holder of the America's cup."

KEARNEY STILL AT THE HEAD.

Midway City Lacrosse Team Retains the Championship by Defeating Omaha, KEARNEY, Neb., Aug. 11.—(Special Tele-tram to The Bee.)—The lacrosse game between the Kearney champions and the Omaha team for the championship of the state was played at the bicycle park this afternoon and the Kearneys are still the champions by a score of 3 to 0. It was an exciting game from start to finish, but soon after the game started it was plain to see that the visitors were playing at a disadvantage. The first point was made by Schars in seven minutes after the game was called. Bullivant made the second twenty-live minutes later and in forty-live minutes more Schars made the third. When the game was about half played, McConnell who was playing center for Omaha, was taken violently sick and was removed from the field. Houston of Kearney was temporarily overcome by the heat, but soon rabiled. Gallagher, goal keeeper for the visitors, showed himself to be a good all 'round player and was quite a favorite. The visitors speak very highly of their treatment and the playing of the champions, and admit they were honestly and fairly beaten. Alex McGillis was referee and gave general satisfaction.

CRICKET ON A HOT DAY.

Rev. J. P. D. Llwyd's Team Wins a Very Creditable Victory. In spite of the scorching weather, twentytwo cricketing enthusiasts amused themseives yesterday afternoon on the Omaha club grounds. The two sides were captained by Rev. J. P. D. Islwyd and Mr. F. A.

Kemp, and the former gentleman's team won by thirty runs. Rev. Mr. Llwyd, winning the toss, de-Rev. Mr. Liwyd, winning the toss, de-cided to put his men in first. Messrs. P. Ford and E. Stringer, being instructed to "open the ball" by their captain, armed themselves for the fray, and faced the bowling, furnished by the redoubtable G. H. Vaughan and his brother, William. Before many runs had been made Ford was caught by Wilson, and Stringer was bowled by W. Vaughan. Dr. Young, who caught next, fell a vicbowied by W. Vaughan.

Dr. Young, who caught next, fell a victim to a catch by Robb (another substitute) off W. Vaughan's bowling. The next comer was Doyle, who succeeded in adding twenty runs to the grand total. G. H. Wilson's star was not in the ascendant yesterday, as he was unfortunately "run out" before he could be heard from.

he was unfortunately "run out" before he could be heard from.

H. Lawrie, after making four, succumbed to a ball sent down by Fawcuss. W. Evason, the next comer, began to make things lively, and when he was joined by R. W. Taylor the score began to rise rapidly. Evason, who played a very pretty innings, made sixteen before he was dismissed by a catch off McPherson's bowling, while Taylor achieved twenty and a "not out." The other wickets were not conductive to subother wickets were not conducive to sub-stantial results. With seven extras the fall of the last wicket showed seventy-eight

Messrs, McPherson and Hart commenced operations for their side; and at one time it looked as though they had begun to some purpose, as before they were separated the telegraph board showed twenty runs. They were both dismissed in time, however, the former with twelve to his credit and the latter eight. Both batsmen played sound cricket and deserved every run they got. With the exception of Messrs, R. W. Fawcuss and F. A. Kemp none of the remaining batsmen did much, and the fall of the tenth wicket saw Mr. Kemp's side thirty runs to the bad.

The victory gained by Rev, Llwyd's side was a very creditable one, and was the outcome of dogged perseverance and good fielding. Mr. Kemp's seven was the result of about two hits, one of them (a drive to the on) being the best hit of the day. C. S. Bragging on the Blues.

PAWNEE CITY, Nebn Aug. 11.—(Special to The Bee.)—Base ball is still at a fever heat in Pawnee, and some good games have heat in Pawnee, and some good games have been booked for the balance of the season. The Blues propose to play winning ball as long as there is an amateur club in the field to meet them. Connors, Hall and Dunn, formerly with the Cooks, have been signed, and will lockite here permanently. Already arrangements are being quietly made for base ballanest year, and it is probable that a park will be purchased and litted up for the purpose. The Blues, since their organization with Wilson and Fox as battery, have defeated beneca four times, Dubois and Sabetha each once, Beatrice six straight games, Taika Rock three times, Tecumseh twice, Cook vonce and the St. Joe Simpsons twice, They have been defeated by the Troys once and by the Cooks twice, the two latter being while Wilson, their star pitcher, was crippled. TOOK ONE WEEK OF REST

Harness Racars Given a Brief Respite from the Dusty Courses.

BUFFALO HAD THE ONLY BIG MEETING

Several Sensations Afforded by the Grand Circuit Events There-Azoto and Starplex the Newest Fast Performers -Gossip of the Stables.

The harness horses have been resting up furing the last week. About the only racing has been at Buffalo, where the Grand Circuit is holding a two weeks' meeting. It has been too hot to break records, but the horses have been going at a pretty fast clip just the same. The next big meeting will be at Chicago, and will begin on August 18, continuing until August 25. At this meeting \$65,000 in purses will be expended and some of the finest horses on the turf have been entered. At this meeting a new class tered A new class stake will also be opened, that of the 2:08 pace, and 2:11 trot will embrace some of the fastest animals of the eastern circults. There is still some talk about "Omaha's mile track," but up to date it is just talk. However, some of the leading owners of fine trot ters and pacers are doing some quiet figuring on the scheme.

Directum, 2:05%, the king of trotting stalons, was sent to beat his record at Buffalo Messra, McPherson and Hart commenced Wednesday morning. But he was not fit and sould do no better than 2:09%. Directum is handsome big fellow, and is an enlarged model of the little pacing beauty, Direct. Hickok sent the stallion for the first mile vesterday before Starter Walker was aware f the fact that he was ready to go, and before an announcement had been made to the stand. The time on this mile was not taken, as the judges were also ignorant of the start. After the announcement had been properly made the king and his driver were loudly cheered as they passed the stand ac-companied by a runner hitched to an old-time sulky. The track was not as fast as it might have been, as the drizzle had made the footing on the surface just a trifle uncertain. The first quarter was covered in 32% seconds, the half was reached in 1:06%, the three-quarters in 1:36% and the wire was passed in 2:09%. The third quarter was the fastest, 30 seconds.

It took nine heats to decide the 2:14 pace at Buffalo on Friday and Johe carried off first money by winning the fifth, eighth and ninth heats. The time ranged between 2:1114 and 2:2014, and was a horse race from the first to the last heat. Allie T took two heats, but she became winded and could not push her pretty nose to the front for the winning

There will be some good racing at Rochester next week and the big strings of horses that have been at Buffalo for the past two weeks will start in most of the events. Some good stakes are up for the winners, and as Rochester is one of the best "hoss" towns in the far east it goes without saying that the meeting will be a success.

Azote, a horse which was practically un heard of until this season, has been one of the greatest money earners on the Grand Circuit this season. When he started out for the campaign he had not much of a record and has been able to get into some good things, and win without any trouble. Azote was once a plow horse at Vina Ranche. This is an all-wool statement and Hickok It is singular that the two best horses the Talleyrand of the turf ever pulled rein over were doing farm work when their merits were discovered. St. Julien hauled a milk wagon, and the Whips gelding plodded through the furrows.

"Sweet Little Alix" is again in racing form and at Buffalo during the past week she landed the big end of a handsome purse in the free-for-all trot. She had to hit the turf in 2:08% in the second heat to beat Pimilico, and then she took her time in win ning the next two heats in 2:10 and 2:101/4 laurels in the World's fair free-for-all event This beautiful little animal is winning good money for Jones and Salisbury, and is one of the swiftest ones in the Californian's string. Flying Jib seems to have become mere stable horse to look at since he was a the Omaha June races. The erratic side wheeler has developed a morose and stubborn temper according to the latest reports.

When the bay gelding J M D won the Merchants and Manufacturers' stake at De-troit, some of the turf writers grew enthusiastic over the Baltimore trotter, and seclared that the rumor that he was a son of Favorite Wilkes must be true, as no mongrel ever appeared with such a race-horse conformation as had the initial-named trotter. Since J M D's Buffalo race, howgelding's race horse conformation, for the veriest mongrel could not stop worse than he did when Americus collared him in the third heat of the race. It is possible that vorite Wilkes, but if he is, he is no particular credit to that good son of George Wilkes. There is some very interesting gossip going the rounds regarding the race in which J M D was defeated, and according to which Cobwebs was to have trotted only for second place in the race, allowing J M D to have first place. The part's putting up the job, however, did not ta-Rex Americus into account, as they did not think he had speed enough to break the program. In the third heat, when Geers sent the Village farm colt up to J M D in the stretch so fast that the Baltimore gelding gave it up heart broken, Trimble then had to go on and defeat Americus in order to save first and second money for himself and the Baltimore man who owns J M D. It is the same old story over again—a combination of two broken up by an outsider.

It took four heats to finish the 2:09 Sensa tion pacing purse at Buffalo. Online was expected to be good for this, but he never had a chance for it in any of the heats. Reflector won the first heat in fast time, after which Hal Braden finished in front three times and was pushed in only one, Paul driving him out in 2:081/4 in the third heat. In the second heat the judges blun dered in placing the horses. finished second, half a neck ahead of Online and Starter Walker called him out as sec-ond, where he finished, but the judges persixted in placing Online ahead of him. The mistake was a costly one for the owner of Crawford, for had he been correctly placed he would have secured the fourth money, which Online took under the decision.

Starplex, an almost unheard-of horse, was started in the 2:22 class pace at Buffalo one day last week and he won the race handily and made a new record for himself by traveling the first heat in 2:12%. This has been a great year for new horses and there have been no sure things in any of the racing events on Grand Circuit tracks, and nearly every day favorites have suffered defeats at the hands of "green 'uns." Directly, the little black 2-year-old pacer

that made such a favorable impression among horsemen during the Blue Ribbon races here in June, has beaten the world's record, held by Lena Hill, 2:12%, by going a mile in a race in 2:12 even time. This is the horse which The Bee picked out as one of the record breakers before this season was ended and no one seems to be sorry that the record prost to the rame little high process to the record breakers. goes to the game little black horse which has been reared in the west. His second heat was the same as the time made by Judge

The great two-mile Derby at Buffalo re-sulted in an overwhelming defeat for Green-lander, the horse from whom wonders had been expected all season. The Darlys at Minneapolis and Saginaw had brought out Greenlander in great shape, and Nightingale was considered his only possible rival. A match race was made up for these horses at Buffalo for a stake of \$3,090. The first eat showed that Greenlander was not the lorse he was cracked up to be. Nightingale and he traveled the first mile evenly, but in the second the mars began setting too strong a pace for the horse, and she went under the wire several lengths shead in 1:174. The pace had been a killing one for

hardly hobble off the course. Nightingale then traveled three more heats in order to win the money, in 4:36½, 4:43½ and 5:01½. These two-mile races are becoming a part of the regular circuit programs.

Fantasy lowered her record on Thursday by traveling a mile against time in 2:08%. This beats all previous 4-year-old records except the one made by Directum. Hamlin expects that Fantasy will go faster than this before the snow flies again.

Gold Leaf, 2:16½, sprained a tendon last week at Buffalo while working a slow mile, and has been sent home to Jefferson, O. He had been going very fast in his work and was to have started at Rochester and at Washington Park in the 2:17 classes. He having shown 2:1314, it was expected, and is probable, that he would have been an important factor in both events, as his racing quality is well known.

Tom Williams has returned to 'Frisco from Japan. He is coming east shortly to complete arrangements in regard to racing in California. He is assured that twice as many horses will go west in 1894 as in 1893. Among those expected that were not out last year are the Dwyers, Richard Croker and Marcus

ENDED IN A SQUABBLE.

Class B Men and Managers at Minneapolls Have a Falling Out, MINNEAPOLIS, Aug. 11.-The second international bicycle meet, being held in this city under the auspices of the Minneapolis Cycling association, broke up in a largesized squabble between the class B men and the management this afternoon over the attempt of the referee to set a time of 7:15 at first and later at 7:25 on the three-mile race in which B men were about to appear. The B men, it is alleged, had been trying to string the managers of the meet, and their work had not been satisfactory, and it was this which led to the placing of thelimit. They protested, and with some reason, at the action of the referee, but without effect, and they went to the quarters, though they were warned that if they did not return to the track within five minutes they would be ruled out. They did not come back and the affair placing of the limit. They protested, and judges announced the next contest. This was the mile consolation, and the men at first refused to ride unless the class B race should first be run, but most of them finally consented to appear and the event was brought off. This was the last race of the afternoon. The best performance was that of Barney Bird of St. Paul in the mile handicap. Starting at scratch he made the distance in 7:12 1.5 besting the field. the attempt of the referee to set a time

CLOSING DAY AT BUFFALO.

Judges Suspect and Defeat a Possible Job in the 2:21 Trotting Race. BUFFALO, Aug. 11.—There is always a

suspicion that a postponed race may be "fixed" over night, and the judges today perhaps thought there were grounds for suspecting Sallie Simmons was not being driven to win when the mare failed to capture the fourth heat of the unfinished 2:21 trot, which was first on the card this afternoon. Geers was put to drive, and the mare went out handily enough and took the decisive heat in 2:14%, reducing her record over four seconds. The other races were quickly decided, Lucille H winning from Daisy Despain after the latter took a fast heat in 2:14%, and the unheaten Patchen leaving his field handily three successive times. John R. Gentry, however, forced him twice to reduce his record, placing it the last time at 2:39%. From here some of the horses go part to Rochester and part to Terre Haute, Results:

2:21 class, trotting, purse \$2,000 (unfinished): Sally Simmons won the first, second and fifth heats and race. Judge Fisher won the third and fourth heats. Lesa Wilkes, Much Ado, Jessle Sheridan, Ike Wilkes, Gabrielle and Royal Wilkeson also started.
