After a Weak Session the Wheat Market Closed Higher.

BEARS IN EVIDENCE AT THE OPENING

Corn Was Strong Early and Late with Fluctuations During the Middle of the Day-Stocks and Bonds.

CHICAGO, Dec. 6.-After a weak session the wheat market braced up near the finish and, helped by reports of heavy export business, closed %c higher. May corn gained May oats %c and provisions closed slightly higher.

The wheat market opened weak on the successful efforts of the bears to impress the crowd with a bearish view of the gov-ernment report. Thoman's report in the Cincinnati Price Current was another weakening factor, representing as it did that the acreage of fall wheat this year was increased 1.6 per cent, and its condition 94.7, against 91.5 a year ago. The Minneapolis and Duluth receipts were against the mar-ket as usual, numbering 725 cars, compared 50; goese. 60. with 409 a year ago. Cables were easier. May, which at the close yesterday was from 60c to 60%c, started at from 60%c to 60%c. It sold off to 59%c, recovered to 60%c and then declined to 59%c, with a sale of and then declined to 55%c, recovered to 60%c and then declined to 55%c, with a sale of 5,000 bu, as low as 59½c. Then came strong closing cables from London and reports of another big day's cash business at the seaboard, the latter throwing discredit upon earlier reports from New York that foreigners were reselling wheat previously bought and trying to relet the freight room they had engaged. The market began to harden on the latter news, and about five minutes from the close had advanced to 60½c, and that was still the trading price at the end of the session.

Corn was strong at the opening and strong later. May opened at 45%c, sold sparringly at from 49½c to 49½c, then up to 50½c. It reacted to 45½c and closed at 45%c. Receipts were 291 cars, instead of 200 cars, as estimated, but only 12 cars graded contract out of today's receipts, and 257,000 bu, were withdrawn from store. Vessels were chartered today for 215,000 bu. At country stations in lowa corn is selling at from 50c to 54c per bu, and Minnerpolis is trying to battract corn by idding 48½c for t. The exboard reported 5 boat loads taken for export today.

In oats an extremely dull session was

today, oats an extremely dull session was

passed. Few sales were effected. May started at 32%c, sold at from 32%c to 32%c, up to 32%c and closed with sellers at 32%c for May. Fluctuations were in sympathy with corn. for May. Fluctuations were in sympathy with corn.

The provision market broke a little early on the heavy run of hogs, 51,000 head being reported received. The strength in corn and wheat caused a revival of confidence, and in the end prices were a little higher than on the day before. May pork closed 7½c higher and ribs 2½c higher for January and 5c higher for May. May lard closed 5c higher.

As to Gold Shipments.

NEW YORK, Dec. 6.—Sterling exchange is strong on a limited volume of business. As is usual at this period of the year, exchange is in demand to anticipate the January disbursements of interest. While it is believed some gold will go forward Saturday, none of the exporting houses have as yet made known their intention to make shipments. One of the houses soid exchange early in the week with the view of shipping gold against it in case exchange should decline, and will undoubtedly make a shipment. Hates are very firmly held at a shade higher figure than yesterday.

U HOGS-It looked rather discouraging to hos HOGS—It looked rather discouraging to hog salesmen this morning, although the run here was only fair, owing to the heavy supply at Chicago, but at the close prices were not much if any different from the close Wednesday. Buyers started in to pound prices, and succeeded in getting a good mainy hogs at a decline of from 5c to 10c, but under more favorable conditions later in the day the market reacted, and closed stronger, with a good part of the early loss regained. The market from start to fin sh was crratic and very uneven, apparently the same grades of hogs selling at widely different figures, according as to just how they would suit the buyer. One choice load of heavies topped the market at 44.50, while outside of this nothing brought above 44.0. The bulk sold at from \$1.15 to \$4.40, against a bulk yesterday of from \$4.25 to \$4.40. CHICAGO LIVE STOCK. There Was a Fair Demand for All Grades CHICAGO, Dec. 6.-There was a fair demand for all grades of cattle and all grades were

fairly firm. The supply was light. Christmas steers, weighing from 1.409 to 1.509 lbs., were quoted at from \$6.25 to \$6.60. Today's sales were largely at from \$3.75 to \$5 for steers and at from \$1.85 to \$2.75 for cows, heifers and cults. Scalawage sold as low as from \$1.25 to \$1.50. The calf market is lightly supplied and is strong.

The hog market remained weak. About 75,000 were on sale, and that supply was too large to be consistent with firmness. Opening sales were at 5c off from the lowest prices of the day before, and the morning's loss was not regained. There was one sale at \$4.70 and a few at from \$4.60 to \$4.65, but prices ranging dewnward from \$4.60 to \$4.65, but prices ranging dewnward from \$4.50 took the great buils. Choice lights sold at \$4.55, and the best medium weights were not wanted at over \$4.55.

A good demand for sheep and lambs existed and prices were stronger all around. The \$15,000 head salable were nearly all out of the stalls before noon, and the prices were from \$1.75 to \$4.35 for chiese sheep and from \$2.50 to \$4.25 for poor to choice lambs.

Receipts—Cattle, \$4.000 head; calves, 400 head; hogs, \$9.000 head; sheep, \$15,000 head.

There is a misunderstanding among some of the women throughout the state in re-

gard to the dues to be paid to the State Federation of Woman's clubs, which will be organized next Monday and Tuesday in Omaha. In most of the states the dues are not \$1 for each member. In some states the annual dues are \$2 per club. The only expense attached is that incident to the meet-ings, which is of course very slight. Each state federation makes its own laws and the Nebraska association can fix the state dues at whatever amount the delegates dec de upon In any event, the individual members will not be taxed.
