The fire department was called out last evening about 8 o'clock by a fire at the axe handle factory on North Ninth street. NEWS FROM COUNCIL BLUFFS

Two Insurance Men Taken in Tow on Suspicion of Being Confidence Men.

RELEASED AFTER TWO HOURS' DETENTION

Trouble All Arose Over the Giving of a Note for Insurance and the Supposed Victim's Wife Thought He Was Being Buncoed.

Two men representing themselves to be connected with the New York Life Insurance company had about four hours of grief yesterday afternoon as the result of their taking a note of $430 in payment for an insurance policy. The transaction took place in the bar room of the Grand hotel, and several gentlemen, among them H. P. Barrett, S. B. Wadsworth and Captain H. L. Henry, who noticed it, had their suspicions aroused that a confidence game was being perpetrated under their very noses. The victim was a farmerish looking fellow with blue overalls, while the insurance men were well dressed and smooth looking customers. The police were notified and the two were taken into custody, but in the confusion the farmer disappeared. For several hours they were kept in town by Officers Murphy and Weir. The officials of the New York Life company in Omaha were telephoned to, but they did not know any one of the names given by their alleged agents. The farmer, whose name was Dolan, and who lived nine miles east of the city, thought he had secured a snap, and he would not under any circumstances think of taking back his note for $430 at the expense of surrendering the snap, nor would he prosecute his benefactors. The two men were finally discharged, and at last accounts Dolan was in a saloon celebrating his good luck.

H. S. Ford, the cashier of the New York Life, arrived in the city last evening to explain it all. He said that both men were in the employ of the company, as they claimed, and that the trouble was caused by Dolan's wife, who thought that her husband was being buncoed, and put the officers on his trail.

Social Happenings.

Thursday evening the custom of having "ladies' night" once a week at the League club rooms was organized in a very successful fashion, and so well pleased were all those present that it will be followed throughout the winter. While the guests were arriving some of the ladies amused themselves by conquering the rudiments of pool and billiards, after which whist and high five were indulged in. Some of the ladies are expert players, and the gentlemen found that with all their practice they had no walk away. One of the features of the evening were the refreshments, which were served by Randlett. Fruit tablets with a chocolate background bearing the words, "The League," in white letters were among the dainties. The guests were: Dr. and Mrs. J. M. Barstow, Mr. and Mrs. J. J. Last evening the Ganymede Wheel club entertained their friends in royal style at the club rooms. About seventy-five guests were present, many of them from Omaha. The early part of the evening was spent in listening to a magnificent musical program. Messrs. Bistoli and Mancinelli, with their "multum in parvo" orchestra, opened the program with a selection, which was enthusiastically received. With the assistance of H. P. Sutorius of Omaha they rendered some of the finest music ever heard in the precincts of Ganymede, the "Miserere" from Il Trovatore and the "Intermezzo" from Cavalleria Rusticana being especially admired. C. H. Ogden sang a solo, "Meditation," by Chenery, and being encored, responded with "Proposal." John J. Frainey gave one of his Shakespearean recitations, which was also warmly received. After this portion of the entertainment the guests were escorted to the dining room, where a feast awaited them, composed of pretty much everything that would tickle the well developed appetite of a lot of wheelmen and their friends. The arrangements were all in the hands of George C. Pullman and R. C. Peregoy, who deserve great credit for the manner in which everything passed off. The following is a list of those present:

George E. Williamson, M. C. Van Deveer, Eli Brown, C. E. Parsons, H. D. Brown, I. W. Parsons, Ray W. Bixby, R. C. Peregoy, C. K. Stoddard, Joseph J. Boyne, R. P. Robinson, W. M. Grace Guild delighted a large number of friends with a musicale Thursday evening in the parlors of the Grand hotel, and, besides maintaining its reputation for furnishing enjoyable entertainments, cleared a handsome sum, which will be used in carrying on the work of the organization. Master Aaron Lyman and the Misses Bedison rendered a charming mandolin and guitar selection. Mrs. Roff's clear soprano voice was heard to excellent advantage. The Misses Mary Bryant and Emma Williams played a very taking instrumental duet. I. M. Treynor rendered Sullivan's "The Distant Shore" in a manner that showed its quiet beauty most effectively. William McCune and Robert M. Weir are Omaha musicians heretofore but little known to Council Bluffs audiences, but their selections were finely rendered and there is a hope that they may be heard again on this side of the river. The banjo duet by Mr. and Mrs. C. A. Atkins and the vocal duet by Mrs. Mullis and Mrs. Roff were well received, and mention should be made of the efforts of J. H. Simms, who performed the duties of accompanist in a highly creditable manner.

The Union Veteran legion entertained its friends last Thursday evening at the hall of the Woodmen of the World on Upper Broadway. Dancing was indulged in later on, and refreshments were served.

Tuesday evening the ladies of the First Presbyterian church gave one of their enjoyable socials in the church parlors, and a large number of members and friends of the church were present. An attractive program was rendered, consisting of vocal music by Mrs. W. W. Sherman, instrumental music by Miss Rusk, and recitations by Miss Edith Thomas, after which refreshments were served. The ladies are doing a great deal of effective work to raise money for carrying on the church work.

Mrs. E. W. Hart entertained a large number of lady friends Thursday afternoon at a reception at her home on South Seventh street, given in honor of Mr. Hart's mother, Mrs. T. M. Hart of Massachusetts. Mrs. Ernest Hart assisted at the ice cream and cake table and Mrs. Charles Stewart at the coffee and chocolate.

NEW RAILROAD SPRINKLER.

A Toronto Inventor Devises a Sprinkler Which Wets Ten Miles of Railroad.

A dustless street is a blessing both to property holders and travelers, and it would be hard to find a device which contributes more real comfort to the population of a city than the street railway sprinkler. One of the earliest adopters of the sprinkler in this country was the Chicago Street railway, which has for a number of years sprinkled parts of its cable lines with tanks hitched on behind trailers on the regular cable trains. They sprinkle only about six inches outside of the rails of a single track. One man constitutes the crew, his principal duty being to shut off the water when the train stops for passengers.

An improved sprinkler has just been made for the Toronto Railway company. It has a tank holding about 3,000 gallons of water, and will sprinkle ten miles of single track without refilling. At first it was arranged to sprinkle both tracks at once, but it was found that in the downtown sections, where the headway of the cars is in some instances fifteen seconds or less, it was necessary to shut off when passing motors on the opposite track, which left dry spots every few feet.

The plan of sprinkling one track at a time is found to answer well; the work is done better, and it costs but little more, for, although the mileage is doubled, the increased speed which can be maintained almost makes up the difference. The tank is filled in about five minutes, the water being given by the city. Sixty-five cents a mile per day is received from the property owners along eighty miles of track for the service of four sprinklings a day.

DEALT IN BOGUS BUTTER

Iowa Creamery Manager in Trouble on a Serious Charge.

BUTTERINE SOLD FOR THE PURE ARTICLE

Several Thousand Pounds of the Stuff Confiscated by the Authorities and the Owner of the Plant Pleads Guilty.

DES MOINES, Nov. 24.—(Special Telegram.)—The details of the seizure of bogus butter in Clayton county were received here today. State Dairy Commissioner Boardman learned recently that certain creameries in that county were kept closed against visitors, and began an investigation, and yesterday seized about 3,000 pounds of butterine or oleomargarine, and 2,000 pounds of butter in which the bogus stuff was mixed.

The creamery was located at Elkport and was operated by H. S. Byers. The plan was to ship the stuff from eastern factories and mix it with pure butter in such manner as to make it difficult of detection. As the imitation butter was very cheap there was a good profit in selling the mixture for pure creamery butter. The commissioner also seized 1,600 pounds at another creamery operated by Byers at Edgewood.

Byers promised to make no fight, but will plead guilty and stand the penalty, which is a fine of $50 to $100 or thirty days in jail, or both, and confiscation of the bogus material, which makes it a costly business.

DENIED THE INJUNCTION.

Telegraph and Railroad Companies Quarrel Over a Contract.

DES MOINES, Nov. 24.—(Special Telegram.)—Judge Spurrier of the district court this morning handed down a decision in the important matter of the Western Union Telegraph company against the Des Moines Northern & Western Railway company and the Postal Telegraph company. In this action the plaintiff sought to secure the issuance of a restraining order prohibiting the defendants from interfering with it in reconnecting its telegraph wires with those established along the line of the Des Moines Northern & Western, with which the Western Union claims to have had a contract for the exclusive transaction of commercial telegraph business to and from the stations on the system of the railway extending from Des Moines to Boone and from Des Moines to Fonda. This contract was entered into March 19, 1880, with the railroad company then known as the Des Moines, Adel & Western Railway company, and successively recognized and carried out by all succeeding managements until it came under the management of F. M. Hubbell, who, during the present year, refused to recognize the original contract, and entered into a contract with the Postal Telegraph company, and cut and disconnected the plaintiff's wires at all points on the line of the railway company with the system theretofore in operation by plaintiff.

Application for injunction is denied on the ground of insufficient evidence that a contract existed between the Western Union Telegraph company and defendant railway company.

HIS FUN PROVED FATAL.

Gave the Burlington the Best of It.

CRESTON, Ia., Nov. 24.—(Special.)—In the district court yesterday afternoon the arguments of counsel on the demurrer in the case of H. J. C. Maine against the Chicago, Burlington & Quincy railroad company were concluded and Judge Tedford rendered a decision, sustaining the demurrer, thus ending the suit in favor of the defendant. The question was comparatively new. It involved the right of an employe of the railroad company in case of injuries sustained to bring action in court to recover damages after having accepted benefits from the relief department of the company. In this case Maine was injured on or about May 10, 1892. He accepted benefits from the Burlington Voluntary Relief department for several months and then refused further benefits and began suit to recover $2,000 damages because of the injuries sustained. The court held that an employe has a right to and must elect between receiving benefits from the relief department or action in court to recover damages. He could not do both. If he accepted the benefits he had no standing in court to ask for damages, and if he began an action in court for damages he could not claim benefits from the relief department.

This question is one of interest to all employes of corporations or companies that have the relief association feature, and the decision rendered by Judge Tedford yesterday is one of, if not the very first, that fully covers the issue.

There was another important issue in the case. In his petition the plaintiff charged among other things that the surgeon who attended him and dressed his wounds did so unskillfully. The defense met this with the argument that the railroad company was not responsible for the acts of its surgeon, and in this also they were sustained by the court.

Hon. Walter H. Butler Missing.

CEDAR RAPIDS, Ia., Nov. 24.—(Special Telegram.—A startling and sensational piece of news has been received here from Oelwein. Hon. Walter H. Butler, who for some time has been principal of the normal college at that place, bought a ticket for the afternoon train southbound Thursday, and since that time has not been seen or heard of.

His wife and son, who live at West Union, are wild with apprehension, and are at a loss to account for his mysterious disappearance. Mr. Butler was formerly editor of one of the leading newspapers of Fayette county, and four years ago ran on the democratic ticket for congress in the Fourth district, and was elected. He became quite famous in congress by the introduction of a resolution to make the pansy the national flower, since which time he has been known as "Pansy Blossom Butler."

Colored Plaster for Walls.

Colored plaster is now so frequently used for finishing the walls of new houses that workmen do not object to its use as strongly as they did a few years ago, and it is now a common thing to see the walls of one room colored a pretty buff or yellow, and of others soft reds, old rose and other colors. It is asserted, however, that too much of the colored powder added to the plaster injures its quality. Builders are, however, experimenting with a mortar pulp that comes in all colors and which it is claimed improves the mortar. A writer in the Art Exchange says that in one of its green shades it is "cool, delightful and fascinating," and gives the following directions for its use: "To prepare mortar in this manner a small quantity should first be mixed with coloring matter and a portion dried before the fire. If the shade is too light or too dark more color or more mortar is added until it suits. Be sure to mix all that is needed for one room at a time, as it is difficult to match. The ceiling should be several shades lighter than the walls."

EVERYBODY CAN COME IN NOW

HELPING INVALIDS TO FORTIFY AGAINST THE WINTER

Beginning Now and Until January 1, Drs. Copeland & Shepard Will Make a Special Low Rate To All Who Apply—Important to Sufferers from Throat and Lung Troubles.

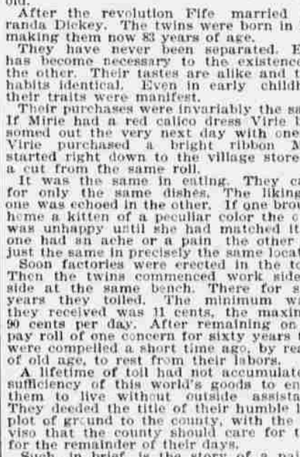
Hundreds of chronic sufferers are now under the daily care of Drs. Copeland and Shepard. Still, by increasing their office capacity, more can be accommodated. The doctors offer a special low fee until the new year that all who seek safety and relief may be treated. Come now.

Catarrh is a dangerous and obstinate disease. Now is the proper time to get relief, build up, strengthen the effected parts and be better prepared for the cold and changes of the weather. The fee is low enough to enable the greatest number to obtain relief. Do not trifle with your health.

A fact no longer questioned is that neglected colds will develop bronchial trouble, and from that phthisis—incipient consumption. In spite of our healthful climate hundreds of bronchial cases result in consumption right here in Omaha. No one doubts this. Drs Copeland and Shepard can arrest and cure bronchial catarrh.

Why not get rid of your catarrh NOW, before it results in serious lung disease?

John Welch is a young man of 16, and lives at 1102 S. 10th street with his aunt, Mrs. Powers, wife of R. T. Powers, the well known Union Pacific passenger conductor. This bright lad is in the employ of M. E. Smith & Co., wholesale dry goods. He says:



JOHN WELCH, 1102 S. 10th Streeet, with M. E. Smith & Co.

"Yes, I took a course of treatment with Dr. Shepard for catarrh and bronchitis, and I am highly pleased with the results. My trouble came from taking cold in the winter. The disease showed itself first in my head, clogging the nose and throat. Then it worked down into my lungs. Mornings I would cough and gag terribly, raising a frothy white phlegm. My lungs hurt me and were very sore. If I walked up stairs I was all out of breath, and if I had gone long in this way my lungs would have broken down completely.

"The catarrh after a while got to my stomach and I lost my appetite. As my eating dropped off I lost in flesh. My color was bad. I became pale and weak and was running down fast when Dr. Shepard took me in charge. I felt better after the first office treatment. My head cleared up. I wanted to eat. The soreness and pains steadily left my chest. I can walk now and not get out of breath. My cough is gone. To sum it all up, I am well. Dr. Shepard promptly checked my disease and built me up so that I know that I am safe from further lung trouble. My cure was effected last year and it stays by me."
