Custer County Citizen: Will Solve the Seed Question.

STOCK COMPANY FORMED AT BROKEN BOW

One-Tenth of All Crops Produced to Be Returned to the Donors of Seed -Unique Plan of Cam-

paigo.

BROKEN BOW, Neb., Jan. 24 .- (Special.) -A meeting was held at the court house here to devise means to provide feed and seed for the farmers of Custer county, by the citizens of Broken Bow. At least 150 were present. There were a number of plans suggested, and each discussed at length. The general opinion was that the only plan was in a me way to secure the means principally from the more favored localities. One of the most feasible and honorable plans was suggested by Prof. F. M. Currie, His idea was to form a joint stock company, fixing the stock at \$1 a share, and solicit every man in the county to assist the move by contributing what he could to the fund from \$1 up, and extend the opportunity to the wholesale houses, banks and loan companies of the eastern states, churches and civic societies, solicseveral denors in proportion to the amount they subscribed. This can be done by keeping a record of every dollar received, and by whom. In order to collect this rent, some one in every township, possibly the supervisor, should be empowered with authority to have the rent collected from the machine when threshed and hauled to the nearst elevator for storage and market.

for storage and market.
Other plans were suggested that contemplate soliciting direct donations, and some work will in all probability be done on that line. Committees were appointed to formuline. Committees were appointed to formulate plans and have charge of the several branches of the work. The committee on solicitation of wholesale houses, banks, etc., met at the First National bank. The members of the committee present were: L. H. Jewett, J. C. Bowen, O. P. Perley, D. W. Thomman, I. G. Harble and Frank Crowther. Thompson, J. G. Harble and Frank Crowther. J. C. Bowen was elected chairman and Frank Crowther secretary. It was decided to or ganize a stock company for the purpose of securing money and grain for the farmers of Custer county, and a committee was authorized to draw up a petition for circulation, and also to draw the necessary by-laws governng the association. L. H. Jewett and D. W. Thompson were appointed as said committee Messrs. Jewett and Thompson were author

ized to circulate the petition. CARING FOR THEIR OWN DESTITUTE

Communication from Deshier as to Aid for Drouth Sufferers. DESHLER, Neb., Jan. 24.-To the Editor subhead of "More Destitution Stories." noted the following paragraph: "The following are named as representatives to destitute donations of food and clothing: F. A. Carlton, Shelton; C. H. H. Frady, Neligh; L. A. Moss, Broken Bow; K. T. Scotthorn, Hobron; W. A. Aleorn, Minden; F. H. Ayres, Burwell; Charles Kelsey, Hastings, Neb." So far as Adams, Webster, Franklin, Kear-ney, Nuckells and Clay counties are con-cerned they are amply able to take care of their own people, although crops were about total failure.

There is a strip of country extending northeast of Superior, Neb., about twenty miles long and about sixteen wide where they had very good crops. The people of Deshler ground a carload of flour and hauled it with teams to Byron, on the B. & M. rallroad, and shipped it 150 miles west. A ear of flour, etc., was also shipped west fro

take care of her own people, but her gen-erous people are ready and willing to help out her sister counties in the western part The state of Nebraska is surely able to take care of her own people. If there are any counties or towns that cannot devise means to take care of their destitute people the state legislature now in session ought to take the matter up promptly and generously and see that none of her people freeze or starve, and that farmers have necessary seed corn, etc., in the spring. In concluding this article, should give Deshler and vicinity credit for two cars of flour, etc. One car was shipped from Byron. Neb., and the other from Hebron. people also sent over \$200 in money. TOPEKA, Jan. 21.—Subpoenas have been ssued for 1,000 settlers on lands purchased from the Union Pacific railroad in Dickinson, Ellsworth and Saline counties. They are asked to answer a suit brought by the government to oust them from the lands which were granted to the Union Pacific by an act of congress and afterwards sold to the settlers. The government claims that the grant was invalid and that the land should revert to the government and be should revert to the government and be opened to settlement under the homestead law. Rev. Mr. Moore of Peru is holding revival against employes of the receivers of the meetings at the Mchadist Episcopal church.

Miss Edith Bush is suffering from a severe any person having obtained a judgment against any of the employes of the receivers might file a transcript of the judgment with Charles Bivens is confined to his bed with the clerk of the district court. The judgment debtor was then notified by the clerk, and the purport of Judge Sanborn's order is that except in cases where the entire amount of the menthly earnings are exempt by law from execution each judgment debtor shall, upon receiving notice of said transcript, pay to the clerk of the court at least 10 per cent of his earnings monthly, to be applied to the payment of the judgment, and this is to continue from month to month until the full amount is paid. If the judg-ment debter, so the order reads, fails to pay this amount, then on ten days' notice he shall show cause before the special master in chancery why the entire amount of his monthly earnings for the succeeding month shall not be paid to the clerk of the court as a punisament, presumably for his negligance. The order also gives the master authority to inquire into all of the facts relative to the judgment, whether or not the debtor should not be required to apply more than 10 per cent and whether or not he should be dismissed from the employment of the receivers.

The first case under this order came up for hearing before Judge Cornish yesterday, the judgment debtor being an employe of the Union Pacific company, W. K. Boyd, the creditor in this case being Fred A. Fuller. But Mr. Boyd introduced a set-off, alleging that he had bought a book account, wherein Fred A. Fuller was the debtor, and offered this in evidence. Judge Cornish heard both sides, G. W. Shields representing Fred Fuller. He then took the matter under advise-ment. There is nothing in the case itself except the novelty which attaches to the first hearing under Judge Sanborn's order.

CHICAGO, Jan. 24.-There are some enerprising Chicago gentlemen who have a tremendous scheme in hand in the line of railway enterprise, which, if carried out, will revolutionize passenger travel between the eastern and western coasts. Regarding the bill introduced into the house of repreentatives at Washington yesterday to inorporate the National Central Railway company and proposing that the United States shall guarantee interest of 3 per cent on the ompany's bonds, Mr. J. Shut Down on Free Freight. General Freight Agent Crosby of the Burlington state yesterday that his road had shut off taking freight free of charge for the drouth sufferers, the commission having all the supplies necessary to see the sufferers through the winter. For six weeks past the Burlington and Union Pacific have done little else than transport consignments to Lincoln and other points on both roads, de-signed for the countles most in need of help on account of the drauth last year. other lines centering in Omaha have also transported clothing, bedding and all sorts of provisions free, when properly consigned, but the Omaha line has absolutely refused to do so. At one time the Missouri Pacific decided to maintain its rates though thousands were starving along its line, but when an apwere starving along its line, but when an ap-peal went up from Kansas sufferers, it chang d its decision and fell in line with the policy adopted by other roads. The Eikhern also declined to give free transportation to this kind of freight, but it changed its de-cision, leaving the Chicago, St. Paul. Minneapolis & Omaha the only line to refuse relief for the sufferers in the frontier counties of Nebraska. The management of the road this disease, which is cures by purifying the has given no reason for this attitude, thereby

causing considerable comment among railroad men on the narrow policy displayed of not extending help when needed. Passenger brakemen on the Union Pacific are the latest employes to be affected by the order of the general manager to cut expenses to the minimum. On the divisions of the system the order has been made effective, giving to each passenger train only one brake-man. On the Wyoming division this order has let out eight men, while on the Nebraska division it has affected as many more in ad-

dition to one crew being discharged. This wholesale reduction in the number of passenger brakemen is the result of General Maiager Dickinson's trip over the system.

Freight Rates to the Southwest. MEMPHIS, Jan. 21.-An important meeting of rattroad officials is being held here today for the purpose of adjusting freight rates between Texas and southwestern points. Among those present are: Commissioner Sahlman of the Southern Railroad & Steam-ship association and Commissioner Day of the Southwestern Traffic association, and all the roads interested are represented by their traffic managers. The conference will probably close tomor-

row. It is thought it will result in a re-duction of rates. Bailroad Builders Want Money. MILWAUKEE, Jan. 24.-McIntosh Bros., railway contractors, today filed a lien upon the Indiana, Illinois & Iowa Railway company for \$99,000. They constructed the road from Knox to South Bend, Ind.
