OFFICE, . . . NO. 12 PEARL STREET. Fiffert to Make Political Capital Out of the Union Avenue Gading.

KELLER AND SPETMAN DIDN'T DO IT AT ALL

Mayor Cleaver Only Made the Suggestion that a Democrat Be Employed-Once Keller Was Not Set on Rigid Economy.

Some attempts have been made within the last few days to make political capital has not ordinarily been considered a very out of the fact that Mayor Cleaver wanted John Barbyte employed to look after the work of grading Union avenue, but that his Councilmen Keller and Spetman, with their Third, Fourth and Sixth wards, W. H. Brown next Sunday afternoon at 2 o'clock from his Councilmen Keller and Spetman, with their residence, 526 Eleventh avenue, Rev. G. W. usual watchfulness over the city treasury. prevented this useless expenditure of the city funds by requiring Street Commissioner position on the part of the democrats to injure Mayor Cleaver, for he is not a candi-Hurst, in his store, on West Broadway, was date for re-election, at least at present, but Mayne, 25; Jackson, 30; Saunders, 6. On the discharged yesterday in police court, after the talk was merely indulged in to give third ballot Saunders dropped out and imme Keller a reputation as a watchdog of the diately after Jackson withdrew.

Avery was requested to do the work he objected, saying that he had all he could at-tend to in looking after the streets. Mayor Scott, Henry Stevenson, Mark Sears, A. Bell Cleaver then suggested that Mr. Barbyte be employed, but nothing was said about what he should be paid. Mr. Barbyte is a demo-crat, so that the mayor could not possibly have had any intention of benefiting his po-litical friends at the public expense. Keller and Spetman very wisely insisted, however, that Avery was amply able to oversee the work, and he undertook the job at the direction of Keller. He admitted to a newspaper man yesterday that so long as every-

thing is frozen up, as it is now, he had very little to do, but said that when spring came the council would have to look after some one else to do the Union avenue work. A little transaction in the city council last fall rather tends to indicate that Keller's eyesight for the city's interests has been sharpened by the nearness of the city elec-At that time, it will be remembered, one of the republican aldermen suggested that as there was little for the heafth inspector do during the winter months the services of W. R. Kemp, who held the office, might very profitably be dispensed with until But Kemp was a democrat, and could be found who was willing to cut off this useless expenditure. Keller made a speech, in which he hotly opposed vacating the office for the winter, on the ground that the streets and alleys should be kept just as clean during the winter as in the summer, so that danger of an epidemic might be averted in the spring. A resolution was passed, by a strict party vote, that Kemp

should retain the office during the life of the city council, no matter what happened. The alleys were never in very much worse condition than they are now, in spite of this precaution. In a number of them placards may be seen announcing "\$5 fine for any one who takes away this manure, the owners having concluded to sell it to nursery men and others, and Councilman Keller's eagle eye is largely responsible.

Got Out Through a Hole.

George Murray, William Whitney and James Thompson have been occupying the sky parlor at the city jail for the past seven days and their meat and drink has been bread and water. This menu was prepared for them at Judge McGee's order, on account of the intense anxiety they had manifested about get ing into jaid. Yesterday noon, after seven days of the very slim diet, they began to hanker after the flesh pots of Egypt, and de-Miss Wilson is the guest of her friend, Miss termined to get there by an air line. While Deputy Marshal Anderson was sitting alone marshal's office he saw one of them slide down the stairway, and he went for him. Two of them got out of the door in safety before he could reach them, but Murray chanced to be the last of the procession, and he was nabbed. An investigation showed that with a knife or some other sharp instrument the vags had cut a little hole in the board partition which separates the middle cell where they were confined from the front room and had crawled through it. The hole was so small that it seemed hardly possible that they should have gotten through it, but the fact remained that they were gone. Before going down stairs they discovered a rare treasure n the shaps of a barrel of whisky that had been stored in the fall building ever since it was stolen from a boxcar a year ago, and they each took a liberal dram out of it. No blame can be attached to Mr. Anderson, for the upper part of the jail is in such a notori ously unsafe condition that the only wonder is that prisoners do not make their escape

Held Up for a Sack of Flour. Lawrence Hansen, a farmer of Boomer township, with his brother and a bired man, left Council Bluffs for their home Tuesday evening at 7:30 o'clock with ten sacks of flour on their wagon. They were followed by a couple of men in a buggy, who passed them near the poor farm, and then waited for them to pass. As they did so, one of the men with the buggy grabbed a sack of flour out of the wagon, transferred it to his buggy, and drove off at a rapid gait. Hansen claims the men in the buggy threatened them with revolvers. but this is rather specryphal, as the only recollection they have is of something that shone in the hands of the highwaymen. Hansen and his companions followed their assailants all the way to Crescent, where the buggy was overhauled by Denver and M. A. Hough, who chanced to be in their store.

Will Present a Program.

Next Monday the Ministerial association will hold another conference with Colonel posed Chautauqua assembly. Between now presented to the colonel for his consideration. The program will cost not to exceed \$3,000, about half of what the first assembly cost. This does not mean, however, that the program will only be half as interesting, for are considerably cheaper now than they were then, and it is thought a fine program can be presented at very reasonable figures. RAINS CAUSING DAMAGE.

California Stream; and Irrigating Ditches

SAN FRANCISCO, Feb. 13 .- The general rains for the past few days throughout the state have filled the streams, many overflowing their banks. The Fresno irrigation canal has left its channel and many vine yards are under water. If the storm, which has ceased today, should recommence tomorrow, the city of Fresno would be in imminent danger of flooding. As it is the country is inundated for miles around the irrigation ditches. Numerous washouts are reported along the line. At Gallete the biggest flood of the season has swept down the river banks and washed out the Southern Pacific track. A passenger train ran into the washout in the darkness and was badly wrecked. The train was a double header, and both engines, two baggage and one express and mail car were overturned into the water, badly injuring the fireman, who was caught under the tank. The Pacific coast weather forecast declares that the storm is over and predicts fair yards are under water. If the storm, which the storm is over and predicts fair

Charles Bateman Received a Five-Year Fentence for the Bo d Deed. OTTUMWA, Ia., Feb., 13,-(Special Tele gram.)-Charles Bateman, the ex-Wabash

brakeman who was arrested on suspicion of having been one of the "Q" train robbers near this city, on the night of January 12, confessed to the robbery today and his attorneys entered a plea of guilty in district court this morning.

He was at once sentenced to five years i the penitentiary at Fort Madison and will be

taken there this week. Bateman implicates Ely, who, he claims, instigated and p'anned whole affair, and the detectives believe league last year, has been left a fortune of \$75,000 by his father. Hatfield signed with Bateman was only a tool in the hands of Ely.
In his confession to the grand jury he declared he had received only \$111, and Ely took the rest, but in an interview this morn-Reed of Manawa with reference to the pro- ing he significantly asserted to a reporter that when he finished his sentence at and then a program is to be drawn up and Madison he would sleep on a feather bed al right. Water Famine at Jefferson.

JEFFERSON, Ia., Feb. 13 .- (Special Tele gram.)-Lack of water is causing absolute distress in this part of Iowa. Rivers, creeks and wells, heretofore unfailing, have become dry, and in many towns in this section the supply of water is so small that entire neighborhoods are ferquently depending upon one well. Goose Lake, that a year ago was a body of water covering an acre two miles spuare, and upon which a steamboat piled, is now absolutely dry. One of the Twin lakes, a popular summer resort, is nearly dry. Farmers in many places are experience ing great difficulty in getting sufficient water stock and are obliged to drive their herds miles each day to water them.

Mrs. Emma Goodale, a trance medium, do ing business under the cognomen of Mme Paterson, was an interesting witness. Harry had come to her alone and asked her to tell

Miss Ging when that lady should call that she would win at gambling. She demurred, but he told her if she did as he asked she would never lack for money. Against the advice of her husband she consented to do as Harry asked. Accordingly when Miss Ging came with Harry she told her that she would be very lucky at cards for three or four days and then would lose f she played. The next day Harry came and told her that on the strength of her advice Miss Ging had let him have \$550 to go to Chicago and gamble. Harry said that with other amounts he had secured from Miss Ging in all \$1,375.

The After-Effects of the Grip Seem to Be Wors . Than the Disease Itself. There are more weak, tired and run down five years, and owing to one special cause; that cause is the grip. Grip is not as severe this year as in the past, but it is very prevalent and quite as annoying. It leaves the person weak, subject to chills with

the person weak, subject to chills with occasional flashes of high fever, restlessness, lack of appetite bad taste in the mouth and pains throughout the body. The worst thing about grip is getting over it, and even after it is broken, it is weeks, sometimes months, and even years, before the person fully recovers.

Here is where the great danger, the great dread which attends the grip arises, it leaves the body weak, often broken and open to all the attacks which may come in after years. It often ruins the life.

Now, there is only way to overcome the after-effects of the grip, and that is to build up the system by a genuine stimulant until it regains its health and strength There is nothing which will do this so well as pure whiskey, and there is but one pure medicinal whiskey in America, and that is Loufly's Pure Malt.

Thousands of statements could be given concerning people who have been brought around to prefect health after suffering concerning people who have been brought around to perfect health after suffering from the grip in its worst form entirely through its use. Care should be taken that

through its use. Care should be taken that no other stimulant is used in its place for there is no other which will answer the purpose so well. Some druggists or grocers often seek to substitute common whiskies but in a case of after effects of the grip, you cannot be too careful, and should secure only the hest. SEARLES & SEARLES. Chronic,
