COMMERCIAL AND FINANCIAL

Many Heavy Chicago Holders of Wheat Seld and Weakened the Market.

BULLIEH SENTIMENT PREVAILED EARLY

Corn Was Firm at the Opening but Fluctuated Leisurely and Moderately, Foilowing Wheat with the Weakness of the Past Week.

CHICAGO, Nov. 15 .- Enough of the heavy

set was due to some remarks in the Pric. Current confirmatory to the extent of the feeding of wheat previously reported by the same authority, and to the firmness of the foreign cables. New York seat numerous selling orders and some heavy plungers in the local crowd who had long wheat let it go. A number of the active local scalpers were selling all day and that caused the market to tend downward again after every rally.

market to tend downward again after every rally.

Roger Kraus, George Severns, John Barrie, the Parkers, Cottril and Brossea were among the more prominent sellers. Cables were firm at the close and large sales of cash wheat were reported at Duluth—200,000 bu, to shippers and 15,000 bu, to millers. The price was well maintained around 61c and 61½c after its early bulge and subsequent reaction. Near the close the seaboard scalping crowd and some more iccal bulls I crease! the offerings so that it emarket became very weak near the end and sold off to 80%c, with that price bid at the close.

and sold off to \$05%c, with that price bid at the close.

The corn market was firm early, but fluctuated leisurely and moderately. It gave little evidence of independence, following wheat with the weakness that has characterized the market for a week past. There was more pressure to sell new No. 3 corn to arrive, which had a weakening effect upon the speculative trade. The drop in wheat near the close caused some pressure to sell and left the price under the closing price of the day before. May opened from 50%c to 50%c, and sold at 1-16c higher, from that off to 50%c, and sold at 1-16c higher, from that off to 50%c, which was after reaction again the value at the close.

Outs were dull and liteless, following corn in its fluctuations. May started quiet at 32%c, sold up 4c, dropped with corn to 32%c and finished at the starting point, 32%c.

Provisions again made gains, firmed up by desperate buying. Hog receipts were 61,000 head, instead of 57,000 head as estimated, yet the provision market started at an advance of 2%c for park and from 2%c to 5c for lard. Pork made a clear rise of 45c, and lard and ribs 17c. At the close the net gain was pork, 30c, and lard and ribs, 10c each.

Freights rather steady at 11%c for corn to Buffalo; vessel room scarce.

The leading futures ranged as follows:

OMAHA GENERAL MARKETS. Condition of Trade and Quotations on Staple and Fancy Produce. About the only change of any importance yesterday was the decline in the price of veal. The market was full of year catves, and buyers

were able to secure a very considerable concession from former prices.

The receipts of hay are increasing, but prices are unchanged. An eastern authority has been looking up hay statistics, and says: "The hay crop in New York state is worth \$59,000,000 per annum. The crop of the United States was as much as the cotton crop, twice as much as the wheat crop, and fifteen times the tobacco crop." Quotations:

94	- CO 64.3
The reserve by states are as	follows:

The reports by states are as follows:

Malne—There is a large crop of potatoes, but they are rotting badly.

New Hampshire—Potatoes are about five-sixths of a crop, but of very good quality.

Rhode Island—Potatoes yield on low ground very well, and on high, firy land better than expected September 1.

Connecticut—Potatoes are better than at the time of last report.

New Jersey—Irish potatoes will be a short crop.

Pennswivania—Potatoes a small crop and the tabers are small.

North Carolina—Irish potatoes do not make a favorable showing.

South Carolina—Sweet and Irish potatoes are very good.

Kentucky—Potatoes are a little more than half a crop.

Michigan—Potatoes show poorer condition than on the 1st of September. This is due to frosts in the northern part of the state and to rot in the central part. The rains of September helped the late planted. In the northern part of the state, where the yield usually amounts to 250 bu, per acre, it will not exceed 60 bu, this year. In southen Michigan late potatoes are still growling and will be better if frosts hold off.

Indiana—Potatoes are not a satisfactory crop. Those grown on low lands yield fairly well, but are not up to the standard in quality, while on high or sandy soil they are, in many localities, nearly or quite a failure.

Minnesota—Potatoes will not yield over one-half a crop.

Iowa—Polatoes have been benefited by the late rains.

Missouri—Irish potatoes are rotting in the ground. There will not be much more than a half crop.

New York. No.

ground. There will not be much more than a helf crop. Nebraska-Potatoes are not meeting warranted

Lighter Than Usual. NEW YORK, Nov. 15.-The volume of ousiness on the Stock exchange today was were indications that the favorable influloan were losing their effect on the share speculation. Both of these incidents were taken advantage of by the professional operators to create the impression that a permanent improvement in share values was assured in the hope of attracting the investigating element to the stock market, but the outsiders are wary, they having been deceived so often that they are not so easily caught now by the glitter that may not after all be gold; they are cautious even to timidity, and appear to be determined to wait until all doubt is removed from the situation. loan were losing their effect on the share to timidity, and appear to be determined to wait until all doubt is removed from the situation.

The speculative conditions are still uncertain and the cliques and traders are left to fight it out among themselves. Outside of Sugar, which furnished nearly half of the day's transactions, the trading was small, St. Paul being the only other stock in which the dealings reached 15,000 shares. London was not in the market to any extent and very little business was done for any but the local account. Sugar was manipolated by the i side pool, which moved it up and down at its pleasure. Opening unchanged from yesterday, the stock rose in the part of the percent of the percent, and before moon had advanced in percent, and before freely offered for sale, and in the late dealings touched 874, a break of 3½ per cent, from which there was a final rally of ½ per cent, making a net loss of ½ per cent, from which there was a final rally of ½ per cent, making a net loss of ½ per cent. The other industrials were as a rule weak throughout the day and closed generally lower, Cordage common 1½ per cent; Cordage preferred and Rubber preferred. ½ per cent; General Electric, ½ per cent. The Leal shares were favorably affected by the declaration of dividends, and show a gain of ½ per cent in common and ½ per cent in preferred. Laclede Gas preferred is up 2 per cent and Consolidated Gas is down 1½ per cent. The rallway list was unsettled, but in no case was there any seneral pressure to sail

tean. 10.00g11.00.

vances are shown in Cleveland, Columbus, Cincinnati & St. Louis preferred, and Southern & Atlantic Telegraph of 2 per cent; American Express 15, per cent, and Alton, Terre Haute, Pittsburg & Western preferred and Fort Wayne 1 per cent. In the list of declines are: New Jersey Central, 2 per cent: Delaware & Hudson, 2% per cent; Delaware & Lackawanna, % per cent, and Reading % per cent; Lake Erie and Western and Southern Pacific, 1 per cent.

The bond market was heavy during the day for the more active mortgages, with Atchison 4s and Reading third preferences leading in point of business. The sales for the day aggregated \$1,314,500. Net results are as follows: Declines—Cordage 1sts, 2% per cent; Lake Erie & Western 1sts, 1% per cent; Lake Erie & Western 1sts, 1% per cent, and Wabash 2nds, Cotton 0il 5s, Chicago & Northern Pacific 1sts, trust receipts, Erie 2nd consols and Ohio Southern 4s, 1 per cent. Advances—St. Louis & San Francisco general 6s, 3 per cent; St. Louis & San Francisco general 6s, 3 per cent; St. Louis & San Francisco general 6s, 3 per cent; St. Louis & San Francisco general fishing fund 6s registered, Union Elevated 1sts and Rock Island 1sts and Rock Island extended 5s, 1 per cent. Buffalo, New York & Erie 7s sold at 13s, aga nst 128 in August, Louisville, Evansyille & St. Louis consol 5s sold at 40%, against 40% on June 5.

The Evening Post's London cablegram says: The stock markets were good. Consols were at the highest point ever touched. Nothwithstanding the efflux of gold, gill edsed stocks were strong, and equally in favor were Brazil and other South Americans. American railways were still consparatively lifeless. The increase of 1405,000 in the coin and bullion in the weekly Bank of England's return is due to net gold imported for the week of 144,000. The difference is accounted for by the usual withdrawals from Scotland. The details for the week are 1753,000 imported from Russia, 150,000 in bars for France. More gold is probably going to France. More gold is probably going to France immed

THURSDAY, Nov. 15. Heavy receipts again today, nearly 200 cars. The four days' receipts foot up in ound numbers 18,800 cattle, 34,100 hogs and 2,250 sheep, an increase over the same period last week of some 9,000 cattle and 11,000 hogs, but a falling off of about 6,600 sheep. The yards were full of common low grade cattle, and for this reason, perhaps, more than any other, the market was dull and dragging. Fair to good beef steers, such as the killers were all wanting, readily brought good, steady prices, but sellers found it hard to work off the common stock even at lower

Fair to good cows and helfers met with a brisk demand at firm figures, but buyers insisted on a further reduction in cannet prices. There were lots of old, thin cows that sold 15c to 25c lower than the first of the week. Good year calv s ruled active and | 134 firm, common large stock dull and lower. The market for bulls, stags, etc., was about 45.

The market for bulls, stags, etc., was about steady.

Business in stockers and feede s was fairly active and prices for a suitable grales were firmly held. Common and medium stock cattle were hard to sell, even at very low prices. There was almost no call for them at all. Good to choice feeders are quotable at \$2.70 a.30; fair to g.od. \$2.352 fd, and common grades from \$2.25 down. Representative sales:

HOGS—There was another good run today, but the quality of the offerings was hardly as good as on the two precedings days. Included in the airrivals were eleven loads from Sioux City, billed direct to the Manmond house. Buyers again had rather the lest of the situation, and started in bidding and naying prices from 5c to lice lower than Wednesday. Sellers were not over eager to accept these futures, and as packers buyers were all wasting liberal supplies the trading became livelity and prices firmer as the morning advanced. diffur strength in provisions also had a buillish inference, and on the late market the carly decliner bad entirely disappeared. Fair to good heavy and heavy mixed hogs sold largely at \$4.25 to \$4.5, with several good to choice loads at \$4.50 and \$4.55. Light and light mixed loads sold at from \$4.55 to \$4.5, and pigs and stock hogs at from \$2.50 to \$4.5, and pigs and stock hogs at from \$2.50 to \$4.5, the peak were emptied earlier than might have been expected, the bulk selling at from \$1.55 to \$4.5. On Wednesday, as well as an last Thursday, the bulk of the tradric was at \$4.55 to \$4.5. Heave.

CHICAGO LIVE STOCK.

Cattle Prices Were Firmer, the Demand Being Better. CHICAGO, Nov. 15 .- Cattle prices were firmer, the demand being better and receipts much less than predicted, but there was a general disinthan predicted, but there was a general disin-clination to allow any advance. A few offerings were good enough to bring more than \$5.25; a greater part of the supply sold below \$5, though fancy export steers were worth from \$6.30 to \$6.40. There were sales of inferior cows around \$1.25, and cows and helfers of extra quality were salable at from \$3 to \$3.50 and better. The close was firm.

PIGS AND ROUGH.

\$1.25, and cows and helfers of extra quality were salable at from \$1 to \$3.50 and better. The close was firm.

The hog market continued to show unsteadinose, and the receipts were again greatly in excess of all expectations. In medium and lightweights there was a decline of from 5c to 10c. There was an active trade from start to finish, packers buying right and left, and there was a decline of from 5c to 10c. There was trading from \$2.50 to \$3.50 for culls and cholera pigs to \$4.90 for fancy heavy hogs. The prevailing prices were from \$4.45 to \$4.50 for light and from \$4.55 to \$4.70 for medium and heavy.

All the sheep pens were full, and there were sheep in the alleys and sheep in the cattle and hog peas. Today's arrivals were not unusually large, but the total for the last four days beats all previous records, and the accumulations now amount to many thousands. Sellers were anxious to unload at from \$5.50 to \$2.55 for poor to choice sheep, while from \$5.50 to \$3.90 was the range of quotations for lambs. There were few sales of lambs above \$3.50.

Receipts Cattle, 13,000 head; calves, 600 head; hogs, 69,000 head; sheep, 15,000 head; official yesterday, 69,000 head; sheep, 15,000 head; left over, about 19,500 head; gluments, 9,003 head; left over, about 19,500 head; quality only fair; not a great many good heavy lots; market active under a good demand; sales ranged at \$4.056,4.55 for light; \$4.156,4.40 for rough packing; \$4.156,4.50 for light; \$4.156,4.50 for heavy packing and shipping lots; \$2.4964.50 for heavy packing and shipping lots; \$

"It's Cruel

for them not to give you Pearline for your washing. Your folks can't know much about it. My! They could save their money, and all your hard work besides. I'm thankful the lady I live with is just the other way. She knows what Pearline will do, and she

wants it. She'd never let me lose my time trying to get things clean with soap-and she wouldn't stand it to have her clothes all worn out with rubbing, either." That's the truth. The

lack of Pearline comes just as hard on the mistress' clothes as it does on the laundress' back.

Send - Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled. it Back and if your grocer sends you samething in place of Pearline, be honest - send it back. 437 JAMES PYLE, New York.
