He has some rights, but they are only equal to his opponent.

NEW YORK, Sept. 29.—Bob Fitzsimmons reached Jersey City today from New Or-leans. To an Associated press reporter he

"I have read and heard of everything that Corbett has said since I issued my challenge to him, and this is what I have got to say in brief: It is not that he ought but that he has got to meet me. I will go in to lick him or he will lick me' in short order. If he loses his head as he did with Mitchell in Jacksonville, I'il find it for him in very quick time. While Fitzsimmons was speaking, the Newark contingent offered to put up \$5,000 additional on his chances of beating Corbett, "I shan't take any notice of Steve O'Donnell until he gets a reputation by fighting Joe Choyinski or Peter Maher, or some of the crew like him. O'Donnell never beat me in Australia. I only met him in a prac-

When told Colonel Hopkins and Creedon claimed Fitzsimmons had fouled Creedon with the wrist and backheeling, Fitzsimmons replied: "Colonel Hopkins does not tell the truth. He is a windbag, and, to tell the truth. I think he won money on me. I have a right to hit with any part of my fist, and so long as I follow the rules in this respect no man can say I fight foul."

PERRY, Okl., Sept. 29.-A prize fight be-tween Jim Davis of Chicago and Sam Smith tween Jim Davis of Chicago and Sam Smith of Denver broke up in a row here tonight. The men entered the ring at 11:39. Warren Gill was selected referee. Time was called at 11:45. Davis weighed in at 142 pounds and Smith at 152. In the first round Davis was declared the winner. Smith led off with a heavy left on Davis' heart, and Davis floored Smith by a heavy blow on the jaw. Smith arose quickly, but before he got straight Davis pushed him through the ropes and against the wall. Smith was badly stunned. A regular tumult was the result of this foul, and almost instantly fifty men were in the ring fighting like wild men. The police quelled the riot after much difficulty. The referee decided that the pushing of Smith against the wall was accidental, and Timekeeper Brooks called time. Davis responded, but Smith, who had taken off his gloves, could not get them on in time and was called out. The prize was \$1,000 and gate receipts. After the mill Bill Bebb of Wyoming challenged Davis to a finish fight for \$2,000.

SAN FRANCISCO, Sept. 29.-The first rain of the season in California commenced this morning and there was a steady downpour all day. The rain extended all over northern California and as far south as the Tehachapi mountains. All the crops have been harvested except raisins, some hops and a few late fruits. It is said that if the rain is heavy in the raisin district near Fresno it will damage the crop to the extent of \$100,000. As yet there has been only a slight rain in this district, but more is predicted and the raisin growers are stacking their frays. This alone will entail an expense of \$10,000. Near Sacramento the late hops will probably be damaged. Farmers engaged in raising cereals are all ready for the rain. Probably pasturage for cattle will be spoiled, but it is believed that the rainfall will be heavy enough to bring up the green feed. all day. The rain extended all over north-

VICTIM OF NEW YORK THUGS.

Lexow Committee Witness Whose Throat Was the Appears in Court. NEW YORK, Sept. 29 .- George Appo, the Lexow committee witness, who gave away the doings of the green goods men and was found yesterday afternoon in the North River hotel with his throat cut, was arraigned in the Tombs police court today. The cut in his threat is not a serious one. With Appo was arraigned Michael J. Reardon, who, Appo says, cut him. The final disposition of the case was ordered. Appo was held for examination on a charge of having attempted suicide and Reardon was held for felonious sseault.

In court Appo said that he went down to ne subpoents for the Lexow committee While there I met the proprietor, Bauer," atinued Appo. "Baser's place was the continued Appo. He wanted to open a bottle of wine, but I took whisky. Baser then asked me not to mention his place in any testimony I might give before the Lexow committee. I had two drinks and then became dizzy. The last thing I remember is seeing Reardon standing over me with a knife. I did not cut mys if and made no attempt to stab Reardon. The next thing I remembered was when they had me bound down in the Chambers street hospital. In the court room Appo claimed to Detective Lemon, who is in the employ of the senate committee, that the police, in tak-ing him to the hospital and the Tombs, had handled him in a brutal manner. In con-firmation he showed his left wrist, which had swollen to almost twice its natural size and was so bruised and sore that the hospital physican had thought best to bandage it. Lonon, who had been investigating the case, said emphal cally that Appe had been drugged and assaulted with murderous intent, and that he had the proof of it.

-Ed Pyle Relates a Montana Experience-Des Molnes to Bave a Meeting.

Hedrick, Ia., on October 2, 3, 4 and 5, at which about \$10,000 will be expended in purses. The track at this place is kiteshaped and is reputed to be the fastest in the state. There are three events on each day's program, with 178 entries, and the purses range from \$200 to \$1,200. The enterprising horsemen who have charge of this meeting have made ample arrangements for horsemen and their string of trotters and pacers, and the meeting is bound to be a success. The first day will occur the 2:00 trot for \$500, with twenty entries; 2:30 trot for \$500, twenty-three entries; 2:16 pace for \$600, eleven starters. All horses on which entrance money is sot paid by the first day of this meeting will be promptly suspended. Since Alix has broken the trotting record of 2:0), held by Nancy Hanks for two years, there has been much dispute as to the time made by other horses since record breaking began by harness horses fifty years ago. The Bee has secured the records of all the champion trotters since that time, and presents them for the information and use of Nebraska horsemen. The records are as follows:

The Terre Haute track has lost the trotting record, 2:04, made by Nancy Hanks, but still retains the pacing record, 2:015, made by Robert J. It also holds the record, 2:05, for i-year-old trotters and will probably remain the favorite track among owners of fast harness horses for several years to come.

L. A. Davis, owner of the Des Moines kite track, announces a two weeks' meeting for pacers and trotters, beginning October 2 and ending October 12. The entries closed on September 29, and the purses aggregate \$20,000. Davis held his first meeting in spite of strong malicious opposition, and in the face of other attractions, but was successful and paid his purses in full, so that there is no reasonable doubt of the success of this meeting.

The great trotting stallion race between Directum, Arion and Nelson came off as advertised at Mystic Park, Mass., Thursday, and it proved to be almost a walkaway for Directum, who won the big end of the fif.600 purse in straight heats, making us average time of a trifle over 2:11. This race effectually disposes of the rivals of the winner, and Directum traveled the miles in the following time: 2:12, 2:10, 2:11½. The contest was featureless.

Just before the opening of the race meet-

ing arranged by Charley Williams on the new Galesburg track, a Methodist ministed took it upon himself to severely denounce Williams and other Galesburg citizens for bringing a crowd of immorni people to the town. He also denounced the church twhich Williams belongs for not expelling the great horseman. It is centuries to cents that Williams is a better horsemanthan the aforessid minister is a dispense of true Chilafanity. Pansy McGregor won the \$15,000 Futurity purse hung up at Galesburk for 2-year-old trotters. There was a strong field of starters, and Pansy was overlooked in the betting stalls, but she made herself a record by witning thme race in two straight heats in 2:19%, 2:19%, Thursday was Salisbury's souvenir day Thursday was Salisbury's souvenir day at the Columbus race meeting, and every lady who attended the races was presented with a fine lithographic picture of "Sweet Little Alix," the trotting queen. There was a very large attendance, and Alix, Directly and Flying Jib were sent against their records. The wind was too strong for record breaking, and none of their previous marks were touched, but all made good time. Whitcomb and Greenway and

Rubenstein, the fast 4-year-old pacer, won the last three heats and the race in the free-for-all at Columbus Wednesday. It required seven heats for a decision, and out of five starters only two finished. The fastest time was 2:97% and the slowest 2:13, making an average time for the seven heats of 2:09 1-7. The new rueing sulky built for Alix weighs just twenty-one pounds and is from ten to twelve pounds lighter than any sulky ever yet used on the tracks. It was used for the first time at Columbus, and is con-structed mainly af aluminium.

Robert J again defeated Joe Patchen in match race at Davenport, Ia., on Thursday afternoon. The race was witnessed by 15,000 people. The first two heats were won in 2:005, 2:055, and then by mutual agreement Patchen was drawn from the race and Robert J was sent against time with a running mate. The pacemaker did not work until the three-quarters post was reached, and from there the great gelding traveled under the wire in 0:20%, and finished the mile easily in 2:02%, making it the fastest third heat ever paced on any track.

George Starr's team, Rose Leaf and Sallie Simmons, made a new team record at Columbus on Thursday by traveling the mile in 2:15%. It was in a matched race with Sallsbury's crack team of trotters, Azote and Answer, and up to the three-quarters of the distance it looked as if Sallsbury's team had a cinch on the money. If Answer broke, and before she could cot down to work Starr's team secured such strong lead that they could not be beaten

Manager: Watkins of Sloux City. W. H. Watkins, manager of the Sioux Citys, and an old friend of the sporting editor's, made The Bee a pleasant call last evening. "Watty" has undoubtedly come evening. "Watty" has undoubtedly come again, not only as a first-class manager of a ball team but in general make-up and appearance, looking younger even and more vigorous than, he did six or seven years ago. It is pleasing to note the success he has achieved under trying circumstances the past season. He not only congregated together the suringest team by all odds in the Western league, won the championship in hollow style, and incontrovertibly established the fact that he is one of the most successful, competent and efficient base ball managers in the whole country. Pittsburg would have made a ten strike indeed, had she chgaged Mr. Watkins for next year, and will undoubtedly regret an unimproved opportunity. "Watty," however, will be quite conspicuous next year, and is sure to be found in one of the best base ball cities in the country.

PHILADELPHIA, Sept. 29.-A duller, more miserable day could not have been dished up than the day which greeted the gentlemen of Philadelphia when they went in to bat today in their second international match with Lord Hawke's eleven. It was a bleak day, with chilling blasts sweeping across the field and a drizzling rain falling. Thus far the weather, as well as everything else, has been in favor of the visitors.

The home players went to bat against the bowling of the almost invincible Bathurst, who won last week's match for the English team. It is essentially a bowler's wicket, crumbly and cut up, and should the Philadelphias manage to tie the score made by their opponents-and it will require fine cricket playing to do it-they will be in big Another disadvantage to the local team is the absence of Patterson. The home team will thus have only ten men at the bat, and their chances of winning are extremely small.

The light, penetrating drizzle continued to some down until after 11 o'clock, rendering the crease soft and very much against the batters. Wickets fell with disheartening regularity, and when the hix had gone down the total was only sixty.

The home team showed to rather poor ad-

vantage against the superior skill of the Britons, and the wet condition of the grounds was an additional disadvantage for the local batsmen. The score for Philadelphia's two innings at the close of play was as follows: FIRST INNINGS.

When my little girl was one month old, she had a scab form on her face. It kept spreading until she was completely covered from head to foot. Then she had bolls. She had forty on her head at one time, and more on her body. When six months old she did not weigh seven pounds, a pound and a half less than at birth. Then her skin started to dry up and got so bad she could not shut her eyes to sleep, but lay with them half open. About this time. I started using the CUTICUMA REMIDIES, and in one month she sees completely curred. The doctor and drug bills were over one hundred dellars. The CUTICUMA bill was not more than fee dollars.
