COMMERCIAL AND FINANCIAL

Wheat Followed the Fashions Yesterday and Took Its Cue from Pari :.

THAT CEREAL STARTED FIRM ON BUYING

Corn Was Sustained by the Firmness in Wheat and Nothing of Importance Was Reported in the Oats Market.

CHICAGO, March 4.-Wheat followed the fashions today and took its cue from Parts. French markets were excited and higher, and this, with other buillish news, resulted in a firm market here, May closing %c higher. May corn closed unchanged, and May outs unchanged, but previsions finished

at advances. The who I market started firm with pleaty of buyers of May at 51%c, whereas the ma-jority were sellers at that as the trading came to a halt on Saturday. Inside of the first ten minutes the price had reached from 54%c to 54%c. The foreign markets were all quoted strong at the opening, and that coming after a rather weak day on this side on Saturday was the cause of the upward tendency here. Fronch warehouse stock reports showed 4,890,000 bu., against 19,500,000 bu. last year, and this marked decrease caused much of the strength shown but here and abroad. London, Liverpool. Paris and Berlin were all strong and higher at the opening. The English and French markets retained their strength to the close, but Berlin was quoted as winding up with 1 mark decline for March and ¼ mark for later months. The Paris market showed a further gain today of from ½c for March to about 2c per bu. for the May-August term Liverpool stocks of wheat are 5,00 tons, or 224,000 bu. less than they were a week ago. The receipts at Minneapolis and Duluth were 425 cars, against 588 a year ago. The total quantity received at primary markets was 386,000 bu., and the shipments of flour from all primary western points were equal to about 25,000 bu. The amount of wheat on ocean passage increased 800,000 bu, during the week, which more than offset a decreased visable supply here of 715,000 bu., but that did not prevent another rise in price here to 55c for May, which was mainly in consequence of the French necessity for wheat, and the advance in price there. The market here reached 55½c, at which figure there was free realizing, causing a drop from the top, but May closed firm at 54.7c.

The corn market was barely sustained by firmness in wheat. None of the day's news was of a character to change previously formed opinion. Receipts were about as expected, and for tomorrow 150 cars are estimated. New York reported buying orders from London, but the cash demand for through billed here was not any brisker than before and that absence of castern demand is the weak feature, which, for some time has been breeding bears in this market. The visible supply increased 707,000 bu. last week, compared with \$23,000 bu. on the corresponding week of the previous year. May opened at 44%c, and closed at that price bid. The lowest was from 44%c to 44%c, and the highest 45%c.

Nothing of importance was reported in the oats market, an ward tendency here. French warehouse stock reports showed 4,600,000 bu., against 19,500,000 bu. last year, and this marked de-

NEW YORK, March 4.-Upon the announcement of the adjournment of congress on the Stock exchange today a few brokers threw up their hats and cried "Hurrah!" At the opening of business the market was strong and active, there being an especially good demand for Sugar. The upward movement was, how-ever, quickly checked by free selling of the arbitrage stocks for the foreign account, followed by sales by the local bear traders, who made an attack on General Electric on a rumor Staple and Fancy Produce.

HOGS BROUGHT ABOUT STEADY PRICES

Some of the Buyers Did Not Want Anything and This Gave the Other Traders an Opportunity to

Bear the Market.

MONDAY, March 4. hogs and 4,147 sheep, as against 617 cattle and 2,831 hogs on Monday of last week. It will be noted that while the receipts of cattle the were larger than at the opening of last week the receipts of hogs were extremely light. Yesterday's storm no doubt had a good deal to do with the light run of bogs.

CATTLE—The fresh arrivals of cattle today were sixty-eight loads. While there was nothing fancy among the offerings there were some pretty good beeves. The demand was good and the market fairly active, practically everything being sold early in the day. The prices paid for steers were strong to 10c bigher.

There were seven or eight loads of cows and the market stands of companies to the companies of the companie

SHEEF-The receipts of sheep were large, there being twenty-three double decks in the yards, but they were mostly stockers, and were billed through. There is some demand for good mutton sheep, and prices remained about steady. Fair to choice natives are quotable at from \$2.75 to \$3.90; fair to good westerns at from \$2.50 to \$3.75; common and stock sheep at from \$1.50 to \$3.75; good to choice 40 to 100-th lambs, at from \$2.75 to \$4.75. Hepresentative sales:

CHICAGO LIVE STOCK.

Sellers of Cattle Had Another Good Market

Yesterday. CHICAGO, March 4.—Sellers of cattle had an-other good market. Less than 12,000 head came in today and there were orders here for a consideratoday and there were orders here for a considerably larger number. Competition was strong enough to carry up prices from 10c to 15c at the start, and strong enough to hold them there. Almost anything in the shape of a steer was salable at better than \$4, while the bulk sold above \$4.40, from \$4.50 to \$5.50 being the popular prices. Choice qualities were at from \$5.65 to \$5.85, and extra around \$6. Good to choice cows and helfers showed corresponding improvement and so did stockers and feeders of the better class.

\$5.55, and extra around \$5. Good to choice cows and helfers showed corresponding improvement and so did stockers and feeders of the better class.

The hog market was a little uneven, being weak in the Rock Island and Burlington divisions and fully steady in the Northwestern, but the variations in values were too slight to make necessary a change in quotations. The receipts were as the "talent" had expected. There was not a very active demand either from packers or shippers, and some hogs were left in sellers hands. Sales were at from \$3.55 to \$4.46 for very common light to prime heavy. Averages of less than 250 lbs. sold principally at from \$4 to \$4.15, and from \$4.15 to \$4.30 bought the bulk of the heavier weights.

Good to best grades of sheep and lambs were stronger and the poorer kinds were at least steady. The receipts, which at first it was thought would reach \$4.000 head, turned out to be less. The close, therefore, was better than the opening. Quotations ranged from \$2.50 to \$4.60 for poor to extra sheep and from \$2.50 to \$4.55 for lambs.

RECEIPTS—Cattle, \$1,500, head; calves, \$300 head; hogs, \$40,000 head; sheep, 12,000 head.

St. Louis Live Stock Market.
