Aged West Point Citizen Reverts the Efforts of a Charivari Party.

TWENTY-THREE OF THE BOYS FINED

If the County Officials Can Find Accommodations for the Crowded All Will Be Sent to Jail for Their Fines

WEST POINT, Neb., Oct. 5.—(Special.)—Forty-three boys, ranging in age from 10 to 20 years, were arrested yesterday at the instance of George Hoyer, an aged and wealthy citizen of West Point, for annoying him by a charivari. The old gentleman returned Monday night, bringing with him a wife. The boys thereupon gave him an old-fashioned reception, but he alleges that considerable valuable property was destroyed. The culprits were arrested before Judge Briggs today and fined \$25 each, or in default, six days in jail. The city officers are in a quandary, the jail accommodations being limited, and the board of forty-three prisoners for six days being a serious item in the expenses of a city already burdened with debt.

The suit was brought by the plaintiff company to recover \$5,000 interest on \$60,000 of school bonds issued by the school board October 7, 1890. The money realized from the sale of the bonds was used in the capital fight in the United States Judge Edgerton's court the decision was in favor of the school board and invalidated the \$60,000 worth of bonds and called into question the validity of other bonds issued by the city of Huron and many other South Dakota cities. ARREST ALLEGED BOODLERS

Supervisors of Woodbury County, Iowa, Charged with Numerous Irregularities.

WILL TRY TO REMOVE THEM FROM OFFICE.

Said to Have Voted Themselves Several Thousand Dollars for Services Never Performed—Whole Matter to Be Investigated.

SIoux CITY, Oct. 5.—(Special Telegram.)—The long talked of prosecution of the members of the Board of Supervisors on criminal charges came to a head yesterday afternoon, when F. M. Ferris, E. C. Peters and N. Desparois, members of the citizens and taxpayers' committee, appeared before Justice Morris and filed an information against Supervisors Huntington, Strange and Epps, accusing them of obtaining money by false pretenses and mismanagement in office. They were all placed under arrest and gave bonds in the sum of \$500 each on ninety-four charges, in which they are accused jointly of stealing sums varying from \$10 to \$300 each and amounting in all to nearly \$60,000 from the county, by allowing themselves fraudulent bills for services.

These are only a portion of the irregularities charged against them. They are accused of stealing thousands of dollars by appropriating money for road work never done and in various other ways mislending the county. These charges will be specified against them later. Warrants will also be sworn out for Joseph J. German and John Mohler, ex-supervisors, and T. F. Bevington, ex-county auditor, accusing them of conspiring to defraud the county out of a large amount.

The developments in the testimony in a bond injunction case brought to restrain the bonding of \$25,000 of county warrants led to the institution of impeachment suits against the members of the board to remove them from office. These suits, because of costly steps on the part of the defense, were continued over the present term of court, and the committee pushing them then resorted to the criminal law to prevent the supervisors from further exercising their authority. The arrests will be followed by filing of petitions in the district court to have the supervisors suspended from office pending investigation of the cases.

EXPANDED METAL STEEL PLASTERING LATH.

Every house that is plastered on wood lath is a fire trap, and consequently a death trap. The Interior Wood work under the drying effects of artificial heat becomes as inflammable as tinder, needing only a spark to flash the fire from cellar to roof with frequent resulting loss of life.

Expanded Metal Steel Lath when covered with its coating of mortar (the best known fire proof material) insures safety and costs but little in excess of wood lath. It prevents cracking and falling of plaster.
