A decision in the Nonpareil case is looked for next Monday.

The city council held a secret meeting last evening for the purpose of talking about the momentous subject of gravel for paving. They talked.

Mrs. M. P. Davenport, who has been librarian of the free library ever since it was started, has tendered her resignation, to take effect December 1.

Pilgrim Sisters Academy, No. 1, meet in regular session at 7:30 in their rooms in the Brown building. Initiation at 8 sharp. All members are requested to attend.

The Girls' Industrial school, under the direction of Henry DeLong, will meet this afternoon at 2:30 o'clock in the Coyne building, the first door east of the Ogden house. Sixty girls were in attendance last Saturday.

Nothing has been done so far this winter toward effecting an organization for helping the poor. Considerable has been done in a quiet way, however, by private individuals. Mrs. Henry DeLong has been provided with a motor pass, which she uses almost constantly in making trips among the poor and helping them with articles left with her for distribution.

Gladys Wallis, who was for four years with Comedian W. H. Crane, is booked for an appearance next Monday night at Dohany's opera house in Blanchard's three-act comedy, "A Girl's Way." It is supported by Joe Cawthorn and the Patti Rosa Comedy company. She has made a marked hit since she has been "starring" and should be greeted by a crowded house.

Bistoff and Mincenell, who visited Council Bluffs a couple of years ago, made a return trip last evening and spent the evening at the Grand hotel, delighting a large crowd of people with their exquisite music on the mandolin and guitar. They will remain here for several days. Proprietor Clarke has engaged them to play for dinner at the Grand hotel Sunday evening.

Eliza Watson of Washington state turned up at the police court last evening, having been found wandering about the platform with a tremendous jag. She was in jail several nights ago, but it was thought that she was demented. City Physician Macrae ordered her taken to St. Bernard's hospital. Last evening, however, there was no disguising the fact that she was simply very drunk, and she inhabited the sky-parlor like and other drunken lady.

Charles Sayles has been arrested by Sheriff Hazen and put in the county jail for a thirty day term. He was convicted of cheating by false pretenses four years ago, but ever since that time his case has been in the supreme court, which finally sustained the decision of the district court. In addition to his thirty days he has a fine of \$50 to pay. Neither the fine nor the imprisonment have been drawing interest during the four years that have elapsed between the rendering of the verdict and its execution.

Seven of the men wanted for contempt of court in cutting down and timber on Mrs. Nora Murphy's land presented themselves in court yesterday morning, and seven meeker looking "disperdues" were taken into custody and the two Whitstones, father and son, were released on their own recognizance. The two Siglers, Faircloth and Hegwood gave bonds for their appearance, and all seven will be before Judge Smith this afternoon at 2 o'clock for an examination as to the truth of the charge against them.

Ed Mason, a colored barber, who has been running a shop on Broadway, near the southwestern depot, decided to go out of business, and sold M. Salsmann, a junk man, his outfit for \$2. It was worth about \$50. Salsmann, appreciating the fact that he had a bargain and that the reasons were particular reasons why it should be kept a secret, concealed the stuff in his shop. In rummaging around over the place the officers found it, having previously learned that all real property belong to Mason, but to an Omaha dorky who had set him up in business. Salsmann was arrested, and in police court yesterday paid a fine of \$10 for failing to report his purchase to the police.

Wanted—Good farm and city loans. We have \$400,000 to loan on improved security at 6 per cent and small commission. We also have money to loan on stock and grain.

The Late Snow Storm.

The late political snow storm continues to be the chief topic of conversation all over town and everywhere. People are still wondering where it came from and what caused it, and in talking about the causes they sometimes get hot. But it makes no difference how they get it, they have never overlooked the fact that there are more snow storms coming, freezing blizzards, and the wisest and brightest of them go down to 919 Main street and talk to T. H. Hughes about it. They always find a warm welcome, the best and warmest shoes and the hottest bargains in a full line of shoes, hats and gentlemen's furnishing goods.

NEWS FROM COUNCIL BLUFFS

Manawa Electric Road Matters Postponed by the County Board.

CAUSED BY DELAY IN PERFECTING TITLES

Considerable Time Taken Up in Considering Saloon Business—Retiring President of the Board Handsomely Remembered by His Associates.

The question of granting a right of way to the Council Bluffs and Manawa electric railway over the county road will not be taken up at the present meeting of the board of supervisors. The work of clearing up the title to the land owned by George F. Wright has taken some little time, so that the condemnation of the property has not been completed, and cannot be before the first part of next month. Another meeting of the board will be held December 12, and it is likely that the matter will be again brought up for consideration then.

Nearly all of yesterday was taken up with matters with reference to the saloon business. The supervisors never had so much to do with the saloon business in their lives until now when the matter is in force, and every session sees a long line of saloonists waiting for a chance to be heard. They want remission or reduction of taxes, and a great deal of evidence has to be taken in order that the board may act upon their requests knowingly.

The contract with C. E. H. Campbell for the building of county bridges during the year 1895 was renewed by the board yesterday.

The board paid a visit Thursday to a bridge over a ditch northeast of the city which is claimed to have caused the death of a number of horses whose owners now want damages from the county. Several carcasses were found, but the members of the board seem to have a suspicion that they were dead before they went there.

Just after the board adjourned last evening Chairman Black was surprised by being presented with a fine edition of the Encyclopedia Britannica, in twenty-four volumes, bound in blue cloth. The gift was made by S. B. Wadsworth, in behalf of the board and the other friends who contributed. Mr. Black retires from the presidency and from the board January 1, 1895, and in recognition of his good services during the last two years.

BENNINGSON BROS.

Lumber Dealings Aired.

A case involving \$5,000 worth of stock of the now retired Council Bluffs Lumber company is on trial in the district court. Some time ago the company was merged with the Rex Lumber company. Before that Mrs. M. J. Irons disposed of her interest, \$5,000, to the John R. Davis Lumber company, a Wisconsin for \$2,000, inasmuch as that company held a claim of about \$11,000 for goods sold the Council Bluffs Lumber company, which she had taken entirely, while out of the company's assets. Mrs. Irons now alleges that the sale was brought about by false representations, and that the claim of the Davis company was entirely fraudulent. She accordingly wants the sale set aside and a judgment for the difference between the value of her stock and the amount she received. She further claims that all the money actually in the business was put in by her, although she held only one-third of the stock. Evidence to that effect was introduced yesterday, and it was shown that she did not know of the way in which the affair was managed until after the sale. The other stockholders, however, testified that they had a financial interest in that company, but were members of the Star Union company, whose bills they accordingly made as large as possible, so that they might have their stock wiped out entirely the \$15,000 claimed to have been invested. She wants the court to adjudge her the owner of the other two-thirds of the stock, as well as the \$10,000 for which she held certificates.

Reichart and his associates, and the court cannot legally be sent into the territory the matter must remain with the Department of Justice.

Agreeably Surprised.

Henry Wilson, the postmaster at Welshon, Fla., says he cured a case of diarrhea of long standing in six hours, with one small bottle of Chamberlain's cholera, colic and diarrhea remedy. What a pleasant surprise that must have been to the sufferer. Such cures are about unusual with this remedy. In many instances only one or two doses are required to give permanent relief. It can always be depended upon. When reduced with water it is pleasant to take.

Cannot Fight Hill Corbett Does.

BOBTON, Nov. 16.—J. Quinn, baker of Peter Maher, posted \$500 to match Maher against Steve O'Donnell, the forfeit to remain up one month. Manager Brady said O'Donnell would not fight any one until Corbett had fought Fitzsimmons, because O'Donnell was under contract to Corbett, and would not have a liberty until the next day this week for a match with O'Donnell at the same time as the Corbett-Fitzsimmons fight the amount will be covered.

Lost a Foot.

Christ Nelson, a farmer living in Cass county, lost his right foot last evening. He set on a ride from Atlantic to this city and managed to get along until he reached the Rock Island yards in the southern part of the city. There he mounted his horse, his footing in some manner, and fell beneath the wheels. The car passed over his right limb just above the ankle, severing the foot. He was picked up by the police and taken to the Woman's Christian association, where his injuries were cared for.

Putting in New Wires.

C. A. Atkins, the manager of the Nebraska Telephone company in Council Bluffs, is putting in new wires throughout. The wires now in use have been working for the past six years, and their joints will soon begin to show the effects of old age. Before they are in anything like a serious condition, however, they will have been replaced by the new ones, without interfering at all with the workings of the system.

DES MOINES LEADER'S TROUBLE.

Numerous Attachment Suits Force Its Sale to Another Combination.

DES MOINES, Nov. 16.—The Daily Leader plant in this city will change hands in a very short time. It will probably be sold to James Pierce, who has so successfully built up the Iowa Homestead. The paper has been in a bad financial condition for some time, and several attachment suits are already filed against the plant in the courts, and if not sold soon the suit will be pressed. Twenty thousand dollars is said to be the sum agreed upon for the purchase price. Pierce expects to sell his interest in the Homestead to Henry Wallace (who has been the editor for many years). Postmaster Ed Hunter is supposed to have some interest in the new deal for the Leader.

Discovered Sensational Evidence.

CEDAR RAPIDS, Ia., Nov. 16.—(Special Telegram.)—A petition for a new trial containing sensational charges was filed in the supreme court today by the defendant in the case of E. D. Markley against George E. Owen, an action involving the title to eighty acres of land. The new trial is asked on the ground that evidence introduced in behalf of the plaintiff was false and fraudulent. The petition charges that the letter introduced in the recent trial purporting to be a copy of a letter written by the late Daniel Owen, said to be lost to Markley, which admitted the sale of the land in controversy to Markley; that the same had been fully paid for, and that the same at any time, was fraudulent. Owens says he has two witnesses who will testify that the original letter stated none of the purchases money, but that it is claimed Markley used various chemicals to destroy that portion of the letter and insert the false statement that the land had been paid for. Owens is an executor and trustee of the Lottian estate.

Sudden Death of A. M. Head.

DES MOINES, Nov. 16.—(Special Telegram.)—Word was received here this afternoon announcing the sudden death of A. M. Head of Jefferson from paralysis of the brain. He was a brother of Captain Albert Head. He was 58 years of age, and leaves a wife and five children. With him was also removed from Poveshek county twenty-five years ago to Jefferson. He filled many positions of public trust.

STORIES WERE UNTRUE.

President Contradicts the Stories Concerning Himself and Carlisle.

WASHINGTON, Nov. 16.—The attention of the president was called to the statement that there had been a disagreement between him and Mr. Carlisle in regard to the issue of bonds and other matters, and intimating such disagreement might result in the secretary's retirement from his cabinet. The president emphatically denied the entire "batch of silly misstatements," and said: "Never since our association together has there been the slightest unpleasantness or difference concerning the affairs of the Treasury department or any other matter. I have ever regarded Mr. Carlisle's attachment to me as an sincere and great as mine is for him. I should be much afflicted if anything should cause him to entertain the thought of giving up his position, where he is doing so much for his country. We have agreed exactly as to the issue of bonds, and there has been no backwardness on his part on that subject. I see it is said I am formulating a financial scheme. If such a scheme is presented it will be the work of the cabinet, and I will support it and I shall endorse and support it. The trouble seems to be that those charged with the executive duties of the government do not appear willing at all times to take counsel of the newspapers and make public all they intend to do."

Honduras Demotes Silver.

WASHINGTON, Nov. 16.—The secretary of the treasury has been informed the present currency of British Honduras was demoted October 15, 1894. The present coins will be redeemed at the rate of 50 cents of the new currency for each dollar of the current money. The new currency of the United States will hereafter be the standard of value in Honduras. Hitherto the currency has been the dollar of Central and South America. The effect of this action, therefore, is demotion of silver.

Still Calling for Troops.

WASHINGTON, Nov. 16.—The Indian office has received a telegram from Agent Windom at Muscooge, I. T., giving a brief account of the train holdup by the Cook gang. He calls attention to the fact that requests that troops be sent into the territory and states that the people are unable to protect either their lives or property. It has been decided that the troops should be sent into the territory the matter must remain with the Department of Justice.

Railroads Need Not Pay It.

INDIANAPOLIS, Nov. 16.—Judge Theodore Pravis of the appellate court, acting as special judge, decided against the state in the case of the Chicago & Eastern Illinois railway. The state claimed a fee of \$25,000, said to be due on incorporation papers. The court ruled that no papers had been filed. The case will be taken to the supreme court, and if lost there, quo warranto proceedings will be begun to keep the road from operating in Indiana. The road is one of those to protect whose property the state is protecting during the late strikes.

Drawing from the Trust Funds.

NEW YORK, Nov. 16.—The Central Trust company, as trustee of the general first mortgage bonds of the Northern Pacific railroad, drew for the sinking fund in compliance with the requirements of the trust \$372,000 of these bonds, which will be paid in 10 and accrue interest to January 1, 1895, on which date interest shall cease. This is the largest drawing ever made, so bonds having been drawn for eighteen months.

Lake Erie & Western Extending.

INDIANAPOLIS, Nov. 16.—From a private source here this afternoon it is learned that the Lake Erie & Western railroad has probably purchased the Indianapolis, Decatur & Western railway, and that under way in New York today. The general officers in this city will not talk about it.

O'Donnell's Challenge to the World.

GALESBURG, Ill., Nov. 16.—Champion J. Corbett announces that Steve O'Donnell is preparing to issue a challenge for a match between O'Donnell and any man in the world for \$5,000 a side, Peter Maher or Jim Hall preferred. The match is to take place the same week Corbett fights Fitzsimmons.

GOING BACK FOR HIS TITLE.

Exiled Russian Thinks to Step into Favor Again with a New Czar Reluctant.

EUREKA, Cal., Nov. 16.—A. H. Nowy has started for Russia to claim his title and estate confiscated twenty years ago by the Russian government. His title was count and he owned a large property, which he forfeited for criticizing the czar. He fled to America, and during the last twenty years has supported himself and his family by various occupations. A year ago he came to Eureka to take charge of a ranch. Since the death of Alexander III, he has been advised by friends that with the accession of the new czar his restoration to rank and fortune is practically assured. Should this be done not only will Nowy receive his title and estate, but under his law the accumulation of a fortune during all these years will also be his.

The Best Plaster.

Dampen a piece of flannel with Chamberlain's pain balm, and bind it over the seat of pain. It is better than any plaster. When the plaster is removed, rub Chamberlain's on the chest and another on the back, between the shoulder blades, will often prevent pneumonia. There is nothing so good for a sore back or a pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with pain balm.

Depositors Taking Over the Bank.

SAN BERNARDINO, Cal., Nov. 16.—The depositors of the First National bank, which closed Thursday last, are making arrangements to rehabilitate the bank themselves. At a meeting at which \$75,000 out of a total of \$170,000 was represented, a committee of six was appointed to confer with Bank Examiner Wightman as to the plans for reorganization. Two members of the committee said that they had good grounds for stating the bank would be reorganized, and that all directors would be chosen from among depositors, excluding any who have heretofore served as directors or officers.

Demanders Treasury's Resignation.

DENVER, Nov. 16.—Adjutant General Tarsney has refused to comply with a request from Governor Waite for his resignation, saying he will resign when the governor, whose retirement has been demanded by a majority of 29,000, does the same. It is understood the governor will remove the adjutant general. The general department nomination of Governor Waite as candidate for governor, and the governor wishes to place a friend in the adjutant general's office for the remainder of his term.

Memorial Portrait of Edwin Booth.

BALTIMORE, Nov. 16.—Edwin Booth's memorial portrait has been formally presented to the city of Baltimore. Critics pronounce the design and execution perfect in every detail. It delineates Mr. Booth in his great impersonation of the character of Hamlet and was painted from a photograph taken about the time of the memorable 100 nights run at the Winter Garden theater, New York. In presenting the portrait, which is encased in a massive gilt frame and will be hung on the south wall of the room Mr. Charles E. Ford delivered an interesting and appropriate address.

Fortune Dropped at His Feet.

CHICAGO, Nov. 16.—This morning W. H. Dent, president of the bank at Lemars, Ia., was startled by the court and a fall invested large pocketbook beside him on the sidewalk. He feared to touch it, but John Calem, an electrician, picked it up. Examination showed it contained a very large amount of money. How much is not known, as the finder took it into an adjoining bank and deposited it pending inquiries by the owner.
