THE OMAHA DAILY BEE: FRIDAY, DECEMBER 14, 1894.

Joy Over a Verdict Dampened by Counter Claims for Large Amounts. While Judge Benedict of the United States ourt for the eastern district of New York oft Omaha Wednesday with a verdict in his pocket for \$13,500, against the T. L. V. Land and Cattle company, his pleasure over the winning of the verdict was shaded with sorrow over evidence filed in court that the Judge Benedict and his brother and sons

were packing their grips preparatory to their return to New York, when they were served with notice that the T. L. V. Land and Catthe company had commenced suit against

duct of the Benedicts in their management of the big ranch of the company out in The verdict against the cattle company was on promissory notes given by George A. ger of the ranch, to L. B. Benedlet and R. D. Benedict, his brothers. The petition filed

lantly obtained. It assert that J. E. Riley of Omahu has been president of the company since its incorporation in 1886, but that the mpany members of the Benedict family have held all of the offices, and have held the meetings of the company without his knowledge and have kept the books and accounts of the concern in Newark, N. J., and he never had any knowledge of what was being done with the property until in 1892, when he bought the interests of the Benedicts and secured control of the books. Then he leared for the first time that notes had been given by George Benedict to his father and brothers aggregating \$30,000, which they claimed hac

seen expended in improving and operating Mr. Riley in his petition alleges that he had to pay the Benedicts a large sum of money for 35,000 acres of land which they

claimed to have bought, when as a matter of fact the land had been acquired by tree claims and homesteads taken by the employes of the ranch, and improved and paid for out of the funds of the company. He nlso alleges that George Benedict, as mana-ger of the ranch, bought blooded horses and

Mr. Riley alleges that the money secured from the eastern Benedicts was obtained or false representations, and was not expended or used for the ebnefit of the company or its property. The total claims of Mr. Riley and his company against the Benedicts am to \$36,000, in which sum he asks judgment. This Was Scott's Lilea.

On Monday morning 118 jurymen answered to the cal for duty in the district court for

DEMOCRATS WANT HARMONY

7

PLAN OF A NEW CLUB DISCUSSED

Committee Appointedito Learn if Enmosets and Jacksonians Will Amalgamate with the New Organization in a Larger League-The Next Meeting.

Half a hundred democrats met in the cafe of the Paxton hotel last night, in response to them for \$36,000 damages, and had set up a call for the organization of a new democratic club on social lines. The meeting was called to order by Frank J. Lange, and J. B. Kitchen was selected as temporary chairman. Then it developed that no one had any definite plans to propose, and for an hour or more harmony was on a still hunt for a secluded spot.

Governor Boyd came in a little late, and was at once called upon to address the meeting. He said that Omaha already had two democratic clubs, and he did not think that a third club would do any harm. No party could succeed without organization, and the better the organization the better the results, The first and worst trouble with the democrats of Nebraska, he said, was that they had no organ, no paper that was always steadfastly democratic. Then there was another trouble. The democrats had failed to support the principles as laid down by the democratic national conventions and the administration at Washington. He did not approve of the chasing after strange gods, a pastime that had become very popular with a class of Nebraska democrats. The party was all split up on the money question, and he thought that any organization looking to the harmonious working of all classes of democrats for democratic principles, as enunclated by the national democrats, would be productive of good results.

The matter was talked over for a time, and then a strong sentiment developed in favor of a union between the Samosets and Jacksonlans with the new club, and a committee was appointed to see what could be done toward the consummation of such a plan. Governor Boyd said he would vote in the Samoset association for such amaga.nation and hoped to see it effected. Chairman Kitchen did not agree with Gov-

ernor Boyd about following in the fcotsteps made by the democratic moguls at Washing-ton. He said he would like to see some plan by which the Cleveland democrats and the democrats of the Jeffersonian type could reconcile their differences and stand on the same platform. He did not see how it could be done, and he did not think the efforts of the committee could be successful, but he hoped they might.

Governor Boyd, Ed Howell, Ed Burke, John T. Evans and Jeff W. Bedford were the rest of the term. Judge Scott sat to ac- finally appointed a committee to confer with cept the excuses of jurors who did not want the other organizations looking to a consoli-to serve.

If the committee is successful in its obanyway, so excused thirty-five men who did ject it is proposed to fit up suitable club not want to serve and then dismissed twentyfive more, as he said there would be no use friends at all hours during which demo-for them. Wednesday afternoon the judges crats are supposed to be awake.
