HOUSE IN NO HURRY TO HELP

Consideration of Relief Measures Taken Up and Adjournment Soon Follows. BILL FOR BONDS TO BUY SEED GRAIN. First Measure Introduced Gets a Brief Hearing--Other Bills Looking to Provisions for Relief of Destitution--Rest Untouched. LINCOLN, Jan. 12--(Special).--There appears to be some mysterious influence at work in favor of delaying all measures for relief of western Nebraskans who have suffered from drought. Today several members admitted on the floor, in committee of the whole, that they were densely ignorant as to the matter under consideration, but each of them promptly voted to adjourn till Monday, instead of remaining in session this afternoon and informing themselves of the exact status of conditions. It has, however, been pretty effectively shown to members that the crying necessity for legislative action is upon the subject of voting bonds for the purpose of supplying the destitute with seed grain. This is a process that takes time, and if by the 1st of March the election has been held and bonds floated good time will have been made. The bills which seem to meet the most favor at the hands of the house are those authorizing counties to use their own money in supplying their needs. There seems to be no violent disposition on the part of any one to move the wheels of legislation in the direction of donating state assistance. The members of the house seem disposed to allow the destitute farmers all the relief which they feel able to pay for in the future. Intervened upon this point members say they do not wish to encourage any direct charity, but rather to enable those who wish to help themselves to do so. Consequently the bills favoring a direct state appropriation of \$100,000 do not excite much favorable comment. Lambron's bill, house roll No. 1, which was before the committee of the whole, authorizes county boards to issue bonds of their respective counties for the purpose of purchasing seed grain and feed for teams used in cultivating the land upon which the seed is planted. Counties are authorized to issue an amount not to exceed 10 per cent of assessed valuation of the county for the preceding year. The bonds must be sold for the highest obtainable price, not less than their face value. No party shall be permitted to purchase any of said grain until he shall have first made and filed with the county clerk an affidavit that he is actually engaged in farming, that he has no grain or feed for his team, the number of acres he has under cultivation and the number of acres he intends to put in crop for the season. This must be supported by the affidavits of two credible residents of the county. All conditions having been complied with, the county clerk shall furnish each applicant grain for seed not to exceed in value 75 cents an acre. Parties who obtain seed grain fraudulently shall be deemed guilty of a misdemeanor, and on conviction be punished by fine not exceeding \$100 or imprisonment not exceeding three months. Parties entrusted with the selling of bonds who fail to make a satisfactory accounting shall be deemed guilty of embezzlement. Persons swearing falsely to affidavits provided in the act shall be deemed guilty of perjury and subjected to the penalties thereof. An emergency clause is attached to the bill.

FUEL FOR THE DESTITUTE

One Hundred Tons of Coal at Denver for Nebraska Drought Sufferers. TO BE DELIVERED TO THE STATE AT ONCE. Relief Commission's Headquarters the Scene of Great Activity in the Interest of Those for Whom Donations Are Intended. LINCOLN, Jan. 12--(Special).--Rev. C. A. Hale, presiding elder of the Holmgren district, was at the office of Secretary of State Piper this morning. He said he would leave Holmgren Monday for Denver, where 100 tons of coal have been donated to the destitute of Nebraska. Rev. Mr. Hale will make arrangements for its transportation and delivery to the proper parties. The secretary of the State Relief commission is a very busy man. Yet it seems that in addition to his other toils in the way of supplying relief in the shape of food and clothing he is expected to hunt up and forward to consignees in other states suitable material for wives. H. Honne of Gainesville, Tex., writes as follows to Mr. Ludden: "Dear Sir: Should there be a good, strong, healthy woman from 30 to 40 years of age, who desires to get married, I wish you would let me know, as I think she could find a pleasant home and I am willing to correspond with such a woman. I am a man 42 years of age, have two children, 13 and 16 years, three horses and everything necessary on a southern farm; everything free from debt. I am a Lutheran, but I am in need of a good wife, that is, I want a woman who will live in peace and is a good housekeeper. As I have seen your name in German papers I take the opportunity of writing to you, hoping that I may secure a good wife with your assistance." In his reply, mailed today, Mr. Ludden calls attention to the fact that he has charge only of the work of relieving Nebraskans. He adds that of all the donated supplies that have been received in the kindred institution has been given to him for distribution.

WORK OF WYOMING LAWMAKERS.

Measure Introduced in the Legislature of Much Importance to the State. CHEYENNE, Jan. 12--(Special Telegram).--Several important measures were introduced in the house of the Wyoming legislature today. Mr. Fox of Albany county introduced a bill providing for a complete revision of the system of education. A state board of arbitration is provided for in a bill introduced by Mr. Partridge of the whole range. The measure in which the most interest is manifested is the bill introduced by Van Orsdell of Laramie, providing for the acceptance and reclamation of the millions of acres of public lands in the western part of the state by the government under the provisions of the Carey law. The bill provides that the land shall be under the control of the State Land Board, which shall be authorized to contract with the company to complete the construction of irrigation works. The lands will then be thrown up for settlement, the settlers being required to purchase water rights of the individuals or companies constructing the same. Each actual settler will be permitted to enter but 160 acres of land, which will be required to settle upon an irrigating.

MEMOIR OF JOHN FITZGERALD.

LINCOLN, Jan. 12--(Special Telegram).--Thursday night the Irish-American citizens of Lincoln passed resolutions of regret to the memory of the late John Fitzgerald. His love of liberty, as exemplified by his generous contributions in behalf of the Irish cause, was the theme of discussion and it was resolved that in his death home rule lost one of its most ardent supporters. ELBA, Neb., Jan. 12--(Special).--The Elba State bank has closed up its business, having satisfied its depositors and transferred its business to the First National bank of St. Paul, Neb. The stockholders and officers were, A. E. Cady, president, and James Bacon, cashier. STROMSBURG, Neb., Jan. 12--(Special Telegram).--Two sneak thieves entered the store of Scott Peterson and Halden last night and helped themselves to a suit of clothes and an overcoat each and such other wearing apparel as seemed to them necessary to

COLLEGIATE FOOT BALL.

Meeting at the Millard Amends the Constitution and Arranges a Schedule. The meeting of the western intercollegiate foot ball association was called to order at the Millard by President Barnes of Nebraska, with the following other representatives: Judge J. D. Lawson of the Missouri State university, R. K. Moody of the Kansas university and William Larrabee of the State university of Iowa. Several amendments to the constitution were adopted, among the most important of which was a rule declaring no person eligible to play in a championship game who was not a member of the association. A week work in the college or pursuing a required course for a degree. Another that the receipts of the Kansas City and Omaha Thanksgiving day games should not be pooled as the Nebraska team thought that Omaha would be able to draw just as well as Kansas City. The following schedule was adopted, which is very favorable to Nebraska and hard on Missouri: November 2, Iowa and Kansas at Lawrence; November 4, Missouri and Nebraska at Omaha; November 6, Missouri and Iowa at Iowa City; November 15, Kansas and Nebraska at Lincoln; November 23, Iowa and Nebraska at Omaha; November 28, Missouri and Kansas at Kansas City. It was seen that Nebraska plays two of her games at Omaha and one at Lincoln, which saves travel, which is hard on foot ball teams. For the coming year William Larrabee was elected president, R. K. Moody, secretary, J. D. Lawson, vice president, C. E. Teft, treasurer, with a general manager yet to elect.

FOLLOWING A SPIRIT LEAD

Holt County Sheriff Takes the Advice of the Valley Medium. SHE THINKS SCOTT'S BODY IS LOCATED. VALLEY, Neb., Jan. 12--(Special Telegram).--If there is anything in spiritualism concerning the Barrett Scott murder case it will be known in a few hours. Mrs. J. B. Ferre, the lady who telegraphed to Sheriff Hamilton of O'Neill yesterday that she could locate the body of Scott, and the parties who murdered him, has created a sensation in this community, and everybody is wild to see a lady with such spiritualistic powers. The telegram had such an effect upon the sheriff that he arrived in Valley this afternoon to investigate the case thoroughly. He was escorted to the Ferre residence and remained there for two hours in conversation with the "spirits," regarding the Scott murder case. Sheriff Hamilton would not divulge anything concerning the conversation, but admitted that he was surprised and puzzled. After learning the name of the leader of the mob and where Barrett Scott's body now lies the sheriff requested the spirit to write its name, and was surprised to find none other than an old school mate who had died two years ago. Several questions were asked regarding people in Holt county, all of which were answered satisfactorily. Mrs. Ferre is very confident that Barrett Scott's body and the leader of the mob will both turn up before forty-eight hours. Nothing concerning the parties implicated in this afternoon was wonderful in the world until the sheriff has had time to act. Mrs. Ferre states, however, that the ring-leader of the mob is in a small town several miles south of Valley, and will be arrested Monday. Sheriff Hamilton said that he did not believe in spirits, but that his experience this afternoon was wonderful in the world. He followed the advice to the letter. One strange incident that the spirit related to the sheriff was that thirteen men were working on the river hunting for Scott's body today, which was true, but they were many miles from the body. Sheriff Hamilton will leave Valley on a night train about 11 o'clock tonight for Omaha, and it is thought he will go from there south to arrest the ring-leader in the Barrett Scott murder case. Gage County Physician Meets. BEATRICE, Jan. 12--(Special Telegram).--The Gage County Medical association held its regular quarterly meeting at Wynome yesterday, closing last night with a banquet furnished by the resident members of the organization. The semi-annual election of officers occurred, M. M. Walter of Beatrice being made president, C. C. Gafford, Wynome, vice president; C. A. Bradley, Beatrice, secretary. Papers were read by Drs. Everett of Lincoln and Walter of Beatrice. The next meeting will be held in this city August 1. Mexican War Veteran Dead. BEATRICE, Neb., Jan. 12--(Special Telegram).--James A. Cowan, aged 89 years, and a veteran of the Mexican war, died at his home in this city last evening. The deceased had resided here for two years past and the body will be shipped to Skidmore, Mo., for burial. In Need of Seed Grain. ELBA, Neb., Jan. 12--(Special).--This locality is having fine winter weather, cool but clear. The people are brave in their distress and hope to pull through. If they can get seed for spring sowing they will do well. Should there be any snow stock would suffer badly.
