Inclined to Demand Reparation for the Search of the Steamer Sydney.

ANTIC-PATE OPPOSITION IN THE DIET

Japanese Newspapers Publish Maps Showing the Chinese Empire Parcelled Out Among the European Powers and Herself.

VICTORIA, Nov. 30.—The Victoria, thirteen days from Yokohama, arrived today. The Associated Press correspondent, writing November 17, says: No trouble is expected to result from the affair of the steamer Sydney. The United States government is justifiable on the grounds of self-defense, and Great Britain coincides, although some form of explanation or apology may be deemed desirable. France has taken a less conservative view of the situation, but is not disposed to make serious difficulties. Her opinion appears to be that the exigency was not sufficiently alarming as to call for the removal of passengers from the French mail steamship.

Later developments indicate that the self-claimed explosive experts were irresponsible speculators. If not impostors. Reports were received connecting Colonel Fred Grant with the undertaking, and his name carried with it a weight which would not have been accorded to unknown adventurers. It is well known that Li Hung Chang holds the memory of General Grant in reverence, and would presumably have been disposed to place unusual resources at the disposal of a party representing his son. The sums alleged to have been promised Colonel Grant, and which have been actually paid to him by agents, correspond exactly with those set forth by the travelers on the Gaelic and Sydney. Taking these and other correlative facts into consideration, the Japanese government believes it is under the necessity of guarding against the threatened danger. The French diplomats and consuls of the United States are powerless to do anything, and are inclined to do so, and relying on the authorized readings of international law, Japan availed herself of what she claims is a legitimate law. The American passengers were released November 12, after taking oaths not to aid China in any manner and expressing in writing their gratitude for this release. A telegram from the United States to the French government has referred several points of the Sydney affair to its legal advisers, who pronounced judgment that Japan acted under no obligation to detain the crew, and that the United States would be bound to enforce the rulings of the international law.

NEXT CONGRESS MAY BE LIVELY.

The seventh session of the Diet has been called to meet in Tokyo December 4. It is not anticipated that the proceedings will be so harmonious as those of the extraordinary session recently held at Hiroshima, the purpose of that gathering was to authorize war expenditures and all domestic discussions were allowed to rest by common consent. The legal and patriotic purposes of the members having been indefinitely avowed, the opposition now considers itself free to resume its customary violent attitude toward the government. It is believed that the administration will not be carried to such excess as in former years, but as the extreme radicals have often proved themselves determined to block the course of the government, no matter at what hazard, the country has little expectation of their restraint on this occasion.

LEAVING SHANGHAI UNDER SEALED ORDERS

Evidence that Great Britain is Moving Independently Toward a Settlement of the China-Japanese War—Hung Chang's New Army.

LONDON, Nov. 30.—A dispatch from Shanghai says that the fleet of British warships in the China seas is being ordered to depart under sealed orders. The presence of three British cruisers opposite the estuary of the Yangtze River is considered to show that Great Britain has decided to move toward a settlement in the east, and to obtain a voice in the settlement to be arrived between Japan and China.

The dispatch adds that fears are increasing that Li Hung Chang will place himself at the head of the army which he has created for his own purposes. Thousands of troops are reported to be arriving from different parts of the country for service under Li Hung Chang. A dispatch to the Pall Mall Gazette from Chefoo says that terms of peace between China and Japan have been almost arranged through the intervention of the United States. If anything, feeling is stronger as regards the safety for foreign ladies are returning to Peking.

GIVEN TIME TO THINK IT OVER.

JACQUES AND THOMAS SENTENCED FOR SWINDLING CREDULOUS AMERICANS.

LONDON, Nov. 30.—The trial of James Frazier Jacques and Howell Thomas, charged with fraud in connection with the claim of the Townley estate, which has been in progress here for three days, has resulted in a verdict of guilty against both the defendants. Jacques and Thomas were sentenced each to twenty months' imprisonment at hard labor. Thomas, on July 20 last, was sentenced to five years' penal servitude after having been convicted of obtaining money by false pretenses and forged documents in connection with the case.

A number of witnesses, including four business men of Evansville, Ind., W. E. French, Charles E. Sewell, Samuel G. Evans, and Herman Engle, went to Europe to testify against this swindler. Jacques' defense was that he was a victim of the fraud of the Townley estate, and it is added that they are to be found in cities all over the country. Jacques has relatives in Evansville, Ind., and that was the place where he told his interesting story about the many millions which he claimed were wrongfully held by the British government from the American people.

The statement that Great Britain refused to recognize the new Nicaraguan government at Bluefields is most positively denied. The question was not one of sovereignty of Nicaragua over the Mosquito coast, which Great Britain had already acknowledged in the above-mentioned treaty.

WASHINGTON, Nov. 30.—Information of the exact program to be pursued tomorrow by Reuben F. Kolb, the populist claimant to the governorship of Alabama, was made known here today. Thus far Kolb has disclosed only that he and his populist followers, estimated at about 50,000, would go to Montgomery, take the capital and there demand that Kolb be sworn in as governor instead of Oates. The national headquarters of the populist party at Washington have been closed since the election, and Chairman Taubeneck has been in St. Louis the past few days attending the sessions of the Bimillennial league, which has been meeting there.
