WHY SHE WAS LYNCHED

Attorney General Churchill's Theory Regarding the Keya Paha Tragedy.

MURDERED TO COVER UP A SECRET. Attorney General Churchill arrived on the Elmore road at 4:55 last evening, direct from the Klobukara county. In conversation with a reporter he said:

"I have been investigating the Keya Paha affair and I am firm in my belief that Mrs. Holton was not outraged or lynched by vigilantes. The work was evidently done by two men, and it was a clear case of murder, evidently committed for motives not known at this time. I believe that she was strangled to hush some secret forever. I hardly think that her knowledge of who committed certain petty thieving was sufficient to inspire any man or men to commit murder. She was evidently killed in the night and dragged from bed, but the autopsy does not reveal any indication of outrage. The suspicion against Hunt is very strong.

"In regard to the Barrett Scott affair, I believe that we have sufficient evidence to prove that the crime was committed in Boyd county, and I am working in perfect harmony with the county attorney of that district to bring about a speedy conviction of the offenders. I am determined to break up mob law in Nebraska, and I propose to earn my salary as attorney general, and particularly in upholding the dignity of the state."

ALBION, Neb., March 23.—(Special).—Dr. Edwin Becker, who has been taking a post graduate course in Philadelphia, is expected home shortly.

ALBION, Neb., March 23.—(Special).—The officers of the Johnson County Agricultural and Mechanical association at a recent meeting decided to make a special effort in the way of a county exhibit at the state fair this year. Committeemen were named for each precinct of the county to work the matter up, and a number of premiums will be given for the best donations to the supply of articles that will constitute the exhibit. Work is in progress on the rebuilding of the Carr brick block, recently destroyed by fire.

Advertisement for Hood's Sarsaparilla, True Blood Purifier. "When rambling in the woods I came in contact with poison oak. The following summer my whole body was covered with sores and pimples. I tried different medicines but they did not seem to do me any good. I was admonished by several of my friends to take Hood's Sarsaparilla. Having tried so many different kinds of remedies, I had come to the conclusion that nothing would do me any good. However, after noticing so many testimonials in the daily papers from different people who had been cured by Hood's Sarsaparilla, I concluded to try one bottle. It gave me such relief that I continued to use the medicine and it has effected perfect cure." E. E. King, 929 S. 12th St., Philadelphia. "My little brother had sores all over his head. We gave him Hood's Sarsaparilla and it cured him." Cynthia Morse, Denver, New York. Remember that Hood's Sarsaparilla is the only True Blood Purifier.
