START WITH MORSE-COE FIRE. Program for Ascertaining the Cause of Inadequate Water Pressure.

The committee of investigation which was appointed to look into the matter of inadequate fire protection met in committee room map out a plan of action. No steps were taken in the line of the proposed investigation, the time being occupied by a discussion the most advisable method to pursue. Mr. George E. Tibbs thought that the first thing for the committee to do was to find out just what the water pressure was and whether it could be so improved as to afford at the Paxton sufficient protection. If this was decided in the negative, then the committee should the Merchants.

mend the purchase of additional en-City Attorney Connell suggested that the legal phases of the matter should be con-sidered at the start. They should ascertain Just the construction that the courts would put on the present contract with the water works company and then they would be in a position to act advisedly.

Incidentally City Engineer Rosewater was asked if there was a certainty that the pres-ent system could be improved by a better distribution of the mains, and this he answered emphatically in the affirmative. He cited one instance where a twenty-four inch pipe extended from the old pumping station on Izard street to Ninth and Davenport streets. There it was divided into two fourteen-inch pipes. This caused a material waste of pressure, as the combined capacity of the two fourteen-inch pipes was nearly 50 per cent less than that of the large pipe,

while the frictional resistance was greatly It was decided to request the attendance of the superintendent of the water works company and of the chiefs of the fire department at the next meeting of the com mittee and begin a detailed inquiry tain where the trouble lay, taking the Morse-Coe fire as a starting point. The next meeting will not be held until

### DISMISSED THE SUIT.

of E. A. Church Against the State University Fal's Through.

The case in which Ed A. Church, now of Chicago, but formerly of this state, sued underwear for 50c; men's camel's hair \$2.00 | the regents of the Nebraska State university for \$25,000 for damages for refusing to write him a diploma in a nice round hand. was finally dismissed in .he federal court yesterday. Church asserted that his father b med the regents to withhold his diploma. and he commenced the suit for damages.

Judge Dundy appointed John M. Thurston,
T. M. Marquette, C. J. Smyth, Judge Kelly
and others to investigate the case and make a report. The attorneys united in a recomendation this morning that the case be

The trial of Adam Cook, the Fairfield farmer, accused of mailing a postal card containing obscene writing to his peice, Maggie Cook, went to trial before Dundy in the afternoon at 2 o'clock. was tried for the same offense at the last term of court, but the jury disagreed. His defense consists of a denial of having either written or mailed the objectionable card.

The following marriage licenses were ued by the county clerk yesterday:

Name and Address. M. J. Wickard, Wahoo, Neb... Hannah Weston, Weston, Neb... John Koutsky, South Omaha... Mary Vomaka, South Omaha... Henry Klusman, Omaha. Lizzie Bierman, Omaha. CHRONIC CONSTIPATION Price 50 cents. Sold by all druggists.

Are getting more frequent as the years roll 'round, and Yankee genius suggests other things to mix besides ice cream soda with a "wink in it"-cocktails and politics. Many a clothing store sells goods today for a'l wool that are not "all wool." Some of 'em do it through ignorance, and some upon an idea that every man who wants to buy clothing is a sucker and can be caught with a "catch line" of display advertising.

We never guess at it when we tell you a thing is all wool-you can bank on it.-We are selling overcoats-just now-at \$2.75, that are not wool all through, and we say so, too, but they're cheap at \$5.00, and in fact better than any \$5.00 overcoat

you'll get in Omaha. And here is that full length Kersey overcoat at \$6.75, all wool. Now the man who wrote ta-

this ad. knows that they're all wool, for he took a small piece of cloth from one of these coats and "chewed the rag" because they were ordered sold so cheap. This overcoat is the best value this re-

markable store ever offered to you. Other overcoats and ulsters are perhaps in proportion as cheap as the ones we already spoke of. We have 'em in all styles, and all of the rule of this season. Long overcoats, whether they're of a cheap, medium or fine grade, whether \$2.75 or the finest swell kersey silk lined at \$21.50 -- they're all of the new school of styles, and above all, new cloth and not old shop worn, gathered up auction stuff, that won't wear long enough to tell of it's birthplace.
