## NEWS FROM COUNCIL BLUFFS

Citizens Anxious to Dispense with Philadelphia Schedule of Street Lighting.

WANT ONE ADAPTED TO HOME CONDITIONS

Circumstances Alter Cases and Should Have Some Effect on the Time of Turning on the Light When Nightfall Comes.

The action of the city council Friday night in deciding to break away to a certain extent from what is known in electric light circles as the "Philadelphia schedule" meets with the hearty approbation of everybody, and the wish was expressed on all sides yesterday that the council might go a step farther and draw up an entirely new schedule that would be applicable to Council Bluffs, rather than to Philadelphia, Pa., Philadelphia, Greece, or wherever the schedule was first tried. It has been evident for a long time that the schedule was not the one for Council Bluffs.

It is no unusual thing to have the lights burning for an hour before dusk and an hour after daylight, but on the other hand it is just as common for the streets to be dark as pitch for an hour or two in the evening because the schedule says it is the proper thing. When the moon makes its appearance as a slender thread in the far western heavens the lights are kept turned off until the telescope reveals the fact that the moon has vanished behind the horizon, and then it is dark enough for the arc lights to be turned on. Many nights during the year it is next to impossible for the teams to travel the streets during the early evening without great risk of colliding with other teams. It is the universal belief that have ever well the schedule now in use might suit Philadelphia it doesn't suit Council Bluffs at all, and the council will be for-given all its shortcomings if it shall see to revolutionize things and give a little

light on the situation. Considerable dissatisfaction is expressed with the contract just entered into between the city and the electric light company, be-cause it contains no provision with reference to the prices to be charged private con-sumers. While the city gets light for \$84 per light business men have to pay \$150. Many citizens are of the cpinion that if a proper effirt had been made by the light committee the company could have been induced to grant some concessions for them as well as for the city, but the contract has been signed by the officials of the com-pany and will bec me the law of the city as soon as the signature of the mayor shall have been affixed to it.

Innistall Entertainment. The Innisfalls never fall to make a hit or to have a big audience, and their performance at Dohany's last Thursday evening was perhaps the most successful they have ever given. The melodrama, "Placer Gold," given. The melodrama, "Placer Gold," traces the fortunes of Nathan Bardwell, an old Yankee farmer, who makes a highly un satisfactory trade of his farm "daown east" for a gold brick or two in the hands of who had been on the train. When he found a couple of smooth bunco steerers from the them two were dead and one had his head George F. Hughes played the gullible farmer in a manner that vaguely hinted he himself had been taken in a few times, while Charles Paschel and J. J. Hughes played the eptably. Mrs. John J. Mullen, in the part of Gypsy, a waif, was effective, while Tom Hughes' Irish dialect work in the part of Mike O'Connor, the hired man, indicated that a few hunks of the "ould sod" had entered nto his makeup. Miss Jennie Keating as Nellie Crosby, the 'squire's daughter, did some very taking vocal work. Henry Paschel appeared as a miser who had some very pleasant streaks of generosity running through is character, and even the fact that Mr Paschel has been accustomed to playing vilalnous parts did not lead him unduly eclipse the streaks. E. A. Ingoldsby, John ennett, J. M. Mullen, P. J. McBride, McDermott, and the Misses Mame Hughes Florence Shea and Maud Hazen all performed their parts in a very effective manner. The

FOSTORIA, O., Dec. 8 .- In a fight between tramps in a box car on the Baltimore & Ohio two persons were killed and another fatally wounded. The fight occurred at midnight last night. It was solely for the purpose of robbery. Twelve dollars was stolen from Harris and considerable amounts from his companions.

At Deshler the murderers leaped from the train, but it was not until the train arrived in this city that the tragedy was discovered. The ghastly find was made by Brakeman Beeber, while looking for tramps pillowed upon the breast of one of his companions and was unconscious. He was to rebers of the board of supervisors for thefts from the county, and tonight completed its sell he would not say. It was found that report and was discharged. Mr. Haddock by a band of saloon keepers, several years ago.

In all the jury returned fifty-two indictments. All but two or three of these are against ex-county officials and members and down for next Monday. The prisoners were ex-members of the board of supervisors. W. unable to furnish bond and were locked up. A. Kifer, ex-county treasurer, was indicted for embezzlement. It is claimed that he retained money belonging to the county aggregating \$60,000 in all.

In the same connection Ed Roberts, exdeputy recorder, who served under Jordan and who fled the country, was indicted on several charges for conspiracy and obtaining money by false pretenses. T. F. Bevington, ex-county attorney, was ndicted on eight charges of embezzlement

and obtaining money by false pretenses by conspiracy with the members of the board, and by putting in false bills. Supervisors Hunting and Strange were in dicted on five charges, each for obtaining money on false pretenses and for conspiracy. J. A. Jerman and J. W. Mohler, ex-super-

visors, were indicted on as many similar

charges.

Strange was also indicted for bribing the jury in the case of Rhys against Strange, in which about \$30,000 was involved, and several members of the jury were also indicted, but their names are not obtainable at this time. It is alleged that the crimes for which the were returned extend over period of four years, and that during that time the county officers named and the members of the board of supervisors have conspired together so successfully that the county has been robbed of nearly \$200,000. The county has already been enjoined from paying any of the warrants in question, and, it is believed, will be able to repudiate them, as nearly all the questionable warrants were not paid for want of funds, the extravagance of the board having already embarrassed the county. This injunction was obtained when the board endeavored to bond the warrants and place them in the hands of third parties, where, under the Iowa law, they could not have been repudiated.

The western roads have at last a chance of coming to an agreement with the Canadian Pacific on the question of differentials, and once this matter is out of the way there will be little or no delay in the formation of the general association, which is to include all the territory between Chicago and the Pacific coast. The present plan is to allow the Canadian Pacific to have the differentials it demands, provided that as soon as it finds that the purpose of the differentials has been accomplished to drop them. There is very small chance of getting the Canadian Pacific to go in without its differentials, and as the western roads are much more interested in the formation of the association than is the Canadian Pacific it is thought that this plan will meet the exigencies of the case. It will be considered at the meeting of all the lines when they meet again. when they meet again.

Dr. Tindall writes to Dr. Shepard, under date of December I, 1894, as follows: "For twenty years I have had catarth of the head. JUDGE PORTER'S CASE,

JUDGE PORTER'S CASE.

An old-time resident of Omaha, Judge John R. Porter, of Los Angeles, Cal., a few months ago visited his daughter, Mrs. Haney, at 1805 Farnam street. Upon the advice of friends he placed himself under treatment with Dr. Shepard for a catarrhal and bronchial trouble. Regarding this he says:

"My Catarrh had existed for a long time, and, added to this, came a bronchial cough very severe and prostrating. My rest at night was badly broken, with a screens of the chest and choking up of the breathing. Finally my symptoms became so urgent that I could not delay getting help. A friend who had had personal experience with Dr. Shepard's treatment sent me to him for help. I am pleased to say that the results have been very gratifying. My cough and lung trouble was quickly controlled, and I am freer from my catarthal trouble than I have been for years. I heartily commend to the public Dr. Shepard and his methods and skill."
