

excused from pronouncing the words in question. The ceremony, however, is not to be held, and the fact is only mentioned that they are in circulation and are receiving fresh nourishment from the absence of the bride and groom. However, as news from Livadia generally takes considerable time in coming, news of the marriage may arrive in this city.

The Berlin correspondent of the Telegraph says he hears it is probable that only an ecclesiastical betrothal and exchange of rings occurred today between the czar and the Princess Alix. Such a betrothal, according to the eastern church, is as indissoluble as marriage. No announcement of such ceremony, however, has reached the Russian embassy in Berlin up to this evening.

DISCUTTED WITH HIS JOB.
German Officer Throws Up His Commission in the Chinese Army.
VICTORIA, B. C., Oct. 24.—Among the passengers on the Empress of Japan was Major Richter, late of the Chinese army, who threw up the post of inspector general of Tien-Tsin in disgust. He was formerly in the German army and was commissioned by Li Hung Chang a couple of years ago to inspect all troops, regulars and militia, and suggest improvements. He entered heartily upon his duties, but soon found it impossible to perform them. He found corruption and fraud everywhere, and reports to Li Hung Chang being garbled and cut before reaching him. The war with Japan was never expected and was a surprise to him. He found the Chinese troops were in a state of demoralization, poorly armed, poorly drilled and generally disorganized. Large sums of money had been expended to increase the number of the army, but found its way into the pockets of various officers. After leaving China, Richter spent a short time in Japan and had a long conference with high Japanese officials at Hiroshima. When taxed with having given away valuable information, Richter laughed and said he had only gained more information from them than he could give to the Japanese. The Japanese had been preparing for war for several years. They had a complete system of fortifications. Major Richter said they had excellent information as to the defenses of Tien-Tsin.

RUN DOWN BY THE PARIS.
Unknown Sailing Vessel Set to the Bottom of the Big Steamers.
SOUTHAMPTON, Oct. 24.—Between 1:30 and 2 o'clock yesterday morning the American liner Paris, which arrived here tonight from New York, ran down and probably sank an unknown ship. The weather was very thick at the time and a heavy rain was falling. As soon as the collision occurred the Paris was put about and a search made for the ship. After the vessel, or a considerable wreck, was reported off the starboard side, but sight of it was lost before a life boat could be lowered. Nothing further was seen, but a search was made until daylight. The steamer sustained no damage beyond having a portion of her rail and a white light was seen on board the ship three minutes before the collision, but that no red or green light was visible until after the steamer had struck. Captain Watkins declined to make any statement except to the company's officials. Passengers on the Paris criticize the delay of the steamer in lowering a boat and getting the searchlight working.

REUNITING THE CHURCHES.
Effort to Bring the Eastern and Western Catholic Churches Together.
ROME, Oct. 24.—An effort is being made to arrange a reunion between the Eastern and Western churches, a movement that had its initiative in the pope, was opened today, his holiness presiding. Among the high church dignitaries present were Cardinal Rampolla, pontifical secretary of state; Cardinal Ledochowski, prefect of the congregation of the propaganda; Cardinal Langenieux, archbishop of Reims; Cardinal Vincerio Vannutelli, cardinal of the two catholical patriarchs of Syria; and a delegate representing the eastern churches. The pope addressed the prelates on the return of the eastern churches into Catholic unity and invited Cardinal Langenieux and the patriarchs to give the details of their views. The conference will be resumed in a few days.

MARRIED A RUSSIAN PRINCESS.
PARIS, Oct. 24.—The marriage of Miss Susan De Witt, daughter of General Charles A. Whittier of Boston, to Prince Bellesky-Bellessky, one of the czar's aides-de-camp, took place at 2 o'clock this afternoon in the Russian church on the Rue de la Harpe. A second religious ceremony of marriage afterwards took place at 3 P. M. in the American church on the Avenue de Alma. Both ceremonies were attended by the two vice-ambassadors, the Russian and the American. The American church, as well as the Russian church were beautifully decorated for the occasion. General Whittier and the bride were the guests of honor. The best man, among those present were Baron von Mohrenheim, the Russian ambassador, and the Hon. James B. Rustis, the American ambassador.

LONDON, Oct. 24.—According to a dispatch received here from Paris, a telegram was received in this city from Odessa at 11 o'clock this morning saying that the marriage of the czarowitz to Princess Alix of Hesse-Barmstadt began this morning at Livadia. The bride and the procurator general of the holy synod, the procurator of the holy synod, will have taken place in the strictest privacy.

LONDON, Oct. 24.—A Madrid dispatch says the finance committee of the Cortes has decided to establish a gold standard of currency for Porto Rico. The Mexican dollar will hereafter be used as a basis of weight for the value of silver.

WHY ADAM BEDE RESIGNED.
Hero of the Birch Bark Breches a Party Man Above All Things.
PREFERRED HIS FRIENDS TO HIS OFFICE.
Isolated on Doing Campaign Work While Serving the Federal Government.
Contrary to the Orders of the President—Oney's Letter.
WASHINGTON, Oct. 24.—The publication in St. Paul of Mr. J. Adam Bede's letter of resignation as United States marshal is regarded at the Department of Justice as a sufficient reason for the publication of Attorney General Oney's letter of acceptance. In the course of his letter, Mr. Bede, after unconditionally tendering his resignation because he cannot conscientiously obey the president's order forbidding federal appointees doing campaign work, says: "I do this because the party to which I have given my allegiance and in the principles of which I have an abiding faith is managed by know-nothings and mount-banks, and charged with evils that come from other crimes. When I must choose between public office and my friends, I will take my friends and nothing shall stand between my best friends and their best interests."

WASHINGTON, Oct. 24.—Governor William C. Renford of Oklahoma territory has submitted his annual report to the United States Senate. The general condition of the territory he sums up in the following: Oklahoma's progress has been steady and rapid ever since the 22d of April, 1889. Capital has not as yet sought investment to any great extent in Oklahoma, but there has been a real and substantial increase of wealth from the unfettered natural resources of the territory. All kinds of industries are the best fields for capital in the United States.

POPULIST COUNTY CENTRAL COMMITTEE.
A meeting of the populist county central committee was held last evening at Knights of Labor hall, but a quorum was not present and an adjournment was taken to Saturday evening. Money night a meeting was held and through the county convention did not pass a resolution authorizing the committee to fill vacancies, a subcommittee was appointed to fill the position of vacancies on the legislative committee, caused by the withdrawal of Messrs. Rutherford, Lady, Whitlow and Meadmore. This subcommittee was also instructed to consider a petition asking in Wittum for county attorney, although the withdrawal of the regular nominee, H. C. Bell, has not been filed with the county clerk.

POPULIST COUNTY CENTRAL COMMITTEE.
Petitions for legislative candidates were signed yesterday asking that the names of Gus Payne, Melchior Nelson, A. A. Perry and Charles Johnson be placed on the official ballot. Many members of the county central committee opposed to this action, preferring to endorse a list of candidates. The question of the nomination of the work of the subcommittee will be taken up Saturday evening. It is also said that a reconsideration of the action of appointing the subcommittee will be moved for.

JUDGES AND CLERKS IN DEMAND.
Mayor Bemis is experiencing considerable difficulty in finding men who are anxious to serve the city as judges and clerks at the coming election, and in many of the eighty-eight precincts he is short the requisite number. All of the Saturdays for the positions must be in by the afternoon of the present week, and if a vacancy is not filled by that time a more rapid rate than they have during the past few days, the indications are that the vacancies will have to be filled when the bids open on Saturday. The districts the election boards are already filled, while in others neither judges nor clerks have been appointed. Parties who are anxious to secure the positions are urged to file their applications with the mayor at once, that they may be sworn in and begin their work on Saturday.

TELLER DENIES BEING A POPULIST CONVERT.
PUEBLO, Colo., Oct. 24.—Senator Henry M. Teller tonight denied at some length at an immense mass meeting the newspaper rumors that he had converted to populism. He said he was a populist at heart and was likely at any time to follow the course of Senator Hoar. He was first and primarily a silver man, but he had recently adopted the principles of a free silver plank at 16 to 18 and had done so because of the conviction that the silver plank was the only way to save the country.

RAILY AT JEFFERSON SQUARE.
A populist rally was held last evening at Jefferson square. T. C. Kelsey, the chairman, stated that owing to illness the speaker of the evening, J. A. Galligan, was unable to be present, and in his stead he introduced D. Clem Deaver, who made a short address. He requested the speakers to be present for the governor, and gave reasons why he himself should be supported as candidate for congress.

NEW YORK ARRIVES IN NEW YORK.
HARRISON ARRIVES HERE THIS AFTERNOON. It is understood Mr. Morton will personally ask Mr. Harrison to deliver four speeches here during his stay in this city.

LOCAL POLITICAL NOTES.
George W. Shields, chairman of the democratic congressional central committee, made a final effort yesterday to induce D. Clem Deaver to withdraw from the race and leave the democratic field clear to Governor Hoar. The two held a conference at the Paxton and it was understood that Mr. Shields used every argument at his command, but Deaver declined all overtures and has decided to remain in the race.

WOMEN CRYING FOR THEIR INVESTMENTS AT THE OFFICE OF PITTSBURG SWINDLERS.
PITTSBURG, Oct. 24.—Over 100 women, many with babies in their arms, stormed the office of George M. Irwin & Co.'s, disreputable pool table room. They one and all demanded the return of the money they had invested. Manager Irwin said that he could have their money by giving five days' notice after the date of the next dividend, but did not state when that date would arrive. This did not satisfy the women, and the office was soon filled with a mob of angry women. The manager of the Pittsburgh branch of the American syndicate returned from the headquarters at Chicago this morning. Depositors had no hope of getting their money back through the Chicago office. Mr. Devlin painted a rosy picture of the future of the syndicate and a few weeks ago a large dividend would be declared in a few days. At the other discretionary pool offices matters are comparatively quiet today.

IMPORTS INCREASING FROM MEXICO.
WASHINGTON, Oct. 24.—Report to the Interior department United States consul German at Matanzas says the effect of the new American tariff is being felt in increased trade with northern Mexico. Large quantities of dressed hides, mules, horses, etc., have been added to the usual exports heretofore made and the prospects for a large spring business is most cheering. Under the operation of the McKinley act all live stock exported to be exported, the tariff on horses and mules being \$30 each, from two to three times the selling value in Mexico. This prohibition and until September 1 not a live animal of any kind had been exported. The tariff on horses is thirty-five cents a head and on mules and pack animals is twenty-five cents a head.

DEATH IN THE WELL.
HARLAN, Ia., Oct. 24.—(Special.)—George Obrecht met death in a well near Irwin station on the effect of "damps." He had been working in the well for several days, and was overcome while being pulled out, and fell back into the well and expired before help could reach him. He was well connected and a highly respected citizen.

PAFICO OCEAN AND BERING SEA.
About two months ago the State department sent out a note to all the maritime powers save Great Britain, which was already included, inviting them to join in this agreement. These it is believed that another holding is contemplated. My policy forces, such as I get together, is not equal to the emergency, and Marshal Crump at Fort Smith, Ark., writes me he has no money to keep marshals in the field for a campaign. Affairs here are in a desperate condition, business suspended and people generally intimidated. Private individuals are robbed every day and night. I know my recommendations and earnestly insist that the government, through the proper channel, take the matter in hand and protect its courts and citizens who are lawful residents in the territory. Laissez faire is not the policy of the United States here under suspension. This state of affairs must be broken and something done to end the present propertylessness.
