GRAND ARMY REUNION ENDED

MAJORS MAKES AN APPEAL FOR HELP

Advises the Veterans to Ask No Question and Vote for the Man Who Heen Selected to Lead Them.

GRAND ISLAND, Aug. 31.-(Special to The Bee.)—The Grand Army of the Republic, Allen is to make an address, and other Department of Nebraska, has again experienced one of those reunions which give it renewed strength, binds its membership in closer ties and results in the general good of that organization. Though curtailed in some respects this year, the general arrangements have been more satisfactory, the management, under the immediate supervision of Commandant Howe and Adjutant Trimble, has been pleasanter to the veteran and the social features of the great gathering have been more prominently brought forth than at any of the more recent gatherings. The department has gained 200 members since February and there is a general spirit of prosperity and good will in the

Today witnessed the last of the reunion This morning there was a general rest from the absorbing program of yesterday. Pem-berton's drum corps entertained a crowd at the main grand stand and various organiza-

tions were together. The Ohio headquarters are continuing their love feasts. Kyner of Omaha being one of the principal fun makers.

the principal fun makers.

The prisoners of the war have organized by electing Past Commander Alonzo Church of North Platte president and W. W. Kendall secretary. Fifty of them were present. Church Howe is "Church" to the boys and not "Commander Howe." Yesterday he made seventeen responses to calls by state organizations and nearly every soldier in the camp has had an individual word with their popular commander.

The Sons of Veterans had a camp fire, at which Prof. Saylor of Lincoln and others

MAJORS' CRY FOR HELP. Tonight a Majors camp fire was held. Ex-Governor Thayer presided and Hon. John M. Thurston was first introduced. His address was short and had reference mainly to idle workshops and consequent stoppage of circulation of money, claim-ing that this is the real evil and not an insufficiency of money. Majors was next introduced and was met with comparatively little enthusiasm. The burden of his remarks was that comrades should support him in the coming campaign, his advice being to follow the standard bearer who had been chosen for them. There was evidence been chosen for them. There was evidence that there was quite a sprinkling of populists in the audience, which had dwindled down to less than 3,000 in the camp and less than 1,000 at camp fire, for when Church Howe sailed rough shod into McKeighan on the latter's pension remarks, suggesting insincerity of the latter, there were several negative re-marks from some in the audience, but they stood no show and were told to sit down Howe dissected the present administration in its position on pensions, and, though his address was radical, he received greater ap-plause than did Majors.

HOWARD COUNTY RELIEF.

Citizens Taking Steps to Prevent Suffering During the Coming Winter.

ST. PAUL, Neb., Aug. 31.-(Special to The Bee.)-Pursuant to call of the county commissioners a mass meeting of the citizens of Howard county was held in the court house Wednesday afternoon, for the purpose of forming some plan to assist the many who will need help for the coming year. It was the largest gathering ever assembled in the court house. After considerable dis-cussion a committee of thirteen—one from each precinct—was selected to formulate some plan for relief and report to the meeting in half an hour. The committee in due time presented the following report: "Your committee would submit the follow-

most important need will be fuel, the second flour. We would respectfully suggest that the commissioners be requested to determine as nearly as possible the amount required and purchase the same by auditing accounts on the general fund, and then sell the same to those requiring them at actual cost and upon such terms as the commissioners may deem expedient. Your committee requests that this or some other committee that may

be appointed be granted time to investi-gate as to the quantities of grain required for seed and feed, and to formulate some plan for procuring the same."

The report of the committee was accepted and the committee continued for sixty days, and in that time to submit its report to the county commissioners. There will be a great deal of grain needed in this county for feed and seed before another crop can be raised and there are conflicting opinions as to the best plans to follow to prevent the people from leaving and avoid suffering.

DUNN AFRAID OF LYNCHERS.

Taylor's Murderer in Jail at Blair and is Much Frightened.

BLAIR, Neb., Aug. 31 .- (Special Telegram to The Bee.)-Sheriff Mencke returned from Hastings with Murderer Cyrus Dunn this evening and took him direct to the county jail. Dunn is very much afraid that he will be mobbed. About 200 people, anxious to mee if they ever saw the prisoner before, were at the depot upon his arrival, which probably had the effect of scaring him. When he stepped on to the platform he shook badly and was very pale. He will not talk much. He claims that Taylor had a razor, but as there was only one besides himself that saw the blow struck it will be hard for Dunn to prove it, as the other party has already tesprove it, as the other party has already tes-tified before the grand jury and says that Dunn slipped up behind Taylor and struck

There is nothing in the assertions that citizens of Desoto township will undertake to or-ganize a mob. But should they come they will meet a warm reception, as the sheriff is prepared. As to Dunn's character, he is an ex-convict and has lived in this county only a short time, and Taylor is the third man he has clubbed since he came here. His good character was blasted long ago. Charles Demott, an ex-convict who lives neighbor to him and advised him to skip, was in town and was rather noisy on the subject and was run in. His object seems to have been to get into the jail to give Dunn some pointers, and he kicked hard when he was put in the calaboose instead. will meet a warm reception, as the sheriff is

The outlook for those students who have been accustomed to make their expenses during the academic year at the university is rather gloomy at the present time, but

to the ingenious student there always seems

to be an opening. Two enterprising young fellows have organized a students' room rental agency, with hendquarters at the university building, and are now busying themselves with sending out their cards to

former students and obtaining a list of rooms from those who are willing to pay a small

per cent to obtain suitable roomers. The boys are jubliant over their scheme, and while they are doing it solely for their own

About 5 c'clock last evening the little 5-year-old child of William Bray, living at 1033 North Tenth street, was kicked in the face by a horse and quite painfully injured.

A few weeks ago Mr. Metz was notified that there was about \$16 of back taxes for the year 1869 still charged against a piece of his property. He purchased the property in 1878, and has regularly paid the taxes, knowing nothing about the 1869 tax. COVERED HEAD & NECK

Eczema of Worst Type. School and Society Abandoned. Felt Death Would be Relief. Cuticura Soon Put An End to all Sufferings.

Ever since I was three years old I have-been troubled with Eczema of the worst type. It at times completely covered my head and neck. I have tried all sorts of medicines, and have been doctored by many very eminent physicians, but with no favorable result. Sometimes my head was one mass of thick scab that would run and bleed, and in summer would be so much worse; my ears looked as though they would fall off. I could not go to school or mingle with society, as the disease smelt so bad. I felt at times that death would be a relief, suffering and itching until I hardly knew what to do. I got your CUTICURA RESERVED SING DESCRIPTIONS, and can now say that they soon put an end to all my suffering. Words can never tell my thanks to you and your valuable medicine, and I shall always recommend them to whoever I see suffering from the terrible disease. I had spent money and tried the best of doctors with but little relief.

I have suffered from a severe attack of what is called Frurigo. The disease produced an intense burning and itching sensation that kept me in constant agony all the while, so that I got but little rest day or night. CUTICUTA cured me entirely in a few weeks. I cheerfully recommend it for like troubles.
