CITY COUNCIL PROCEEDINGS

Better Fire Fighting Facilities Requested by Fire and Police Commissioners.

Wiley Underbid Again for Electric Lights, but Hascall Gets Awarding of Contract Deferred by Reference to a Committee-Other Business.

The city council met in adjourned session last night. The most important matter conwas a communication from the Board of Fire and Police Commissioners regarding the inadequacy of the present water pressure, which was read and referred to the committee on fire and water, with the city attorney and the city engineer.

"It was intimated," the letter began, "by your committee on judiciary in its report, all sizes, adopted on December 12, 1893, that this matter was really a quarrel between the Board of Fire and Police Commissioners and the American Water Works company. We have sizes 8 to 11. no quarrel, nor have we the slightest desire to injure the company. But while the sup-ply of water is abundant it is apparent to every observing man in the city of Omaha that the pressure of water is insufficient for This has been demonstrated

again and again."

Also
Reference was made to the Continental \$2.25. block, Shiverick, Farnam Street theater, Boston store, Morse-Coe and other fires in support of this. It was further said that the increase in the number of fire hydrants and the resultant shortening of hose necessary had had little effect upon the height or distance to which effective fire streams could PHILLIP'S "ROCK ISLAND" EXCURSION

REMEDIES SUGGESTED.

Remedies were then suggested as follows: At the American Water Works company is responsible under its contract then it should correct the evil without expense to the city. We, then, respectfully suggest that you authorize and direct the city attorney to apply to Judge Dundy, United States district judge, for an order authorizing and directing the receivers of the American Water Works company to expend the money necessary to alter its system so as to furnish pressure sufficient "to afford ample protection to property against fire for ple protection to property against fire for a radius of 1,000 feet from each and every one of said hydrants without the aid of either steam or hand engines."

to furnish pressure sufficient "to anord ample protection to property against fire for a radius of 1,000 feet from each and every one of said hydrants without the aid of either steam or hand engines."

2. If this appeal to the court should be made and the court should determine that the American Water Works company is not responsible, or if you, the mayor and city council, determine now that it is not advisable to test the question in court, then we submit that the city itself ought to proceed to protect more effectively the property of its effizens. This can be done, we think, by the purchase and use of fire engines. We have now in the service two new engines and one old engine. The difference in cost between fire engines known as "class 1" and those known as "class 2" is only about \$300, and the difference in the expense of maintenance is but trifling, although the effectiveness of the former far exceeds the effectiveness of the former far exceeds the effectiveness of the latter. In our judgment there should be three first-class engines purchased at an expense in round numbers of \$13,500. These new engines should be located at No. 2 (Tenth street between Douglas and Parnan), at No. 13 (Harney street between Thirteenth and Fourteenth streets), and No. 3 (northwest corner Eighteenth and Harney streets), and the three engines new in use should be so located as to be able to furnish prompt assistance in large fires in the center of the city, and yet be used in other portions of the city where the pressure is inadequate. This would require alterations in some of the engine houses; would require the purchase of additional equipment, and an increase in the running expenses of the department. We estimate the expense per engine of the first year would be \$8,25,50, and for each subsequent year \$5,120.

This estimate does not include the cost of such alterations as will be necessary to fit engine house, or one of the new engines and to fit three outlying houses for the three oil engines.

We regret that we feel compelle

COURTS AN INVESTIGATION.

In connection with this subject a communication from the water works company was read and referred to the same committee. It was from the office of the reorganization

Gus was inclined to be lentent and overlook this also, and did so until Wednesday night, when something occurred which is beginning to make him think.

He was at home and in bed sleeping the committee of the company, and was ad-dressed to Mr. E. L. Bierbower, receiver for

the company in this city. It read:
"At a meeting of our committee on October 25 the following resolution was passed: That the secretary of this committee be requested to communicate with the receivers of the American Water Works company at Omaha, suggesting to them that they write the mayor and city council stating that the water company courts the investigation which has been ordered in regard to its pressure, believing that it has always fulfilled its contract obligations, but if there is any deficiency in pressure the company will take immediate steps to remedy it, as they realize the obligations they have as-sumed toward the city.' Yours truly, "FREDERICK STRAUSS, Secretary."

ELECTRIC LIGHT BIDS. There were two bids submitted for furnishing from 200 to 400 are lights for city lighting for three years, dating from the expiraing for three years, dating from the expira-tion of the present contract. The Thomson-Houston company's bid was \$130 per light per annum. The Citizens Electric Light and Power company submitted a bid of \$109.50. Elsasser moved that the contract be awarded to the Citizens Elsasser moved that the contract be awarded to the Citizens company as the lowest bilder. But Hascall discovered what he claimed was a provision in the city charter, or the state law, or the precepts of the koran, by which it was made illegal for the council to let a contract for more than one year. The bilds were finally referred to the committee on gas and electric lights, in conjunction with the city attorney, with instructions to bring in a report, together with a contract, next

a report, together with a contract, next The Board of Public Works asked for adrice regarding the paving of Pierce street from Third to Fourth streets and Third street from Pierce to Williams. This work was ordered nearly two years ago. The bids were received and the council instructed the board by resolution not to award the contract until the water mains were put in. This was over a year ago, but the water works company has not put in the mains. The communication was referred, with instructions to bring in an ordinance compelling the mains to be laid.

The contract and bond of the American Fuel company for coal for city use was approved, with Jeff Bedford as surety.

BROKEN JAW DAMAGES.

The contract for painting the election booths was swarded to Hamilton Bros. at

A resolution by Wheeler instructed the city comptroller to have placards printed bearing the official standard of weights and measures. These were to be turned over to the inspector of weights and measures, to be posted in the places of business of all firms selling goods by either standard. Wheeler had a curiosity shop of short measures which he had condemned, which were exwhich he had condemned, which were exhibited to the council, after which the resolution was unanimously adopted. Howell face-tiously suggesting that some of them must have been used in measuring the day. have been used in measuring the democratic

vote Tuesday. ordinances previously introduced by Wheeler, and which more rigidly regulate the use of dry and liquid measures by dealers, was passed with some slight amendments. The ordinance making the inspector

of weights and measures a salaried officer was also passed. The council will meet Monday night to canvass the returns from the city election

DREW THE LINE AT SNAKES. Busband Who Could Not Condone Everything.

Gus Weis, alias Gus Stanley, who lives at Eleventh and Davenport streets, has told a pitiful tale of wee to the police. Gus says that his wife married him under false pretenses. He was given to understand that she had never been married before and on panied by abusive and insulting language, in these representations he had joined in the entire variance with the law of marriage bonds of holy matrimony with her. He later found out that she had been married before in Des Moines, but that knowledge had not lessened to any considerable degree his affection for her. But far worse things soon

One day Gus entered the house to find the wife whom he had taken to his bosom smoking a cigarette This was hard to bear, but the affection and devotion which Gus had for his better half had been implanted in his soul to last for almost elernity Although he was greatly shocked, he willingly forgave. But that was not all. Mrs. Stanley has of late fallen into the habit of staying out at unseemly hours and having a good time, not coming home nights until after midnight Gus was inclined to be lenient and overlook

sleep that only a clear conscience can bring. lodge meeting in close company with a fair profits. Mrs. McConniff. Bryden was to share in the sized jag. The latter was quarrelsome and gage on the stock. Vesterday with He was rudely awakened by the entrance of was inclined to urge on its possessor to do unwarranted things. Gus was amazed and didn't know what to make of it. He finally recognized it, however. He had heard that it sometimes brings its owner into a condition called snakes, and after due and deliberate consideration he decided that that was the trouble. He had also heard that water was a good remedy, so he got up and seized a bucket of the fluid and threw it over his wife in order to down it. But, like Banquo's ghost, it wouldn't down. It simply made its possessor mad and Mrs. Stanley just selzed her husband and threw him out of doors and his clothes after him. Gus had to get dressed in the chilly air and in the sorrow of his soul he decided to confide his troubles to the convenient coppers. He wanted something done, because life had become to him the veriest burden. He obtained needed sympathy and then went out into the night.

HOLCOMB

Nebra ka's Governor Elect Talks on the Political Situation.

TOBE TAKES HIS FRIENDS TO TASK

Burlington Right of Way Agent Delivers Himself of Some Majors Enthusiasm Before He Was Out of the Snow Drifts,

LINCOLN, Neb., Nov. 8 .- (Special.) -- Judge Silas A. Holcomb, newly elected governor of Nebraska, arrived in the city at noon and registered at the Lindell. To a representative of The Bee he said:

"Nothing material has occurred since morn ing to change my estimate of the result. There is no doubt but that I am elected by a plurality ranging between 2,000 and 3,000, There is, also, a possibility that we have elected Kent and Gaffin on the state ticket.

This afternoon the gentlemen appointed by Governor Crounse on the new Nebraska State Relief commission met in the governor's room at the capitol. The commission is composed In men's shoes we always save you from of the following: Rev. L. P. Ludden, Lincoln; 50c to \$1.00 a pair. In this sale we offer a Hon. W. N. Nason, Omaha; D. B. Thompson, fine cork sole shoe for \$2.50, worth \$3.50. Broken Bow; J. H. McClay, Lincoln; A. J. Also men's fine satin calf shoes, \$1.50, worth Sawyer, Lincoln; R. R. Greer, Kearney; J. W. Hartley, Lincoln; C. J. Ernst, Lincoln, Boys' fine satin calf shoes, \$1.50, worth and John Duryea. The main point to which the commission desires to direct attention is the systematic collection of relief at as early a moment as possible. The distribution is a light task, comparatively, while the collection is a matter requiring untiring effort and earnest attention. Mr. Nason, who has opened headquarters at 407 Brown block, Omaha, said that he had proceeded on the plan of districting the city and dividing the territory, regardless of religious denominations. In his opinion every locality should cloth, all wool imported covert cloth, \$1.75, be promptly divided among charitable work- full dress pattern. Neat pin check and ers that the work may proceed with expedition. He considered that the situation is a grave one and that the amount of destitu tion in the western part of the state has not been in the least exaggerated. The board organized by electing W. N. Nason presi-dent, Rev. L. P. Ludden, secretary and general manager, and J. H. McClay, treasure: A finance committee was appointed, consisting of C. J. Ernst, J. W. Hartley and D. B. Thompson. The board adjourned at

Mr. Tobias Castor seized the opportunity to reely comment on the result of the late spirited election prior to development of the facts. In this action Mr. Castor was hasty. When it was for a short time supposed Lincoln that Tom Majors had carried the state, Mr. Castor dropped into a jovial mood and proceeded to josh his democratic friends to a standstill. His advice is somewhat unique. Mr. Castor is quoted by a prominent Holcomb democrat as follows:

"You fellows must change your political tactics. So long as you affiliate with popu-lists, workingmen and labor unions you will be defeated every time you come up to the polls. When you conclude to drop such connections and come out as straight old line democrats I will vote and work with you.' Workingmen and labor unions will doubt ess be deeply interested in the fin de seicle

views of Tobe Castor. The county canvassing board is in session at the office of the county clark canvassing the election returns of Lancaster county. The work cannot be completed until tomorrow night, with a probability that it may take

If the complaint of Mrs. Ann Briggs, filed in the district court today, be true, she has good and sufficient cause for her action of divorce against her husband, David. She avers that David launched at her head a kettle of hot water and attempted to boil her. This assault, she says, was accomcontracts and the face of the marriage certificate. Mrs. Briggs prays the court for a divorce, custody of her children and a share of the \$40 a month income received by

J. A. Buckstaff and his paving contracts are again in the district court. John T. McDonald has filed some objections to the report of Judge Broady as referee in the case brought by him to secure an accounting with Buckstaff. According to the referee McDonald was found entitled to something like \$3,700 due to him from Buckstaff as his third interest in the profits. McDonald ob-jects to a large number of the findings of he referee and claims additional judgment C. E. Van Dusen is somewhat annoyed

by a business complication not calculated to keep a man in good humor. Some time since Van Dusen in company with Russell J. Brydon, opened a wholesale and retail millinery store in the Funke opera house block. They were enabled, it is claimed, to start with a capital of \$1,500 borrowed from gage on the stock. Yesterday, while Mr. Van Dusen was at dinner, Brydon, it is claimed, gave mortgages to a number of other creditors, and upon the return of the diner he found the store in possession of two young men representing the new mortgagees. The sheriff was sent for and an attempt made to gain possession of the store under the mortgage given Mrs. McConniff. While waiting for that official Van Dusen became excited, kicked in a back window and met with a warm reception. But he subsequently got possession on the McConniff mortgage and has held it ever since. The affair has resulted in a shower of chattel mortgage;

aggregating \$5,989.70.
As there are wheels within wheels, es pecially political wheels, there is a strong probability that Judge Strode will resign at an early day in order that Governor Crounse may appoint a republican judge, and thus deprive Governor Holcomb of naming an inde-

pendent or a democrat. Secretary Furnas is arranging an inter-eating program for the winter meeting of the state board of agriculture, which begins January 15. Among the features will be a discussion of the topic, "Good Roads in Prairie Regions," by General Roy Stone, special agent and engineer of the Department

SATISFIED WITH HILL'S NECK.

Plattsmouth People Pleased with the Declsion in the Murderer's Case. LINCOLN, Nov. 8 .- (Special Telegram.)-

The supreme court affirmed the judgment of the district court of Cass county in the Hill murder case. The date of execution was W. S. Heckart of Deadwood is registered the fixed for March 1, 1895. Hill and Bennett management has been able to give such askilled a man named Ackerson and his wife, who were living about eleven miles out from Plattsmouth. The murder, an atrocious one, was for the purpose of robbery. In the court below Hill was sentenced to be hanged and sees it goes away enthusiastic and sends his Bennett to life imprisonment. PLATTSMOUTH, Neb., Nov. 8.—(Special

Telegram.) — The decision of the supreme court in the appeal case of Murderer Harry Hill, in which that court affirms the judgment of the lower court and fixes the date of the execution for March, gives general satisfaction to the people of this county. The evidence against Hill was of such a nature that any sentence other than the death punishment would hardly have been tolerated

Particulars of a stabbing affair which hap pened election night at South Bend, a small town twenty miles west of this city, reached here today. Dave Hall and Mat Carth were drunk, and while in a saloon engaged in a quarrel, during which Hall drew a knife and stabbed Carth. Hall was arrested, but yesterday morning was released, as Carth, whos injuries were not severe, refused to prose-cute him. Both men reside near Ashland, Saunders county.

Boy Fatally Shot. NEWCASTLE, Neb., Nov. S .- (Special.)-George Hughes, the 11-year-old son of Mrs. H. A. Hughes, living about seven miles southwest of this place, was fatally shot yesterday. While out husking corn with a gun in the wagon, the weapon was acci-dentally discharged by being hit with an

FALLS CITY, New, Nov. 8 .- (Special)-Miss Grace Kerr of this city and Alexander Cameron of Chicago-were married at the home of the bride's parents in this city yesterday. Miss Kerr in the daughter of Dr. W. H. Kerr, and in well known here. Cameron is a commercial traveler. They left yesterday for Chieago to visit the groom's mother and sister. They will make their home in Omaha.

Heavy Lossot a Farmer. SYRACUSE, Neb., Nov. 8 .- (Special.)-David Hill, living two miles west of here,

lost his barn and contents by fire about 3 o'clock this morning. In the barn were three horses, one of which was a fine coach stal-lion, a winter's supply of grain and hay, buggies, farming implements, harrows, Loss, about \$25,000; insurance, \$1,100. The origin of the fire is a mystery.

Returned to the Commmissioner System. RED CLOUD, Neb., Nov. 8 .- (Special Telegram.)-Webster county decided by a majority of ten votes to discontinue township organization and return to the commissioner system with five commissioners,

FLOUR TRADE REVIEW.

Mills Grinding a Large Amount, but Prices of Flour Are Unsatisfactory. MINNEAPOLIS, Nov. 8 .- The Northwest ern Miller gives the following epitome of the

Minneapolis mills made 242,620 barrels of four last week, against 243,145 the week before, 234,375 in 1803 and 215,000 in 1892. Not much change as to the output this week is

flour last week, against 213,105 the week before, 224,375 in 1893 and 215,000 in 1892. Not much change as to the output this week is expected. Export shipments were 69,548 barrels, against 43,175 in 1893 and 71,980 in 1892. There was a rather better demand the past week. Mills reported about 200,000 barrels sold. Some firms sold more freely than others, reporting quite an improvement in New England. Some millers in the last two days held up prices a little. With millers firm on bakers, and slow to sell more, export demand is better for patents. Red Dog is quiet and prices not firm.

Superior-Duluth mills made 95,737 barrels, against 94,847 the week before, 81,577 in 1893 and 26,324 in 1892. Export shipments were 37,125 barrels, against 25,344 the previous week and 16,840 in 1893. Prices were about 5 cents higher, with increasing demand for patents. Millers worked additional lots of low grade for export. The general sentiment is that all the mills here will shut down, more or less, for a month or six weeks after the close of navigation. The stock of flour at the mills and in transit is 150,709 barrels.

Milwaukee output was 28,700 barrels, compared with 38,810 the previous week, 35,400 in 1893 and 50,700 in 1892. Trade has been very duil the past week. Some mills did a little better than others. Export shipments have fallen off, only 2,920 sacks being shipped. Milwaukee mills feel the effect of the flour war and the cutting at Chicago.

St. Louis mills turned out 68,700 barrels, against 69,240 the week before. For the current week the output is likely to be much larger. Domestic markets have been quiet; purchases being still on the hand to mouth order. Good lots were booked for export during the week, 10,000 sacks going to Dublin. The price obtained is said to be several cents under actual cost, export flour being rushed out before the rates advance. There is a slight improvement with North Dakota mills; more disposition on the part of purchasers to buy before the close of navigation.

Indianapolis millers had a

IRON TRADE REVIEW. Everybody Expecting a Better Trade Now

Election is Over. CLEVELAND, Nov. 8.-The Iron Trade Review this week says: If all the postoned buying of the past two weeks should materialize, now that the election is over for which buyers were waiting, there is good week's business ahead in iron and steel. With few exceptions, iron and steel manufacturers are protectionists, and now that the country is practically beyond the possibility of further advance toward free trade, for two or three years at least, it is to be expected that the business policy of individual buyers will be governed by their judgment as to the improved outlook. Sentimental improvement is already present; the next devel pment to be expected is an improved demand and freer trading. The week under review has been uneventful in every selling-center. For three weeks there has been a dwindling of the volume of business and salesmen have heard much of the desire of their customers to wait for election. Some furnace men, indeed, have been holding off for the same reason, preferring to take their chances on a more spirited market after a protection victory, rather than push sales on the weak market that has been experienced of late. Chicago notes a great volume of sales the past week in northern pig Iron, to the gradual working of the foundry business toward a better basis. Pitteburg has done little in any sort of material. good week's business ahead in iron and

NEW YORK, Nov. 8.—Inquiries made by he Associated press at the offices of the American line of steamships show that the officers of that company do not feel any anxiety about the safety of the steam-ship Rhynland of that line, which, according to a sensational story published here, is now six days overdue on her voyage from this port to Antwerp. Under the most favorable conditions of weather the officers of the American line said, the Rhynland could not have reached her destination before Monday or Tuesday last, and in such weather has been reported on the Atlantic the stea er would have gone at greatly reduc speed. The Rhynland has on board abo 108 passengers.

Had a Fair Sized Board Bill. NEW YORK, Nov. 8.-Justice Barret endered judgment in the supreme court for \$22,171 on a board bill in favor of Julia \$22,171 on a board bill in favor of Julia Shaw, former owner of the Grand Union hotel, against Carolan O'Brien Bryant. Bryant, his two daughters and a maid lived on credit at the hotel during the three years between 1882 and 1885. They had expectations to the amount of \$180,000, which they finally realized. They refused to pay and Mrs. Shaw finally brought suit.

COMMITTHIS TO MEMORY -LATEST STYLES-LOWEST PRICES CLOAKS, SUITS, FURS. Cor. 16th and Farnam Sts., OMAHA PAXTON BLOCK.

Always looks prettier when neatly dressed and tasteful-ity adorned with a

CURED PAY

a glow of color.

No one need hesitate about the expense. Here is a new design we have just put on the floor, at a very low figure. You would think nothing of paying ten times that sum for a small painting, whereas this Cabinet will give you a great coner of warm cofor in the room, nowe valuable as a decorative feature than any picture.

The mouldings are very delicate and are hand carved. Hemember that these corner cabinets take no space that can be used for enything cise. NO PAY UNTIL CURED WE REFER YOU TO 8,000 PAYIENTS. Write for Bank References. EXAMINATION FREE. to Operation. No Detention from Business.
