One Million Christians Now in His Native Country—A Land of Three Hundred Million Gods—Methods of Proselyting Used.

The afternoon service at the Young Men's Christian association yesterday was devoted to India. The addresses were made by Missionary Hopkins, who has spent several years in India in missionary work, and a young Hindu, named Elija Kosah originally, but who has been christened John Anderson since his conversion.

Mr. Hopkins stated that there were several methods to convert the natives of India. One of the most common of these was the bazaars, or bazaars, in which the missionaries enter the market place accompanied by a band of converts with musical instruments.

Pale People. often wonder why they feel so debilitated—why their cheeks, lips and tongues are almost colorless. The reason is easy to find. The blood is in an abnormal condition, and is deficient in red corpuscles. This condition is not a disease in itself, but the result of disease. It may be produced by dyspepsia, malaria, or hemorrhage; but the most common cause is insufficient nutrition. What is wanted is a nutrient which will increase the vital force and put the blood in a normal condition.

Ozomulsion. does this as no other remedy can. It supplies the nourishment to build up the tissue and increase the red corpuscles of the blood. It thus gives strength and color. It does this because it contains Ozone and Guaiacol. These destroy the germs of disease and make appetite. The Cod Liver Oil supplies the food that puts on the flesh and makes strength. This means health; and health means happiness, contentment and wealth. OZOMULSION is The Remedy Physicians Prescribe. Colds, Coughs, Consumption and all Pulmonary Troubles; Scrofula, General Debility, Loss of Flesh, Anemia and all Wasting Diseases.
