SAVE THE REPUBLICAN PARTY.

In reckless defiance of the unwritten law that excludes from positions of high honor and trust men who have proven recreant to official oaths by committing acts for which they are impeachable, the republican state convention has named Thomas J. Majors as the standard bearer of the party in the impending campaign.

A cardinal principle, dear to every true republican, is the right of every man to cast his ballot for the man of his choice. Had the republican party of Nebraska been allowed to cast an untrammelled, free ballot, Thomas J. Majors, with his blotched record, would not have come within 300 votes of a nomination.

For our part, we believe this is the last straw that broke the camel's back. Eighteen years ago the republicans of this state revolted against the attempt of Jay Gould to force upon them the candidate for United States senator who had done his bidding.

Unless the rape of the republican party is rebuked this year Nebraska will pass into the populist column in the presidential campaign of 1896. As an exponent of true republicanism, the Bee will endeavor to apply the heroic remedy of saving the party by repudiating the disreputable candidate forced upon it against the honest, unthought sentiment of its rank and file.

JUDGE WALTON'S RETIREMENT. The announcement that Judge Walton will soon resign his position on the bench will be received with sincere regret by the people of this district.

OMAHA PEOPLE SHOULD NOT COMPLAIN. The visiting delegates received the bulk of the tickets to the republican state convention. The visitors have a right to expect to be liberally provided for.

THE BOARD OF HEALTH MAY BE IN A MEASURE TO blame for the muddled condition of the garbage question. Some of the responsibility, however, must be placed upon the court which has seen it fit to intervene at every step and to tie the hands of the board that it can do practically nothing.

THE STRIKE INVESTIGATION AT CHICAGO IS developing one fact that was claimed by the employees all along, namely, that most of the wrecks and lawlessness was created by men who had nothing to do with the strikers. The evidence on this point is strong and cumulative.

IF, AS IS ALLEGED by a certain member of the Board of Education, the High school can get along nicely this year with more pupils and with three less teachers than last year, what kind of extravagance was indulged in in the teaching force last year? Does the board not convict itself of employing three more persons for some time past than has been necessary?

OKLAHOMA A DISAPPOINTMENT. Reports from Oklahoma that give every evidence of reliability are to the effect that to the great majority of the people who last year flocked with feverish excitement to the Cherokee strip that land of promise has been a grievous disappointment.

THE COUNTRY IS ALL RIGHT. With the tariff out of the way, a great element of the present depression is removed. The south is in excellent condition. Its future never was so bright as it is now.

GENERAL SPEAKING. "Why is it, George?" "Said blushing Nell." "When people are in love they never tell." "Because," said George, "you cannot doubt it."

INDIANAPOLIS JOURNAL. Said Bill: "These free trade tinkers claim that their tariff bill was framed by all industries would thrive. Well, now that it is through at last, what is there in the bill they've passed to make one trade revive?"

has given place in many sections to a dread of going through another winter with weakened resources. A depopulating exodus has been going on so that the disappearance of the population approximates the suddenness of its appearance a year ago.

THE TICKET. The ticket nominated by the republican state convention will not commend itself, as a whole, to thoughtful, honest and self-respecting republicans. The head of the ticket is a man of mediocre ability, void of character and integrity.

WHERE THE ROBBERY COMES IN. On fifty-one articles the duties in the new tariff bill are laid out in the McKinley tariff. The increases range from a fraction of a cent to ten cents.

SIGNS OF THE REVIVAL. There are already indications that the present depression is being relieved. The financial records which the democrats in the present congress have made will not help them any in this fall.

A QUOTED PROJECT. The scheme to unite a handful of temperance Central Europe into one republic is of course, quite a novel idea. It is a fair specimen of the tariff legislation which congress has accomplished after keeping the country in a state of nearly a year to the detriment of trade and industry.

PROMISE AND PERFORMANCE. The financial records which the democrats in the present congress have made will not help them any in this fall. The republicans, contrary to the democratic promises of 1892 with the performances of 1893, will have no difficulty in convincing the voters that nothing is more certain than that democracy, economy, and that the government is mismanaged and wastefully only when in the hands of republicans.

revere for the sex in whose supposed honor and interest the appeal which we have refused to make. The mere people reflect upon the question of woman suffrage the more they are convinced that it is an issue which should be decided by the people, and that they must decide in accordance with the demands of modern civilization, which can be progressed and carried further when equal of the sexes perform well all the duties devolving upon them.

THE ORIENTAL SCRAPPLERS. Chicago Post: China is eager for another battle, and there is reason to believe that she will find Japan as accommodating as heretofore.

would vote mechanically and perfunctorily, if not with disgust and impatience, with the reluctance with which men perform forced tasks.

THE KATELESCOPIC CONGRESSMAN. Minnesota Journal. Congressman of Nebraska has gone over to the populists, bag and baggage, and he is trying to capture the democratic state convention next month and get an endorsement for the United States senate.

HEAVY TREASURY RECEIPTS

Payments on Whiskey Phenomenally Heavy for the Past Ten Days.

WASHINGTON BUREAU OF THE BEE, 107 F Street, N. W. WASHINGTON, D. C., AUG. 22. Receipts from internal revenue sources continue to be abnormally large, with every prospect of continuing so until the new tariff bill goes into effect.

ONLY THREE IMPORTANT ERRORS. Engraving Clerks of the Senate Say the Reports Have Been Engravered. WASHINGTON, Aug. 22.—The executive and engraving clerks of the senate have been comparing the statement of errors in the new tariff bill made in various papers today and say there are only three errors that need give officers of the treasury any concern.

TELEGRAPHING FOR ABSENTEES. Democrats Making an Effort to Secure a Quorum in the Senate. WASHINGTON, Aug. 22.—Before the telegraphing for absentees today, the democratic leaders made an special appeal to the republicans to permit the bill to correct the errors with reference to alcohol in the arts to go through without a quorum.

ABSENT SENATORS SENT FOR. Lack of Sufficient Numbers to Transact Business Rendered This Necessary. WASHINGTON, Aug. 22.—There were just twenty-one senators present today when the senate was called to order. The majority bill was received from the house immediately after the chaplain's invocation and having been signed by the speaker the vice president immediately attached his signature.

PREPARING FOR THE NEW TARIFF LAW. WASHINGTON, Aug. 22.—Preparations for carrying into effect the new tariff bill are going forward at the Treasury department with all possible speed. Secretary Carlisle has already prepared a bill and blank forms for custom house brokers, provided for in the bill, and it is now in the hands of the printers. Several clerks are hard at work preparing an index for the new bill, new tariff volume, which, for the convenience of customs officials, will contain both the new law and the McKinley act of 1890.

WHOM WILL SEE CLEVELAND TOMORROW. WASHINGTON, Aug. 22.—Chairman Wilson has gone to West Virginia, but will be back tomorrow, at which time it is expected he will see President Cleveland. Some information may be given when congress may wind up its business. The house was not in session today and very few members were in an appearance. Speaker Crisp was said to have an intention as to the disposition of the tariff bill or the probability of adjournment.

CONFERRING... ADJOURNMENT. WASHINGTON, Aug. 22.—Senator Gorman and Speaker Crisp had a long conference today, and the matter of early adjournment was discussed. It was believed by the democratic leaders that a business quorum cannot be obtained in either house and that it would be well to have an early adjournment, and that it should come as soon as the tariff bill is finally settled.

DO YOU KNOW. That the agency hats such as Dunlap's, Knox's, Youman's, Miller's, etc., are not made by these men themselves, but by hat makers who fill orders as the wholesaler dictates? Take the Miller hat, for instance—not made by Miller, but for Miller—by John B. Stetson. Now knowing that Stetson was about to make a "Special" hat of his own, we rightly concluded he'd make a better hat for himself than for anyone else—so we took the sole agency for Omaha for "Stetson's Special"—the finest hat for fabric, finish and fashion the world has ever produced—not the extreme dudelike shapes of the agency hats—but a modest, elegant hat, and, without exception, the best hat ever made.
