Rev. T. W. Williams preached Sunday evening on the subject of dancing, and the Latter Day Saints' church on Glen avenue was well filled with listeners. He took the ground that dancing on a floor was just as harmful as doing the "still waitz" in a conservatory or on a window sill. The grounds on which he opposed the amusement were that it threw the dancers in the society of those not belonging to the best classes, it set a bad example, it threw the sexes into too close proximity to one another, it caused the devotees to keep late hours and violate the laws of health, it was the stepping stone to many hundred vices, and it led one's soul away from God.

Jurors Deidrich and Finkertan are standing out stubbornly for a verdict of not guilty. There is no probability that a verdict will be reached, although Judge Gaynor, who presided over the case, has announced his intention to keep the jury out several days unless some decision is reached. and this was confirmed by another letter which Sheriff Hazon received yesterday from Roger O'Mara, superintendent of police at Pittsburg. The latter mays he knows nothing of Smith. It is thought that the identification of the pair may throw some light upon the identity of Riley, the missing robber, as birds of this sort of feather reached.

order at the St. Charles hotel today. A number of disputes in regard to players are being considered. President Johnson today announced the appointment of Western league umplres as follows: Sandy McDermott, John Sheridan, Timothy O'Brien and John Hoagiand. The schedule will be adopted tomorrow. The schedule will be adopted tomorrow. The schedule committee, consisting of Long of Toledo, Barnes of Minreap 1 s and Comikkey of St. Paul, worked until a late hour to-night, but the progress was slow and all hope of submitting a finished schedule until tomorrow had to be abandoned. Two schedules were prepared, one by Barnes and one by Long, and they both had to be cast aside and a new one started, because of the fact that no Sunday games will be allowed at Indianapolis this year, for which no pro-vision had been made. After a schedule is adopted by the committee and submitted to the directors, there is every likelihood of a fight taking place about it. It is now the program for the western clubs to open the scason at the east end of the league, which is not so unsatisfactory if there is an assur-ance that the clubs will be given games in a fairly economical manner as regards trav-eling. Manager Twitchall says there will be trouble in the management if the sched-ule sends him and his team from Detroit to Mitwakee for a couple of Sunday games and then calls him back, necessitating a useless trip that would dost \$900. At midnight the schedule committee de-clided to remain in system the rest of the night. Renwei Their Sporting Blood.

KANSAS CITY, March II -- Parson Davies ompany tonight brought a full complement of sports to the Auditorium, fully 1,000 peo-ple witnessing the three mills put up. The feature was a five round go between Tommy Ryan, the welterweight champion, and Em-met Melody, a local fighter. It was a stiff match, in which Ryan was put on his met-tle. The local man's deverness in dodging Ryan's swings and*tanding several good blows nettled the champion. Ryan, how-ever, had the better of it on the whole. Tom Agnew of Chicago did not appear and Oscar Gardner, the "Omaha Kid," had a setto with Jimmy Evans instead. It was easily Gardner's go. His quickness and cleverness outclassed Evans at all points. The bout between Choynski and Mike Madden was disappointing, the latter being in no shape and not causing Choynski to exert himself. The first three rounds were tame, but in the fourth Choynski beat a tattoo on Mad-den's face and made tim call enough. Otymuje Cinh Wins Its Case. of sports to the Auditorium, fully 1,000 peo

Wrecked by a Friead's Death

boom of logs is floating down a river, all goes well until one single log strikes something and sticks. Then there's a "jam "-and trouble. It is just so in the progress of food through the digestive organs. Everything goes well till something sticks. Then the process of digestion stops. That's indigestion. That's what makes

you feel lumps in your stomach in the morning. Unless the impediment is removed, poisonous putrid matter begins to accumulate. There's a "jam "-consti-pation, and trouble. Sick headache, biliousness, sleeplessness, vertigo, heartburn, loss of appetite-these are some of the symptoms. Just a little help at the appearance of the first one would end the trouble. Nature is a hard worker, but she needs assistance if too much be put upon her.

Dr. Pierce's Pleasant Pellets offer the best and simplest method for furnishing this assistance. They are prompt and very effective in their action, but they are not strong nor severe. They cause no violent wrench of the system. They go right to the "log" that is fast and loosen it. Nature does the rest. By and by, with a little care in dicting, Nature will do it all. That's one great advantage of the "Pleasant Pellets" over the many strongly cathartic pills—you do not become a slave to their use. They really cure the trouble they are meant to cure. Even the worst kind of chronic constipation disappears with their use.

Some designing dealers do not permit their customers to have Dr. Pierce's Pellets because inferior pills afford greater profits. Such dealers are short sighted. They overlook the fact that next time you will go where you are supplied with what you ask for.

Your name and address on a postal card will bring a sample package (4 to 7 doses) of the "Pellets." A trial is all that is necessary.
