Wires are prostrated. Monday Night's Storm Played Havoc in New England. NEW YORK, Nov. 6.—Almost complete prostration of the telegraph and telephone service exists in New England as the result of last night's furious storm, which swept over that section of the country, it being particularly heavy along the coast. Up to 11 a. m. the Postal company had no wires to Boston, Springfield or Providence and the Western Union was in a similar plight with respect to Boston, but had a flow wire to Springfield and north to New Haven. The long distance telephone company was not getting any far as Bridgeport, Conn. At midnight word was received from New Haven that the wind was blowing seventy-two miles an hour. No reports of disasters, if any, by land or sea have been received. Deadwood, a lumberman from the various companies are hard at work and it is hoped and expected that communication will be restored this afternoon. NEW HAVEN, Nov. 6.—The storm which struck this city last evening proved a veritable blizzard. Telegraph and telephone companies lost all their wires about 11 o'clock last night and this morning the service was still paralyzed. Between here and Guilford on the Consolidated road sixteen poles are down and there is no communication north or east by telephone further than North Haven. On the south and west Bridgeport and New York are the only lines reached by wire. Hartford and western towns have not been heard from since 6 o'clock last night. Seven and one-half inches of snow fell last night.

There are 30,000 union street railway hands. St. Louis is to have a co-operative bakery. Farmers' organizations have 3,000,000 members. Londoners pay 7 cents for a pound of bread. Day laborers on southern levees get \$1.50 a day. The shorter hour movement has struck Russia. In Germany employers must insure their laborers. Wisconsin woodmen get from \$16 to \$26 a month. It is claimed that New York has 110,000 unemployed. Zurich, Switzerland, has resolved to own its street railways. Type machines have displaced 3,500 men in the United States. The president of the Illinois Miners' union is running for congress. The soldiers of the Chinese army are paid \$1 a month as wages. The Texas Federation of Labor wants postmasters chosen by popular vote. Cleveland bakers sent financial aid to Philadelphia's striking cigar makers. The number of cloakmakers who have been on a strike in New York City is 17,000. The window glass factories of Elmwood, Ill., have resumed operations, with 300 at work. Five per cent reduction is the order of the day for textile workers in Massachusetts. The American Federation platform has been adopted by the Machine Workers' union. After a two years' fight Cincinnati organizations succeeded in unionizing two nonunion theaters. A Maryland law requires mechanics to have proper life lines on scaffolding they may be using. The Hooster Bldg's co-operative colony will be located on 22d east of land opposite Handsboro, Miss. The Amalgamated Society of Carpenters and Joiners of Great Britain and Ireland is thirty-four years old. The Turkish laboring day is from sunrise to an hour before sunset, with an hour for prayers and dinner. Now that the New York tailors have secured the ten-hour day, they are preparing to enforce eight hours. Over 1,000 cigar makers went on strike at Ybor City, Fla., and the trouble is expected to extend to Tampa and West Tampa. Twenty-eight cigar makers were given permission to strike for higher wages by Cigar Makers' union No. 144, at New York. Type setting machines are being placed on London papers and the printers are demanding that only union men be employed. Shiloh's Cure, the great cough and croup cure, is in great demand. ANNOUNCEMENTS. "A Man in Black," the coming attraction at the Fifteenth Street theater, beginning Thursday, November 8, comes highly recommended. The plot is said to be a stirring one, containing the better elements of farce comedy and melodrama, replete with exciting incidents and interspersed with bright sayings, the latest songs, and most attractive dances. Robert F. Parkinson, A. W. Brummel and others equally well known are included in the cast. Queer People. A number of copies of part one of Palmer Cox's "Queer People" have been received at this office. Have the children come in early with their dimes, as they will not last long. Ships Were Fired with Phosphorus. SAVANNAH, Ga., Nov. 6.—The eighth fire among the cotton ships broke out at 2 o'clock this morning on the steamship Whitefield, but the flames were quickly subdued. Nearly all the tugs and lighters on the river were kept busy during the night. Everything is quiet today. The watchmen on all the ships where the fires occurred were arrested today and held without bail awaiting an investigation. Ten out of thirteen ships now loading have been on fire. Investigations show traces of phosphorus everywhere on the burned ships. Our Italy. Time was when the "glorious climate of California" did not attract tourists. But year after year the tide of travel sets in stronger and stronger every fall and winter toward this favored region. There is no climate like it on this continent for a winter resort, and the usual fine service on the Union Pacific system has this season been brought to a degree of perfection which leaves nothing to be desired. O'COATS. More from force of habit than from any other cause, we speak of overcoats on a chilly and drizzling day. However, it might prove interesting to you. There are more buyers this year in search of bargains than ever known from the days of the Pilgrims down. The Nebraska approves of this. Buy cheaply but be sure it is cheap. To know where to buy is an important item. Scan all newspapers, clip all miraculous incidents of purchasers or other wonderful tales of daring advantages required to secure a dozen or so overcoats, and of some hairbreadth escapes some experienced while making a daring plunge of an offer for a whole manufacturer—some 17 overcoats in all.—Go by all means and investigate—examine prices and quality—a most eloquent salesman—will, no doubt, help you to get the best of the bargain. When you are through, give us your time for a minute; come in to the ever humble Nebraska. We haven't any moquette carpets, plate mirrors, neither eloquent and persuading salesmen, but honest overcoats to be sold honestly, and loads of 'em to select from. We don't handle any so-called half price goods, but we can furnish you an overcoat for TWO SEVENTY-FIVE of good chinchilla, Italian lined, warm and durable, that'll cost you \$5.00 anywhere. A long, deep collar Melton Ulster, wool lined in two shades at FOUR DOLLARS for which other stores charge at least \$7.00. Here are other coats and ulsters finer, finer still and the finest to be had. Can't possibly dream of a style or sort you can't get here at a good healthy saving on each one. From \$2.00 up to \$10.00 is what you save here. If we misrepresent this, come and get your money back—you're welcome. Nebraska Clothing Co. Cor. DOUGLAS & 14th Sts.

The World's Tribute to Dr. Price's Cream Baking Powder Highest Honors Awarded by the World's Columbian Exposition, Chicago, 1893. World's Fair HIGHEST MEDAL awarded to Dr. Price's Cream Baking Powder. The highest award was given on every claim, comprising superiority in leavening power, keeping properties, purity and excellence. This verdict has been given by the best jury ever assembled for such a purpose, backed by the recommendation of the Chief Chemist of the United States Department of Agriculture, Washington, D. C., who made an elaborate examination and test of all the baking powders. This is pre-eminently the highest authority on such matters in America. This verdict conclusively settles the question and proves that Dr. Price's Cream Baking Powder is superior in every way to any other brand. NOTE.—The Chief Chemist rejected the Alum baking powders, stating to the World's Fair jury that he considered them unwholesome.
