COUNTY COMMISSIONERS.

Will Fix Salaries in Committee of the Whole-Yesterday's Business.

The county commissioners did not take any definite action in regard to fixing the salaries of the county employes at their meeting yesterday afternoon. A resolution was, however, introduced and passed, which provided that the board should meet as a committee of the whole, subject to the call of the chairman, for the purpose of fixing the number of the employes and fixing their salaries. The committee is to report as soon as possible. The first meeting will be held Monday afternoon.

The county clerk reported that \$119,000 of refunding bonds had been issued, which are to be used for the purpose of redeeming the outstanding court house bonds, which the outstanding court house bonds, which are drawing 6 per cent interest. The re-funding bonds draw 4½ per cent, and mature twenty years from date. The county has the option, however, of redeeming them at any time after ten years from date. The bonds are for \$1,000 each, and all but two have been sent to Spitzer & Co. of New York. They bear the date of January 15. been sent to Spitzer & Co. of They bear the date of January 15.

Les Estelle, representing the Missouri Pacific was present, with a proposition for a partial settlement of the tax that has been assessed against the belt line for the past two years. It appears that the state has asmissouri Pacific, and the property of the Missouri Pacific, and the county has as-cessed it as Belt line property. The tax is several hundred dollars greater in the case of the county than that of the state. The railroad company is unwilling to pay both assessments. Estelle stated that the company was willing to pay over to the county the assessment as made by the state, which would be about \$2,000 for each year, on the condition that the county would agree to pay the money over to the state if on the final adjudication it was decided that the taxes belonged to the state. If, on the other hand, the case was decided in favor of the county the company would may to the of the county, the company would pay to the county the difference between the state and county assessments. The matter was placed in the hands of a committee, before which Estelle will appear.

Liquor licenses were granted to Henry Ruser, Ruser's park; Charles R. Hill, Thomas A. Anderson, East Omaha; John Luders, Douglas precinct; Henry Vollstedt, F. W. H. Staack, Jurgen Thomsen, West Omaha; Henry Mies, Clontarf; Freredick Kech, Brookline.

All the proposals for printing were re fused, and the clerk was instructed to ad vertise for new bids. The reason for re fusing the proposals was that the figures of the lowest bidder were from 3314 to 50

per cent higher than those of last year. The resignation of W. S. Askwith as a member of the Soldiers' Relief commission was accepted, and in his place Thomas S.

was accepted, and in his place Thomas S. Hull was appointed. The bill of E. D. Van Court & Co. of \$1,104, the 20 per cent of the final estimate of the work done on the southwest road withheld, was referred.
