 The constitutional amendments caused intolerable delays in almost every election district in the city. The voters were in the polis chosed there were still many citizens in line who did not have an opportunity to cast their ballots. There was little for the police to do, and few arrests for litegal voting were made. The Gravesend election of last year evidently had a most wholesome effect. The vote was as full as possible under the circumstances. Pasters were not generally used. The Empire state democracy's ballots caused much confusion. The police arrangements were satisfactory in the main.

DOUGLAS COUNTY IS CLOSE

-What the Figures Are. At 3 o'clock this morning election returns so far as received for Douglas county indicate that Majors has carried the county by

a plurality of from 300 to 500. The city of Omaha has given a plurality to the tattooed candidate, but South Omaha and the country precincts rallied heroically to the support of Holcomb and Majors takes the county by only a small margin, if at all,

Few figures are in on the vote for congressional candidates, but it is evident that Mercer and Boyd ran a close race for first place. Saunders and Kment, republican candidates for the city council in the Fifth and Second wards, respectively, were elected.

The indications are that the entire republican legislative ticket was elected. Baldrige was undoubtedly elected county attorney, and

were not as numerous as usual. Almost the entire registration was voted, and this with-out any rush at any time.

A hot fight was made on Mr. Dietz, councilman candidate in the Sixth ward. The principal part of the fight came from paid ward heelers. There was a well defined attempt to "ring

Renssalaer county, the home of Senator Murphy, held as closely to the democratic normal vote as any county in the state. The results of the sweeping vic-tory are more far-reaching than simply the election of the republican state ticket. While the returns are very incomplete on the elec-tion amendments, it is highly probable, ac-cording to the first returns, that all of them are adopted. The percentage of loss as com-pared with the vote for the head of the pared with the vote for the head of the ticket is not nearly so large as it was sup-posed to be, and the result, there-fore, is that the legislature will consist of fifty senators and 150 assemblymen; that pool selling on races will be prohibited, and the name indiciary system will be inaugua new judiclary system will be inaugurated. The sweep also means that for the first time in many years the republicans will have control of the state legislature and at the same time have a governor in the chair in political harmony with them.

The scene on Newspaper Row at 8:30 to-night when it was conceded by the democrats that Morton had won the governorship and Strong the mayoralty was one of wild en-thusiasm. When the newspaper bulletins and steropticons began to display the returns about 6 o'clock there were about 2,000 per-sons on Park row, but during the following two hours the crowd was augmented by a continuous stream of people from the uptown nounced there seemed to be three republicans was very orderly and seemed to be three republicans was very orderly and seemed to be of a more respectable class than usual. The most extraordinary and memorable triumph along the line is the rescue of New York from democratic Tammany rule. Yesterday New York was shackled in fetters of shame that held her in degrading subjection in the criminal conspiracy of Tammany hall. Today she stands erect and emancipated, the premier member of the grand republican sisterhood of states, no longer under the confederate symbol of free trade and the black flag of Tammany, but ranks henceforth with those loyal commonwealths that stand for American Industrial independence in a phalanx under the stars and stripes.

Strode is undoubtedly elected to congress by a good majority. There was a desperate fight made at the polls today in behalf of Majors, in this, his principal stronghold in the state. There are several precincts yet to hear from, but they are not likely to materially change this estimate. The Majors republicans made the political struggle of their lives, and not an effort was spaced from the opening of the polls until the close. from the opening of the polls until the close. mitted to vote. There was also a large vote polled by certificate of unregistered voters; the vote was a large one and in the city comes well up to the registry of 6,900. The county will give the rest of the republican state ticket a plurality somewhat greater than that of Majors. It is thought that the county will poli a vote well up toward 11,000. Returns were slow in coming in during the evening. While some of the precincts acted upon Mayor Weir's suggestion and counted the vote of the head of the ticket first, others did not, but counted the entire ticket down to constable before sending in a scintilla of information

Treasurer O'Shee of the democratic state central committee claims the state for Hol-comb by a plurality of 5,000; six precincts give Strode for congress 1.073, Weir 446.

COLUMBUS-City of Columbus, for con-gress: Devine, 86; Hensley, 274; Meiklejohn, Legislature: Murphy, 248; Sprecher, 183;

man, 236. HASTINGS-In Adams county the whole republican legislative ticket will be carried

by a very small majority. Returns coming in slowly and nothing but a rough estimate can be given tonight. Chair-man R. Q. Stewart of the Fifth district republican congressional committee said that

majority, which in ures his election. Rath-burn, republican, for senate, 268 majority. GENEVA-Returns coming in slowly. Indications are for republican victories, with

Sample, republican candidate for state se ator, carries O'Neill and Gratton township by eight, running two ahead of the state ticket The indications are that he will be elected The returns are coming in slowly, and noth-ing definite can be learned until tomorrow. STANTON-The election passed off quietly in Stanton county, but much enthusiasm was shown by all parties, and a full vote was

polled. Majors and Holcomb will run about even. The rest of the republican ticket will carry by about forty majority. Meiklejohn will carry by a small majority, and the legis-lative ticket is doubtful. HYANNIS-Grant county goes for Akers for senator Thirtieth district, Kem for con-gressman and Price for representative Fortyninth district. Moore will undoubtedly carry the county for lieutenant governor, but as only one precinct has been heard from

ALMA-At midnight the vote in Alma township, one-third convassed, indicates that the populist legislative and congressional ticket carry by a small majority. No outside

PENDER-Mell C. Jay is elected represent-ative in the Sixteenth district over Fritz, by about 75 majority. NEBRASKA CITY-Fourteen precincts give Hawley 58; Strode, 1,124; Weir, 883. Populists claim the county by a small majority.

ST. PAUL-Very close on representative, indications favor ng Schikedantz, republican. GRAND ISLAND-Two republican representatives were elected. Senator fo sentatives were elected. Senator for Seven-teenth district is in doubt. Defeat of Edger-ton for judge very probable. Kendall, re-publican, running far ahead in this county. Andrews will leave the county with about 200
