

do seriously impaired the business confidence of the country; the hope of which toward restoring it.

My general views upon our financial situation are as follows: The first, to have a fair and equitable distribution of the gold out of the country.

Second, to have a fair and equitable distribution of the interest on the bonds of the government.

Third, to have a fair and equitable distribution of the interest on the bonds of the states and municipalities.

Fourth, to have a fair and equitable distribution of the interest on the bonds of the foreign countries.

Fifth, to have a fair and equitable distribution of the interest on the bonds of the various nations.

Sixth, to have a fair and equitable distribution of the interest on the bonds of the various nations.

Seventh, to have a fair and equitable distribution of the interest on the bonds of the various nations.

Eighth, to have a fair and equitable distribution of the interest on the bonds of the various nations.

Ninth, to have a fair and equitable distribution of the interest on the bonds of the various nations.

Tenth, to have a fair and equitable distribution of the interest on the bonds of the various nations.

ing classes of the common people by any tearing down process; no man will improve his position by any tearing down process.

Not under the red flag, but under the blue flag, it is not time to stop inciting the passions and passions of the people.

The higher task of arousing their better impulses and nobler ambitions. Let it be the duty of the state to give the people the opportunity to rise up to a higher level.

Last summer's drought and the consequent famine have shown us the necessity of a more extensive plan of irrigation.

We have among us in Nebraska, thousands of acres of land which are now idle.

It is not time to stop inciting the passions and passions of the people.
