South Omaha Butcher Who Disappeared During that Time. YORK, Neb., Dec. 20 .- (Special.)-William Holden of this place is reported missing, and it is feared that he has met with foul play. Last fall Holden, with his family, moved to York from Stromsburg. Shortly after his arrival he left for Omaha to look for work, and it seems he found employment in South Omaha. He had been there but a short time when one of his children was taken seriously ill, and he re-turned to York. He again left for Omaha, and continued to write to his family until the butchers' strike at South Omaha. At this time all communications stopped, and that was the last heard from him. As he was always an affectionate husband and father the relatives of the family are posi-

tive that he met with foul play in the strike above referred to.
