UNION PACIFIC DIRECTORS DISCUSS PLANS

H. B. Kooser of the Missouri Pacific Receives a Well Deserved Promotion-The Burlington Shortens 1ts Time Hetween Denver and Chicago.

Frederic R. Coudert and John W. Doane, government receivers of the Union Pacific. passed through Omaha Wednesday night enroute east. They came in over the Union Pacific from Salt Lake, and left via the Chicago & Northwestern. Accompanying the receivers was Mr. Seeberger, who made quite a national reputation as treasurer of the World's Columbian exposition in Chicago.

Mr. Coudert in talking to a friend exprossed himself as being favorably impressed with the Union Pacific properties, and thought the differences existing between the Union Pacific, Denver & Gulf and the Union Pacific company would be adjusted to the advantage of both companies.

With regard to the plan of reorganization of the government directors he stated he was mortgage soon to become due. The Western Passenger association lines have received in-formation that there is no chance of an agreement being reached with the Canadian Pacific on the question of rates on the emigrant question. This means that the western for all the emigrant business going to the west and the northwest, and the trunk lines must choose between the western lines and Canadian Pacific.

Well Deserved Promotion. H. B. Kooser, who for six years has been connected with the Missouri Pacific at this point in the capacity of traveling freight and live stock agent and contracting freight agent, was called into St. Louis the early part of the week to discuss matters pertaining to the western territory of the Missouri Pacific. Yesterday he returned with a commission as special traveling agent to report direct to the general offices in St. Louis, and for the present will be located in Denver, having charge of the Colorado terri-tory. The promotion is one that gives uni-versal satisfaction in railroad circles. He is thoroughly at home in both freight and passenger business, and as the eyes of the general offices are upon him Kooser will un-loubtedly attempt to possess his territory for doubtedly attempt to possess his territory to the Missouri Pacific. He has gone to Denver. His place will be for the present filled by Mr. McNaughton, chief clerk, and may probably be made permanent in the event a competent chief clerk can be secured on duty, as trouble is threatened.

### MR. AUSTIN'S PECULIAR CASE.

It is Investigated and Taken Under Advisement by the Insanity Commission

The members of the insanity commission devoted the greater portion of their time yesterday afternoon to investigating the mental condition of W. B. couple of years ago and one night he left Meeting a home and came down town. Meeting a policeman, he asked a number of outlandish questions, all of such a nature as to lead the officer to think that the man was daft. He was placed under arrest and taken to the city jail, where he insisted that his name was William Brensley, and that he was on his way from Montana to the south, where he had employment. Austin was kept in the city jail for a number of days and then turned the Union Pacific company as proposed by over to the county and detained in the county fail for nearly a week, during which heartily in sympathy and looked to congress and pronounced him insane, ordering him sent the insanity commission sat upon the case to do something at this session that would to the hospital until such time as he could start the ball rolling to a final settlement be taken to the asylum. The object was tha investigation of the large deposits of grindstone adjacent to that enterprising little city at the base of the Black Hills, with a view to the formation of a large company for the purpose of quarrying, manufacturing and putting on the market this grindstone. Mr. Scarles said he had never seen a better quality of grindstone than at Edge-mont, and that it afforded a very profitable field for the growth of a large industry, it was learned that a company will be formed, with Mr. Scarles as the leading spirit, which will have its headquarters in this city. On his return east Mr. Scarles will send out a representative from New York City, and everything necessary for the promoting of the enterprise will be energetically provided for. The only other grindstone deposits in the country are close to Cleveland, O. One company, with a capital of \$2,250,000, has built up about its quarrieg the town of Berea, with a population of over 2,000. Every year this company ships 49,000 tons of grindstones to all parts of the United States and to other countries as well. The industry to be established at Edgemont will grow to rival its eastern competitor, for it has behind it every element of success.
