ARE THEY INSULTED?

A Lincoln paper which prides itself on being the organ of the state house hoodlums ventures to make the following declaration in support of the candidacy of Thomas J. Majors:

R. Rosewater, the editor of The Bee, is opposing Thomas J. Majors for governor of Nebraska and advocating the election of populists to state office.

He seeks to gain converts to populism by insinuating...

The members of all Christian churches in Nebraska, particularly the ministers...

Every old soldier in the state...

Every man who fought for his country when the country needed defenders...

What an insult to the intelligence and character of the Nebraska clergy!

It may not be possible to find men of any popular strength having political aspirations who are willing to imperil their future by accepting the leadership of this movement against the regular democratic ticket...

The president of the Chadron Republican club has also concluded that this is a good year to keep out of leadership...

And yet the "literary" man of the republican state central committee sends out the statement that "the slight disaffection that cropped out at first toward the head of the republican ticket seems to have almost entirely disappeared..."

Winner Chronicle: Majors calls it "treating Rosey with silent contempt," when it is really his own record that he is mum about.

Papillon Times: A railroad democrat is no better than a railroad republican, and the decent elements in all parties propose just now to risk Nebraska on the railroad brigade...

Columbus Argus: Thomas Majors, the B. & M. candidate for governor, a few years ago introduced a bill in the legislature to consolidate the claims of soldiers...

Nebraska Pioneer: There is nothing but sentiment in Majors' claims of soldier and farmer. It ought to have no weight with the voter whatever.

POSTAL POPPOURRI

E. T. Hodson of Seluyler is no longer a member of the republican state central committee, and the republicans of Colfax county have been obliged to hunt up a man to take his place...

PEOPLE AND THINGS.

There are a few blowholes in Florida's atmosphere. According to all accounts the hurricane was a great big one.

The Hon. Hoke Smith, cabinet officer and chief of the Georgia Cuckoo, stamped his state for the administration and the democratic vote for away 99 per cent. It is now in order to divert Hoke of his yellow jacket.

In speculating on the outcome of the battle between Bob and Jim, the fact should be remembered that Japan was outclawed by China in popular estimation. The test wrought a revolution in predictions and prophecies.

The Hon. Lemuel Ely Quigg of Quogus has been nominated for congress in the Fourteenth district, New York. He is characterized as the Blaine of that section. His popularity is largely due to the fact that campaign poets cannot successfully trifle with his name.

Perhaps no woman who ever lived was loved with a fiercer affection than the wife of Andrew Jackson. After keeping his dueling pistols oiled and the hair trigger of his temper set all his life on her account, Old Hickory said on his deathbed that he would forgive all his enemies except those who slandered her.

One of the Chinese "Bibles of War," which has been translated into the holy canon says: "Spread in the camp of the enemy voluptuous musical airs, so as to soften his heart." As the Japanese heart has not been softened by the rule of the lobby and an army of American "living pictures" imported, these would strike the Japanese in a tender spot.

The Hon. Taborington Castor has decided to consolidate his nomination to the holy canon of preserving unadorned the immaculate principles of democracy. The hero of a thousand battles, more or less, the veteran who off stood alone and undaunted in the lobby and smote treason to his client, while others cast in plebian mud hastened to cover at the first scent of
