H. H. Canady of Rolla, Mo., has been transferred from the Central Missouri conference to the Iowa conference, and is pastor of the Methodist church at the corner of Sixth and Williams streets. He will occupy his pulpit at 11 and 7:30 o'clock Sunday.

The girls of the High school are talking seriously of organizing a military company to rival that of their brothers, which has had no successful a record during the past year or two. Until the captain learns how to get down in front when she gives the order "fire" the noncommissioned officers of the boys' company will probably take command.

The importance of the decision in the Manawa electric motor case, now pending before the board of supervisors, amounts to considerable to the workmen of Council Bluffs, and winter means an outlay of \$16,000 to \$20,000 at a time when work was never needed more. The construction of the buildings at the lake will give employment to carpenters and builders until early spring.

Money to loan on improved farms at low rates. Fire and real estate, Powers for ten. Fire and tornado insurance written. Money loaned for local investors. Lougee & Towle, 225 Pearl street.

NEWS FROM COUNCIL BLUFFS

Right of Way to Manawa Argued Before the Board of Supervisors.

ADVERSE INTERESTS ACTIVELY OPPOSE IT

Attorneys on Both Sides Give the Board Some Valuable Advice as to Its Duty in the Premises—No Decision Reached.

The Board of Supervisors met yesterday morning for the purpose of hearing arguments with reference to allowing the Council Bluffs & Manawa Electric Railway company right of way on which to run its tracks along the three-quarters of a mile that intervenes between the corporate limits of the two towns. The railway company was represented by J. J. Shea and Judge D. G. Gregory of Omaha, the latter gentleman being its general agent. The first thing the company did was to withdraw the proposition made by it a few days ago to run its line to the School for the Deaf. This proposition was introduced in the first place to get around the statutory prohibition of allowing right of way to corporations along highways less than 100 feet in width, unless to run their cars to and from state institutions, not to exceed two miles distant.

Another proposition was then made, by which the company agreed to buy and deed to the county a strip of land thirty-four feet wide and a quarter of a mile long on the east side of the road between the two towns, the width and half a mile north along the west side, immediately below, thus making the road required 100 feet wide, on condition that the county would grant a right of way sixteen feet wide on the east side of the road for the entire distance of the highway.

Emmet Tiley, N. M. Pusey and George A. Holmes were there to protest against the granting of the right of way. Tiley represented Colonel F. C. Reed, proprietor of the line now between the two towns, Pusey represented nine farmers and Holmes appeared for some of the farmers south of the city. The protest was on the ground that the county board had no right to grant a franchise, for the statute gave the company the right to lay its tracks on any highway 100 feet wide without any permission from the supervisor.

In the afternoon the board met to hear the arguments of the attorneys on both sides. Emmet Tiley opened the ball with a somewhat lengthy speech, in which he told the history of the railway company now operating between Council Bluffs and Manawa, and the various difficulties that had resulted in the destruction of the valuable property of Colonel F. C. Reed, who had gone into the business at a time when Manawa had an existence as a pleasure resort only in name. He claimed that the new company could not need the thirty-four-foot strip of the county, because the present owner of the highway would probably take damage.

On acknowledging the receipt of the policy and remitting his premium, it is only a matter of time before he is dead. Mr. Welty claims that there used to be a gang of lawless negroes who have been a terror to the white and colored citizens of the region for some time. They were captured at Pine Bluff this afternoon and taken back to McGehee. Excitement is running high and a lynching is expected.

To paint the pity or gold refined gold would not be more superfluous than to attempt an improvement on Dr. Price's Cream Baking Powder. Each in its way is perfect.

Merchant Merchants and Robbers.

MEMPHIS, Sept. 21.—P. C. Patterson, a prominent member of McGhee, Ark., was murdered and his store looted by robbers. The bandits are a gang of lawless negroes who have been a terror to the white and colored citizens of the region for some time. They were captured at Pine Bluff this afternoon and taken back to McGehee. Excitement is running high and a lynching is expected.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it settled the matter and cured him completely. I have had many cases of the same disease, having a son suffering from it, and I have recommended this remedy to all persons suffering from a like complaint. It will answer any inquiries regarding it when stamp is enclosed. I refer to any county official as to my reliability. Wm. Roach, J. P. Primrose, Campbell Co., Tenn. For sale by druggists.

Sovereign Grand Lodge of Odd Fellows.

CHATTANOOGA, Tenn., Sept. 21.—At today's meeting of the sovereign grand lodge of Odd Fellows a motion to allow members of subordinate lodges to take the order of patriots militant without being compelled to take the intermediate degrees was for the third time defeated. The question of making the minimum sick benefit \$1 instead of \$2 was tabled.

Order to introduce Chamberlain's Cough Remedy here we sold several dozen bottles, and the result was excellent. We have used it ourselves and think it superior to any other. W. J. Mowrey, Jarvisville, W. Va. For sale by druggists.
