FIRST TRAIN FOR BILLINGS

It Will Be Sent There at the Rate of Thirty-Three Miles an Hour.

BURLINGTON'S NEW NORTHWEST LINE

Regular Passenger Service Will Begin in Ten Days - Route Touches Historie

Indian Battleffelds - Custer Monu-

ment to Be Seen from the Cara.

Final arrangements have been completed for the train service on the Billings extension of the Burlington, as a result of a conference Monday among D. O. Ives, general passenger agent of the Missouri lines of the Burlington. General Passenger Agent John Francis, S. E. Crance, general superintendent of the Missouri lines at St. Joseph, General Superintendent Calvert and G. R. Faucon, superintendent of equipment. The first train for Billings and the northwest will leave Omaha at 5 p. m. on the evening of October 21, arriving at Lincoln at 6:40 p. m., breakfasting at Edgement, S. D., taking dinner at Gillette, supper at Sheridan and arriving at Billings 9:40 p. m. of the following day out from Omaha, making the run of 892 miles in twenty-nine hours and forty minutes, an average speed of thirty-three miles per hour. Through sleeper and chair cars will run from Omaha to Billings, where close connection will be made with the Northern Pacific for Helena and Portland. The train will be perfect in all respects and with its introduction will come a new territory for the wholesalers and jobbers of Omaha, the tariff which the Burlington will shortly issue showing a differential in favor of Omaha as against St. Louis, St. Joseph and Kansas

City, Omaha taking the same rate as St. Paul and Minneapolis, the Chicago rate being the same as the Northern Pacific. The train will arrive in Deadwood the same as now, and sleeping car arrangements will be the same. Eastbound, the trains will leave Billings pretty late at night in order to connect with train No. 2 at Quaha. Con-nections have been arranged for from St. Louis, Kansas City and all points south and

The road which opens up Montana and

Idaho to the business interests of Omaha passes through a wonderfully fertile country, seding only irrigation to make it bud and blossom luxuriantly. It, too, passes through historic ground, Custer's battlefield being only two miles to the south of the Crow agency, and the monument which marks the site of the massacre is only a mile from the line of the Burlington road and in plain view from the car windows. The road skirts the Little Big Horn, where Sitting Bull Chief Gall, with their 6,000 Sloux and Cheyenne warriors, were encamped when Custer and his handful of men of the Seventh cavalry marched down to their death June 25, 1876. There are still to be seen the marks of the Indian camps, topee poles still standing along the banks of the stream where the Indians were camped, but it is a peaceful scene now. Eighteen years are a white man's life would not have been are a white man's life would not have been worth a farthing in that valley. Today there is a good sized settlement of whites about the agency, and while there are picnty of Indians to be seen, they are peaceful Crows, who are as "good Indians" as any live Indians can be. They own their farms, they have wagens and buggles, and, stranger yet, all sorts of farm implements, including reapers, mowers and threshing machines, which they put to use after a fashion. which they put to use after a fashion.

Workmen are busily engaged in laying the track in the Billings yard, the last spike having been driven on the line between the Burlington and the terminus of the Northern

WESTERN ROADS ARE FIRM.

Will Fight Rather Than Abandon the Emigrant Clearing House. CHICAGO, Oct. 9 .- At the meeting of the

Western Passenger association today the business transacted was largely of a routine nature, the principal matter disposed of being the question of the readjustment of North Pacific coast rates in the trunk line territory. Chairman Caldwell was instructed to follow up the matter with a view of securing the adjustment of these rates to the agreed basis between the Western Passenger association lines and the Trunk Line association. This means that the western are not going to take any back water in their fight with the trunk lines over the emigrant traffic. The western lines are more deter-mined than ever today that they will not allow the trunk lines to do away with the emigrant clearing house, and they are bound to maintain it, even at the expense of a big war, although they are anxious that such a contingency may be avoided. There is no money in a fight for anybody and the west. ern thes are as well aware of this as the trunk lines can possibly be. However, they are determined that the emigrant clearing house, which has proven the best solution of what has always bear as a line of the control of the contro what has always been a hard problem western roads, shall not be done away with. All the other business transacted at the meeting was purely of a routine nature. Earnings of the Chicago, Milwaukee & St. Paul road for the first week in October were \$667,201, a decrease of \$164,564 compared with the corresponding week of last year.

S. C. Maithews has been appointed auditor

of the Rock Island road, to succeed the late F. W. Porter.

The grain blockade which threatened Chicago some weeks ago has now been entirely liked and the western roads are once more taking all the freight they can procure. The matter at one time threatened to become so serious that a few of the lines were compelled to command their western agents to relied to command their western agents to take no more grain for immediate shipment. The trouble lay not so much in the lack of ability of the roads to haul the freight as in the fact that shippers had no place to put their grain, and the roads were compelled to

act both as carriers and warehousemen. ENROUTE TO EDGEMONT.

Politicians and Capitalists in the Party-Short Stop in Omaha. Train No. 5 on the Burlington yesterday carried west a distinguished party of gentlemen who are enroute to Edgement, where they will examine the water works plant, look over the town that is rapidly being built there, then continue to Deadwood. Lead, Spearfish, and terminate the junket at Sheridan. Their special car, the "Auck-iand," will be dropped at Alliance during the night, and taken by special engine to Edgement, in which many of the gentlemen of the party have large interests. Tenight a banquet will be given at Edgement in their honor, after their drive along the Edgemont canal. On the termination of the ban-quet their car will be taken to Sheridan by a special engine, where the citizens of Sheri-dan will show the visitors the great re-sources of Wyoming. On their return they

will stop at Hot Spring, and Omaha.

The gentlemen composing the party which is being chaperoned by Francis C. Grabel, who was the prime mover in the building of Edgement, are: Messrs. William Archer, John Dawson, E. W. Klappert, who are prominent contractors and building in New York John Dawson, E. W. deliver a speech on national issues.

Mr. James Lloyd Parson, cashier of the Chemical National bank, stated to a Bee representative that the political sentiment in New York was rapidly drifting to Morton, and he anticipated the defeat of Hill by the largest majority ever given a republican candidate. "There is no denying that Hill has been an autoward of the majority that the largest majority every the majority of the majority and the majority every state." Hill has been an autocrat of the most pro-nounced kind. He has allowed no man to stand in his way. The independent demo-crats were totally ignored in the convention, and the most unblushing trickery was resorted to to maintain the machine. Never has New York been so aroused, and Senator Hill will be turned down in a manner at once positive and complete.

"The money situation is looking better and New York bankers feel much more hopeful than they have for some time over the out-

Hon. Thomas Bradley of Philadelphia and a warm personal friend of Governor Pattison said he made a bet of an overcoat the other day with Hon. William E. Singerly, democratic nominee for governor, that he would be defeated by 109,000 majority. "In fact, the republicans are claiming 150,000 for the whole ticket, but this I regard excessive.'

Simply an Old Story Revamped. NEW YORK, Oct. 9.-A report was circu-

lated on Wall street that the reorganization committee of the Chicago & Northern Pacific railroad had discovered that \$2,500,000 of the company's bonds have disappeared. It is believed this is an old story revamped. The bonds alluded to are those which are in question in the settlement of accounts between the receivers of the Chicago & Northern Pacific company and the receivers of the Northern Pacific railroad. The bonds are held as collateral and both reorganiza-tion committees knew who held them. The litigation in regard to the bonds is still in progress, and to a certain extent is a factor in delaying the reorganization of both roads.

Boycott of the Railroads. CHICAGO, Oct. 9 .- Neill McCall, chairman of the railroad committee of the Travelers' Protective association, has issued a secret circular to the members of his organization urging them to boycott all the rallroads in the Western Passenger association with the exception of the Chicago, Milwaukee & St. Paul and the Wisconsin Central, because of the refusal of the other roads of the association to issue, at the request of the travelers association and for the benefit of traveling men generally, an interchangeable 5,000-mile ticket. The Travelers' Protective association is a powerful organization, having, it is alleged, fully 30,000 members.

New Rates on Canned Goods. SAN FRANCISCO, Oct. 9 .- The Southern Pacific announces a new rate on canned goods shipped to the east. The old rate was 50 cents per 100 pounds on car load ship-ments of 30,000 pounds to New York, which was the only terminal point. The new rate will be 75 cents per 100 pounds on carload shipments of 24,000 pounds to New York and eastern seabcard common points, such as Boston, Baltimore, Philadelphia and Portland, Me. The rate to Chicago and Missouri and Mississippi river common points will be the same.

Grand Trunk Cashler's Defalcations HAMILTON, Ont., Oc. cashier in the Grand Trunk freight office, has suddenly disappeared. Until the auditors working on his books have completed their labors the amount of Filgiano's alleged defalcations can not be stated, but it is understood they will reach nearly \$150,000. Filgiano has been cashier for fifteen years.

LAWYER HELD WITHOUT BAIL Another Arrest for the Assassination of General W. Sayers.

PORTLAND, Ore., Oct. 9.-Another arrest has been made in connection with the assassination of General W. Sayers, whose body was recovered from the Willamette river a few days ago. It was that of X. N. Steves, a well known lawyer, and jointly with "Bunco" Kelly and Bob Gathorne, he is charged with murder. Steves was held without bail. Chief of Police Minto, declined to disclose the nature of the evidence against Steves at the present time, but intimated that he had good reason to held him mated that he had good reason to hold him, During the examination of Kelly, Burns, Mehan and the others now in jail, Mehan and Burns testified that Steves had been at Kelly's sailor boarding house to see him on private business, and that Kelly had also visited Steves at his office. The latter state-ment Kelly did not deny. Later Steves was taken to the central police station, and when questioned by Chief Misto and District Attorney Hume as to what business called him to Kelly's house, and as to why Kelly visited him, the lawyer denied that he and Kelly had ever exchanged visits. Mehan and Burns, though, when they confronted Steves in the chief's office identified him as the man they had seen in Kelly's house. Despite the identification Steves was allowed to depart, but he was constantly shadowed by a detective until his arrest.

JURORS WERE A. P. A'S.

Claim Made in Support of a Motion for a New Trial at Denver. DENVER, Oct. 9 .- In support of a motion

for a new trial of the suit of J. K. Mullen and Charles D. McPhee against the Western Union Beef company, ex-Judge Vincent D. Markhart filed an affidavit made by the plaintiffs, alieging that the jury, which returned a verdict for the defendants, was packed with American Protective association men by Sheriff Burchinell and Matt Adams, clerk of the district court, and would not give a verdict in accordance with the evi-dence for the plaintiffs because they are Catholics. The affidavit, which is very long, repeats the caths known to be taken by members of the American Protective association and declares that they are unfit to serve on juries, especially in cases where Catholics are concerned. The suit of Muller and McPhee was brought to recover \$10,000 damages for cattle, which they alleged ded from diseases contracted from infected cattle which the Western Union Beef company introduced upon the ranges.

July Next-Fifteen Courses.

SAN FRANCISCO, Oct. 9.-The Lick school, established by a bequest of the late James Lick for a combined manual and trades school course of four years, will be opened for classes on July 7, 1895. Many applications for admission have been received already. Most of the professors of the various departments have been selected. Principal George A. Merrill is now in the east, selecting improved machinery and apparatus for the institution. The manual training course, as a whole, must be taken by all There are to be fifteen technical ourses, but after the third year the studen may elect to continue for eighteen months in one of these technical courses. There will be no charge for tuition, but the students must furnish their own books, drawing instru-ments and pay the actual cost of working me-
