Steady Team Work and Kenagy's Great Run Across the Field Wins for the Nebraska Boys Against an Iowa Referee's Decision.

CRETE, Neb., Oct. -19 -(Special Telegram.)-Referee Everest failed to steal victory for the lowa College team, but it was not his fault. He did more for his men than any man in the team. A large crowd had gathered to see the game, and at 3:30 the teams lined up as follows:

Quarter Crary
L half buck Gray and Jones
Right half back Palmer
Full back Sargest dains (Capt.).

Grinnell failed to kick goal. Score: Iowa, 8; Doane, 4.
Doane braced up, and by kicks and holding the line and a long run by Kenagy carrid the ball within two yards of Iowa's goal. Iowa claimed the end of the game wille thirty seconds yet remained. The thirty seconds being allowed, Doane lined up, taking Iowa by surprise, and forced the ball over and kicked goal. Score: Doane, 10; Iowa, 8.

The Iesun work of both cams was steady and strong, making it the closest game ever played in Crete. Umpire, Oury, Nebraska university. Referee, Everest, Grinnell Linesman, Stephens, Crete.

Medinesially morning about 10 octock and store two gold watches, a gold necklace, bracelets and several finger rings stolen. A party of suspicious characters were arrested last night and on the person of one two gold watches were found. The gang was held for identification. Officers believe they have the right people.

A clever arrest was made by the officers last night at the Metropolitan hotel. Recently several business houses have been robbed in Creston and surrounding towns and last night the officers bagged the leader of the gang. He had several files, drills and bits sewed up in the leg of his trousers. He was ene of a party of three who robbed the deept at Bedford and business houses at Malvern and in this city. The tools found in his possession were taken from a Creston blacksmith shop. Three other crooks were falled last night. They had in their possession three fine overcoats and five good watches. They will be held awaiting replies from neighboring towns.

Never before in the history of the city and surrounding country has so much thieving been done.

An investigation into the character of the bombs showed that they were powerful to have blown up the whole quarter of the city in which they were found.

the generally circulated throughout the islands
and caused a feeling that hostilities between
the royalists and provincialists might be
resumed at any time. Captain Ward believes
the royalists will attempt to restore her to
power before long and prophecies the next
revolution will not be altogether bloodless.

The next important object of the association is to be prepared to meet legislation
unfaverable to the clothing industry. Last
winter the Indiana State Board of Health established a quarantine against clothing made
in Chicago, claiming it was made in the
smallpox district and might introduce the
disease into that state. The quarantine was
bitterly fought by wholesale clothiers,
who said there was less danger of smallpox being spread by Chicago clothiers
than by that from New York. The quarantine was finally raised, but not until shipments had been delayed several weeks. The

Made a Fortune for Her First.

CLEVELAND, Oct. 19 .- A wedding with tinge of romance surrounding it took place here today. The contracting parties were Mr. Robert Verch of Los Angeles, Cal., and Miss Mary Meyer, daughter of Dr. William Meyer of this city. Nearly twenty years ago Mr. Verch sought the hand of Miss Meyer. He then lived in Cleveland and was a telegraph operator in the employ of the Big Four road. Because of the opposition of her parents Miss Meyer declined the effer and her lover went west. He engaged in the real estate bust ness and accumulated a large fortune. few menths ago he renewed his offer, which wan accepted.

Dr. PIERCE'S Golden Medical

Cures Ninety-eight per cent. of all cases of Consumption, in all its Earlier Stages.

DISCOVERY

Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its living witnesses to the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully of per cent, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians. who have no interest whatever in mis representing them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty codliver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit or had only seemed to benefit a high for fit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophos-phites had also been faithfully tried in vain. The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps.

Perhaps You Have

You May Not Know. You Cannot Take Any Chances On BLOOD POISON.

Among your acquaintances and friends you know many with sore afflict ions; some with cancers, some with tumors, many with rheumatism, and hundreds with minor troubles-all the result of B.ood Poison.

DON'T YOU KNOW

that a body of water without constant inflow of fresh, pure water soon becomes stagnant and a breeder of disease? Just so with the human body. Your blood must circulate freely; it must be freshened by a constant supply of Pure Blood—blood that comes from a proper digestion of the food you eat. To have this, all the organs must work freely and naturally. If you find that they are not; if you find the vital organs inactive, then you must act and act quickly. If this is not immediately regulated, your entire system will overflow with impure blood. Here is the time and place to apply the remedy

Of all the blood remedies, nerve tonics, and celery compounds now before the public, there is but one that purifies the blood and acts directly upon the nerves at one and the same time, and that is

Logan's Sarsaparilla and Celery.

It is a combination of the best known remedies for the blood and nerves. It is "up to date" in the full significance of the term, in that all "old fogy" ideas are discarded in its preparation. Modern science is the great
