NEWS FROM COUNCIL BLUFFS

Prospects for an Electric Line to Manawa Are Growing Brighter. SUPERVISORS LOOK OVER THE ROUTE. Promoters Present Their Case Intelligently and Back It Up with Conviction. Farmers All the Way to Glenwood Save One.

An electric railway will be built to Lake Manawa before November. It will be equipped and ready to carry the crowds before the first day of next June.

This is the assurance given the city council and the members of the Board of County Supervisors by E. H. Odell and other promoters of the enterprise, accompanied by the civil engineer of the new company, who appeared before the board yesterday morning in company with the members of the county board for the purpose of coming to a clearer understanding of the petition before the board asking for the right of way over the county road, the principal thoroughfare leading to the lake.

The petition of the new company asks for the use of sixteen feet on the east side of the roadway, along which to construct its tracks. The city has given the right of way in the city limits, which reaches a point just three-quarters of a mile from the northern limits of the town of Manawa, which has granted a similar right of way.

Both municipal corporations have given the right of way along the east side of the road, and if the county commission should grant the petition from the new company will be compelled to cross the highway at the city limits and run down on private lands to the Manawa limits, and then cross back on the city property of the right of way granted there.

The county road is sixty-six feet wide, with twenty-five feet of its center graded up to the level of the city street. The road is now under construction and will be completed in about six weeks. The city is interested in the new enterprise because it will give a new outlet for the surplus produce of the county, and will also give a new outlet for the surplus produce of the city.

Close to the post house and if the petition was granted it would rob that expensive and ornamental mansion of the privacy that has made it a safe and picturesque residence for its owner. The petition for the building is a permanent brick and stone structure. It cannot be moved, and the council will very likely be compelled to reluctantly agree to grant the prayer of the petitioners.

RAILWAY STRIKERS TESTIFY

Railway Company Induces Some of Their Ex-Employees to Testify. SOME OF THEM TELL WHY THEY STRUCK. One Fireman on the St. Paul Road Declares He Left His Work Because of Intimidation - Another of Debs' Telegrams.

CHICAGO, Sept. 7.—The examination of railway strikers was begun today in the trial of the American Railway union officials, Switchman Krueger of the Chicago, Milwaukee & St. Paul testified that Conductor McAuliffe, head of the Milwaukee American Railway union, had come to him with a request from Debs that all the Milwaukee men strike.

McAuliffe said that Debs was urged to go out. I replied that if we could be assured that our places would be secure if the strike were lost that the men would strike. "Not many of them went out, however."

A fireman on the St. Paul road testified that he had left his place because of intimidation, and the engineer on the same line said he was told that if he did not leave his engine he would never get out of Chicago alive.

William L. Henry of Kankakee, a switchman in the employ of the Illinois, Indianapolis & Iowa, was the next witness, and one of the most important witnesses in the case. He testified that he had been personally received a telegram ordering him to call out the men. Mr. Irwin objected to the testimony because it was hearsay, but the court decided to admit the evidence as possibly throwing light on the testimony of the respondents.
