

CITY COUNCIL PROCEEDINGS

Mayor Appoints a Committee on the Amendment of City Charter.

SEVERAL NAMES ARE OBTAINED

Matter Referred to a Special Committee—Registrars Appointed and Ordered to Report—Ordinance for Bonds for City Electric Light Plant.

With the exception of Mr. Hechel, all of the members of the city council attended the regular meeting last night, where they worked and talked until the clock tolled out the midnight hour.

Mr. Hechel, president of the Milwaukee Railroad company, wrote the mayor under date of September 6, and the latter was referred to the council. He wrote upon the subject of a union depot, saying that if one was to be built it should be open to the use of all of the roads entering Omaha.

TO AMEND THE CHARTER

In order to get the work of preparing proposed amendments to the city charter, Mayor Dennis wrote the following communication to the council:

It has been apparent during the past year that, notwithstanding the fact that the charter revision committee two years ago, there are many serious defects in our city charter.

As soon as the communication was read Mr. Hechel was upon his feet clamoring that the members of the council should be wanted. Some of the men were good enough, but many of them had axes to grind.

Mr. Wheeler said he knew some of the men whom he had named, and knew that they were drunks in the lives. They were on the committee two years ago, and after meeting two or three times, they refused to act.

Mr. Hechel returned without his approval, the resolution ordering cinders laid over the old block pavement on Eighteenth street between St. Mary's avenue and Harney street.

WANT CLEAN MEN FOR OFFICE

Municipal League Preparing to Do Work for Better Government.

SELKS HONEST MEN, NOT PARTISANS

Last Night's Meeting Addressed by Dr. Duryea and Mr. Rosewater—Importance of Purifying City Politics—Machine Must Be Broken.

The Municipal league held an open meeting last night in the Board of Trade rooms. Owing to the fact that a political meeting was also held last evening, the attendance was comparatively small, but as large as expected.

The meeting was presided over by Judge G. W. Doane, president of the league, and addressed by Mr. Rosewater and Dr. Duryea.

Judge Doane opened the meeting by giving a sketch of the objects and methods of the league. He stated that the first and main object was to elect competent men to public offices.

"The manner of the reforms," continued Judge Doane, "must be copied after the methods of politicians. Offices are now sought and obtained by complete and working organizations."

"If good men are nominated by each party, members can vote as they please. But one party nominates a clean man and the others indifferent men, then we must vote for the clean man."

"We do not try to control the election, except in municipal affairs. Outside of that a man can follow his party's candidate. But we ought to have the good of the city in mind."

THE BED ROCK OF IT

Dr. Duryea then spoke substantially as follows:

"The object of the league is great and important. It is to purify our government. Government touches us in our own person, in our property and in our higher interests of the mind and character."

OUT ON THE WARPATH AGAIN

LAWYER FOUND FAULT WITH HIS RULINGS

Troubles Growing Out of the Closing of the Judge's Saloon—Attorney Bowman Pays the Penalty for Not Agreeing with the Court.

Judicially mixed cocktails are a thing of the past at the "Court" saloon, located at the alley corner on Sixteenth between Farnam and Harney streets.

All of the facts concerning the manner in which Scott happened to get into the saloon business were recited at length in the Sunday Bee, as well as were the facts concerning the reason why Horace O. Bancroft relinquished possession.

The hearing of the Bancroft saloon case was on before Judge Scott and Judge Bowman was contending for position that the saloon was closed in an illegal manner.

When Judge Bowman appeared before Scott in the matter of Bancroft's closing of the court, for it was such, was held in Scott's office in the New York Life building.
