THAT MURPHY CONTRACT.

City Officials Express the Opinion that it

The report that the Murphy paving contract is likely to be vitiated on the grounds that it was not properly approved by the council is not received with much seriousness by city officials. The further statement that a plot is being hatched to destroy the action of the last meeting of the council in the matter is accepted with a great deal of The fact is that the Board of Public Works is willing to admit that the error of the council will not have any effect whatever upon the validity of the contract. It is held that the amendment to the original motion, that the contract should be awarded, instead of being referred to a committee, was sufficient. This is the opin all who are in any way interested in the matter. At any rate the error can be easily rectified at the next meeting of the council and it is thought that this can be done with-

In the past the council has acted on measures in exactive the same manner, the rulling having been that the passage of an amendment to the passage of the resolution was equivalent to the passage of the resolution as amended. Into method of procedure has all the authority of procedure has all the authority of procedure as the passage of the passage o precedent, as it has been followed so often. Having established such a precedent, it is held that it is not necessary to have two roll calls when one is sufficient to decide the question. Bearing this in mind, lawyers are called, in no wise effects the contract or th of the opinion that the error, if it can be so

Farnam and 15th Sts.

More Than 90,000,000 Passengers. Have been carried by the Lake Shore & Michigan Southern railway during the past iwenty-five years. Very few were able to find any fault. The rest were delighted. One of them recently said: "For several years past I have made from two to four trips each month between Chicago and New York and am almost always accompanied by from one to three or four others. I believe (as I am informed by your conductors) that I have made more trips between Chicago and New York than any one other man during the past few years. I have always traveled over your road in preference to any other, because by careful comparison with others I have found not only that the road itself is far superior, but the table and the service are in every respect the best of any road I have ever traveled on. The conductors, stewards, waiters and porters I have found to be unl formly courteous and attentive, adding greatly to the comfort of those who are obliged to travel as much as I am." Trains leave Chicago as follows: 8:00 a. m., 10:30 a. m., 3:25 p. m., 5:30 p. m., 8:45 p. m., daily, and 11:30 p. m., daily except Sunday, B. P. Humphrey, T. P. A., 727 Main street, Kansas City, Mo. TEACHERS' FALL MEETING.

Preparations Being Made for the Comfort

of Nebraska Birch Wielders. Superintendent Pearse of Beatrice, state manager of the National Educational association, has completed arrangements for the comfort of the teachers and their friends Gents' white laundered shirts, 50c, worth who will visit Denver at the next meeting of the association, which will be held July 9, 10, 11 and 12. It is expected that this meeting will be the largest in the history of the association, with the possible exception of the Toronto meeting, when over 20,000 were in attendance. The interest in the meeting is far beyond any former experience so early in the season, and especially is this true of Nebraska. In some towns of the state the entire teaching corps are planning to go in a body. Many county superintendents will be accompanied by half or more than half of the teachers of their counties.

The railroads have made a rate of one fare, plus \$2, for the round trip. Tickets will be good to return any time up to Sep-tember 1. Excurs on tickets to the moun-tains and to Salt Lake and return will be sold at a low rate. The Albany hotel has been obtained for the Nebraska delegation and also the Gilsey house, if there is any

From every test Price's Baking Powder bears the verdict, "absolutely pure."

Lyman Sholes, division passenger freight agent of the Omaha road, stated to a Bee man yesterday that the statement made by The Bee Thursday that the Omaha road had refused to handle coal, provisions and clothing for the drouth sufferers free of charge was an error. That, instead, his road had handled a number of cars of supplies for the sufferers free when requested to do so by Rev. Luther P. Ludden, chairman of the relief association, but that the road had refused to handle miscellaneous consign-ments without Mr. Ludden's request:
