Bears Were Out in Yesterday's Battle in the Grain Market.
HEAVY RECEIPTS WEAKENED WHEAT
That Cereal Opened Weak and Continued So During the Entire Afternoon—Foreign Markets Were Quoted Lower and Was an Important Factor.

CHICAGO, Aug. 28.—The bears were out in today's battle in the grain markets. Lower markets abroad and heavy receipts weakened wheat, and December closed 1/2 cent lower. Most other close lower and September also 1/2 cent lower. Provisions finished high all around. The wheat market opened weak and continued so during the entire forenoon. The depression was caused chiefly by the heavy receipts at Duluth, Minneapolis reported 301 cars and Duluth 632 cars. The Chicago inspecions showed 64 cars over, against 250 estimated. In addition to the heavy receipts the foreign markets were quoted lower. Liverpool was given at from 1/4 to 3/4 lower. The shipments from the principal exporting countries of the world last week were reported at 3,816,000 bu., and the total put afloat for the import aggregates 7,500,000 bu. The total receipts at western primary markets for the day were again more than 1,000,000 bu. The only matter of a bullish character in the forenoon's news was a liberal clearance for twenty-four hours from Atlantic ports, and in this respect the amount amounted to 567,000 bu. There was a steady sagging of the price here from 5/8 cent to 12 cent at the opening to 5/16 cent about 12 o'clock. The price then rose to 7/16 cent, end of the session, and December finished at 56 3/4 to 57 1/2.

Corn was rather easier, principally due to the importations of some heavy lots of operators who, in the absence of outside support, thought they could make their bearish views prevail. They succeeded to only a moderate extent. The report from the fourth districts was as bad as ever. The day's receipts were 542 cars. May was irregular at the start at from 82 1/2 to 83 1/2, but very little light or sold at the extreme. The general trading was from 82 1/2 to 82 3/4. It sold at 82 1/2 later, recovered to 82 3/4 and closed off at 82 1/2.

Trade in oats was limited and confined almost entirely to local dealers. September opened at 27 1/2, sold at 28 1/2 and soon was selling at 28 1/2, closed at 29 1/2. Provisions were strong. September and October were good buyers, and a good many moderate sized orders for January were taken from the country. January closed 67 1/2 higher than yesterday. Ribs gained 1/2 for September and 1/4 for October. Freight to Buffalo was 1 1/2 for wheat and 1 1/4 for oats.
