

AT THE STATE FAIR GROUNDS

All Departments Crowded in a Manner Not Experienced in Years.

DEMAND FOR MORE ROOM THAN EXISTS

Exhibitors from Points Beyond the Limits of the State Lead Interest to the Occasion—Something of the Daily Program.

LINCOLN, Sept. 10.—(Special to The Bee.)—When the tired clerks in the office of the secretary of the state fair laid down their pens at 11 o'clock Saturday night they still had 15,000 entries to be taken care of and this, in spite of the fact that since the rush began the office force has been doubled. All day Sunday they were at work, and it was noon today before they could see any hope of getting their work cleared up. The quantity of exhibits which has come from all portions of the state and from the surrounding states is simply enormous, and the great difficulty now is to find a place to put it all. Every department, with the exception of that of live stock, is overflowing and exhibitors who in former years found no difficulty in getting comfortable locations in any of the buildings, are this year compelled to put up with the accommodations of the tents.

At the grounds yesterday the scene was an animated and interesting one. Just inside the gates, where the speed horses are stalled, the grooms and jockeys were putting the finishing touches to their favorites or lying about in the sun, idly gossiping with each other on the events of the coming week. A little further on the secretary's office was found, besieged with a motley crowd of exhibitors, privilege men, horsemen and game hunters, all asking attention at the same time. From the building to the right came the deafening chorus of the poultry exhibit, which includes the largest collection of fancy fowl ever got together in Nebraska. Herebefore the space in this building has been more than sufficient, but this year the crates are piled up almost to the ceiling, and over nearly all of the floor space. A little further on could be heard the neighing of the horses in the paddock, where a magnificent showing of Percherons and Clydesdales was taking its daily exercise. Away over to the right was another chorus, still more discordant, with the Poland Chinas and the Berkshire as the performers, and if they do not succeed in drawing all other sounds on the grounds it is not for the lack of an effort.

IN THE MACHINE DEPARTMENT. Then there are the traction engines and the stationary engines, with all varieties of farm machinery to add to the din, to say nothing of the hucksters and the side-show men, with their stentorian voices. From all this is something of a relief after a while to step into one of the buildings where it is comparatively quiet. The agricultural building, until today, has been in a somewhat chaotic state, but full of promise of a glorious future.

large stock of general merchandise from Wood river to Emerson. The populace will have a grand rally at this place September 21. Senator Allen and Judge Holcomb are expected to be present. Rev. Mr. Miller, late of Miles City, Mont., has accepted a call as pastor of the Presbyterian church here, and preached his first sermon yesterday morning. W. R. Nichols of Beaver Crossing, this state, has rented a store building here and will put in a stock of drugs.

IN A RECEIVER'S HANDS.

CITIZENS' BANK OF PLATTSMOUTH FORCED TO CLOSE ITS DOORS.

PLATTSMOUTH, Neb., Sept. 10.—(Special Telegram to The Bee.)—The following notice was posted on the doors of the Citizens bank of this city this morning: I have been appointed as receiver for this bank and am in charge. No apparent danger to depositors. Am making inventory and when completed will publish statement of its general condition. All payments to creditors will be made upon order of the court, as assets are collected.

CHARLES C. PARMER, Receiver. Early this morning the stockholders of the bank went before Judge Chapman and asked that the bank be closed and that Mr. Charles C. Parme be appointed receiver. The judge issued the order as asked for. The cause of the failure is supposed to be inability to realize on securities. The stockholders are mostly wealthy men. W. H. Cushing, a brother of R. C. Cushing, ex-mayor of Omaha, was president of the bank. A statement of the condition of the bank was furnished by its president. It is as follows: Liabilities—Certificates of deposit, \$52,558.63; subject to check, \$14,551.22; bills payable, \$25,000; total, \$92,110.85. Assets—Loans and discounts, \$131,113.50; overdrafts, \$6,633.87; real estate, furniture and fixtures and cash, \$4,094.11; total, \$141,841.38.

THE BOYS' and CHILDREN'S CLOTHING

Yes, it will be a picnic for the boys, and a bonanza for their parents, to know that the new Fall Suit that has been promised can be had for very little money. The beautiful goods will be here tomorrow at M. H. Cook & Co.'s—AND SO CHEAP.

\$17,000 Boys' and Children's Clothing for \$11,000.

It was a big purchase, but if our eastern buyer had not been the lookout and seized the opportunity in the nick of time, our Omaha friends would not have the chance we now offer. Hirsh, Elson & Co., the best known Chicago manufacturers of fine Boys' and Children's Clothing, was heavily overstocked, and the NEW TARIFF LAW on wool coming into force January 1, 1895, saw them in a dilemma and heavy losses staring the firm in the face. So our buyer, after considerable trouble, bought \$17,000 Boys' and Children's Fine Clothing for \$11,000. Just think of it! Read the prices and see if you ever saw the like. Come see the goods and we promise you will make your son the present of a Fall Suit on once.

Children's Knee Pants in Any Shade at Almost Your Own Price.

\$5.00 For a sack suit, single or double breasted, six shades and all sizes, none better for fifteen.

\$8.00 Eight dollars for clay worsted cutaway suit. Regent cut, the dressy thing. These are special bargains.

Men's Pants. \$1.75 We will be able to outdo all competition when it comes to pants—casimeres, worsted—all kinds and shades to fit every sized man, no matter how long, how broad or how short. \$2.00 \$2.50 \$3.00

THINK THEIR FUNDS UNSAFE

Depositors of the Defunct Nebraska Savings Bank Getting Uneasy.

NO DIVIDEND IN FIFTEEN MONTHS

Since the Receiver of the Institution Has Become Chairman of the Republican State Central Committee Interested Parties Are Complaining.

LINCOLN, Sept. 10.—(Special to The Bee.)—The depositors who have their money in the defunct Nebraska Savings Bank are feeling not a little anxious over the failure of receiving at least a small per cent of their savings. The bank closed its doors a year ago last July, and although fifteen months have elapsed, no dividend has as yet been declared. The committee which was appointed and empowered to take any steps to hasten a settlement has not succeeded in obtaining anything of a substantial nature for the depositors. A letter signed by J. H. Oetzel, chairman of the committee, E. Siler, J. W. Francis, L. H. Morgan and T. S. Allen, has been sent abroad to depositors, outlining the work that has been accomplished during its existence. The members of the committee ask the cooperation of the depositors in securing legal talent and hiring an expert accountant. This will require ready cash, and each one is requested to pay a small per cent of the sum he has on deposit. Since the receiver of the bank has accepted the position of chairman of the republican state committee the depositors are getting more and more anxious, as they think that the receiver's time to look after their interests.

INDICATIONS FOR A MONSTER PARADE TOMORROW EVENING ARE BECOMING MORE PROPORTIONATE EVERY HOUR, THE OCCASION BEING A GRAND REPUBLICAN RATIFICATION. The procession will form at 7 o'clock at Ninth and E streets, where every one expecting to take part is requested to be present and his place in the line assigned.

THE COMMITTEE MADE ARRANGEMENTS FOR THE PARADE TOMORROW NIGHT COMPLETED ITS WORK THIS EVENING. Communications in answer to correspondence indicate that the parade will be the largest ever held in this city. In the line of march there will be fifty-eight marching columns and twenty-four bands. In advance of the parade will be the speakers of the day, the state officers and the various county and central committees.

ST. PAUL RESIDENCE BURNED. ST. PAUL, Neb., Sept. 10.—(Special to The Bee.)—The dwelling house of Sherman Cornett, in the southern part of town, was burned this morning. Loss \$500, fully insured.

TEMPERANCE UNION MEETINGS. The Omaha Woman's Christian Temperance union will hold a meeting at 3 o'clock this afternoon in the Commercial club rooms. Everybody is invited. The district woman's Christian Temperance union convention will be held Wednesday and Thursday at Craig, this being the local meeting one day earlier than usual.

STANFORD DEBTS ALL PAID

Everything Cleared Up but the Suit of the Government.

OLNEY'S SUIT TIENG UP MILLIONS

University at Palo Alto Will Be Three Times as Rich as Harvard as Soon as This Big Claim is Settled.

SAN FRANCISCO, Sept. 10.—The Examiner says: Mrs. Stanford has paid off the last of the debts due from the Stanford estate and has thus early got her great properties in almost perfect order. She is most anxious for a distribution of the estate, so that she may secure personal control of the millions of which she is now executrix. As soon as the distribution is ordered she will begin operations in a new field. Then, under her personal supervision, the erection of \$500,000 worth of new buildings and the early expansion of the university to three times its present magnitude will be begun.

IT IS STATED THAT THE DEBT SIDE OF THE LEDGER HAS BEEN CLEARED, THE CREDIT SIDE HAS BEEN ATTENDED TO AND THE HYPOTHECATED SECURITIES HAVE BEEN RELEASED. The three great estates, the Palo Alto, Grindley and Vina ranches, 8,000, 1,700 and 6,000 acres respectively, on which Senator Stanford lavished expense and experiments, have been put on a strictly business basis. Mrs. Stanford has now leased all of these properties in parcels, with the exception of the vineyard and stock farms, and the land necessary for their maintenance and the brandy at Vina, of which Senator Stanford never sold a gallon, is still going to Europe and elsewhere in immense quantities.

THE ESTATE IS NEARLY READY FOR DISTRIBUTION, EXCEPT FOR THREE CLAIMS THAT ARE PENDING. One is a suit for \$75,000 involving a horse, which is pending against and another is a suit for \$7,000, brought recently by a Palo Alto bookseller, who asserts some sort of a contract about supplying books to the university. The other claim is the \$100,000 claim against the Stanford estate which Attorney General Olney has presented on behalf of the government on Mrs. Stanford as executrix.

THIS IS AN ANNOYANCE TO Mrs. Stanford, because so long as it is unsettled it will prevent her from spending a dollar of the estate in behalf of the university. This claim the executrix has repudiated. The estate will be tied up as long as the claim is pending. The Stanford attorneys are doing what they can to expedite a settlement. They are urging Attorney General Olney to begin and push his suit, and have said that they would waive all objections based on technicalities which might otherwise delay a trial of the issue on its merits for years and until the claim is fully paid.

BUT A SMALL PORTION OF THE ALLEGED INDEBTEDNESS WILL FALL DUE IN JANUARY, 1895, WHEN THE FIRST OF THE MORTGAGE BONDS ARE PAYABLE. The rest fall due in several successive years thereafter. It has been a question with Mr. Olney as to his power to bring suit before the estate is in the hands of the university. The Stanford attorneys are doing what they can to expedite a settlement. They are urging Attorney General Olney to begin and push his suit, and have said that they would waive all objections based on technicalities which might otherwise delay a trial of the issue on its merits for years and until the claim is fully paid.

AS SOON AS DISTRIBUTION IS EFFECTED THE Stanford university will at once have added to its available fund the interest on \$17,000,000. It will from that time have practically the income of the entire Stanford fortune, which in times of ordinary prosperity would exceed, it is stated by good authority, \$1,500,000 a year. Its income will be three times that of Harvard, the richest of American universities, and greater than that of the University of Berlin.
