CITY COUNCIL PROCEEDINGS

Report of the Joint Committee on Fire Protection is Adopted.

GALLIGAN TO BE RETIRED ON HALF PAY

the Fire Department and Purchase of Additional Equipment Must Be Made-Street Lighting Contract Approved.

The report of the special committee on fire protection, together with relative documents, was the most important subject considered by the city council last night. The report of the special committee was accompanied by a sup-

recover conts, but that each party is resever to council last night. The report of the special committee was accompanied by a supplementary report of the council committee, which recommended that on the retirement of Chief Galligan he be granted an indefinite leave of absence on half pay. The definite leave of absence on half pay. The was unanimously adopted, as was also the following report from the success of the following report from the following report from the success of the following report from the following report from the following report from the success of the following report from the following report from the following report from the success of the following report from the following fro youth restored and preserved. Wrinkles and very trace of age removed. Gray hair

THERE SHOULD BE NEW BLOOD. Third—It appears from the evidence that many delays have occurred at recent targe fires on the part of the fire force in getting properly at work to light the fires; that numerous accidents to the apparatus and implements used and to the fire hydrants implements used and to the fire hydrants have occurred, due at least to some extent to improper handling of the same; that some of the apparatus has at times not been put promptly into use and that those in charge of the fires have at times exhibited a want of proper knowledge of the buildings involved, their structure and their situation and relation to surrounding buildings. By reason of these facts and circumstances and others disclosed by the evidence we find that the fire department is deficient in organization, discipline and numbers. We recommend a complete reorganization of the fire department, and to this end we recommend the engagement of a man of experience and reputation as an expert for chief of the fire department and such assistants and additional force as may be required to handle promptly all of the apparatus and implements which the fire department may at any time possess for the paratus and implements which the fire de-partment may at any time possess for the purpose of fighting fires and as may be necessary for the purpose of proper investi-gation and knowledge of the conditions which may exist, especially in the business district above defined, which should be known to enable the fire force to fight any particular fire intelligently and successfully. Owing to the situation many of the largest and best fire insurance companies have withdrawn their business from the city of Omaha; others have largely reduced the withdrawn their business from the city of Omaha; others have largely reduced the amounts of their several lines of insurance, and those companies which still do business here have very materially increased their premium rates, and especially as to the insurance upon buildings and the merchandise and chattel property therein contained, which are more than three stories in height. In our opinion an emergency exists.

We therefore recommend that your honorable body and the Board of Fire and Police Commissioners take such immediate action in the promises as may be necessary to remedy the existing evil.

REQUEST FOR ENGINES REFERRED.

The resolution passed by the Board of Fire and Police Commissioners asking for the purchase of three additional engines was re-ferred to the finance committee, the city attorney and the president of the council, with instructions to report at an adjourned meet-ing of the council to be held Friday evening.

ing of the council to be held Friday evening. A communication from the Commercial club endorsing the report of the special committee was placed on file.

The mayor communicated the fact that he had aproved the bonds of S. I. Gordon, Anton Kment, Sol Prince, F. B. Kennard, W. A. Saunders, C. L. Jaynes, C. L. Thomas, Cadet Taylor and George Mercer as ward councilmen.

The contract and bond of the Thomson. Houston company for furnishing street lights for three years, from January 1, was submit-ted by the city attorney. Its provisions were in harmony with the proposition of Mr. Wiley, which was accepted by the council at the previous meeting, and S. L. Wiley and A. R. Hunt were named as surstles. The document was approved, Burkley, Cahn, Eisasser and

Hascall voting in the negative.

The contract and bond of The Bee Publishing company, with Frank Murphy and B. B. Wood as surities, for the city advertising was also approved. At the instance of the judiciary committee a second direction was issued to City Clerk Evans to issue a certificate of election as city This was the result
