COUNCIL BLUFFS.

Delivered by carrier to any part of the city.

H. W. TILTON, Lessee. TELEPHONES-Dusiness office, No. 43; night editor, No. 23.

MINOR MENTIONS.

Grand, Council Bluffs. E. F. Clark, prop. Mayne Real Estate agency, 539 Broadway. A marriage license was issued yesterday to F. J. Millar, aged 22, and Stella Delatowsky aged 20, both of Omaha.

Justice Vien received a telegram yesterday

The Ganymede Wheel club will have smoker next Saturday evening at the club rooms, in the Grand hotel annex, as a windup of the winter season. Frank and Sam Baird and James Chanle,

all of them United States prisoners or wit-beames, caused a row at the Metropolitan hotel last evening, and were arrested. The State Land and Improvement company

building permit yesterday for \$2,000 brick building for business purposes, on J. F. Peterson took a photograph yesterday the florri decorations at the Broadway Methodist church which were left over from

the Christian home mass meeting Sunday

Freeman, the 6-months-old son of Mr. and Samuel French, died Sunday night at midnight of congestion of the stomach, after an illness of a few hours. The family resides in Boomer township.

The insane commissioners met yesterday t examine Mrs. Barbara Barnes of township, the wife of William L. Barnes. She has been affering from insunity, thought to have been caused by too much religion. She was exceedingly violent. The commissioners ordered her taken to Clarinda.

Ex-Drum Major Carbee, formerly of this city and later of Sloux City, is now acrying a term in the penitentiary at Fort Madison bigamy. When Sheriff Hazen returned last week he sent by him a set of dolls chairs to the children of the wife who now has first claim on his affections. They are very neatly executed, and show that he is as handy at working with his hands as he used to be at working with his wits.

Dave Wicks and Charles Woodruff, who are attending the "bootleggers annual convention" at the government building, were walking down Broadway near Bryant last evening, when Woodruff drew a billy from his pocket and began to make it unpleasantly numerous. Both he and his companion were pulled in by the police, and Wicks was found in have a revolver in his pocket. Both were wated with carrying cone all d we pons,

William Branson, jr., of Missouri Valley found his adopted sister, Annie L. Raymond, at the home of Mrs. Brown, near the corner of Pierce and Frank streets, where she had gone to work. She rejused to tell why it was that she had left her home, and merely laughed when he ask d for an explanation She concluded, however, that making he own way in the world was not all it had been cracked up to be, and went back to Missouri Valley with him on the evening

We have over \$300,000 to loan upon im proved Iowa farms. Farmers desiring loans can save money by dealing direct with us thereby saving agent's commission. We do not loan on wild lands, nor in Nebraska. Lougee & Towle, 235 Pearl street.

Mrs. Albin Huster will have her spring millinery display on Thursday, Friday and Saturday, April 4, 5 and 6. Ladies, come finest stock of new goods in the city. 321 Broadway.

Pearls of the sea! Gems of the ocean! The lightest breakfast gems spring to the call of Price's Baking Powder.

GOT BACK IN FAMILIAR QUARTERS.

Deetken & Whal'y have removed their drug store from 140 Broadway to 416, near First National bank. Their patrons will

find them in the new location, with a stock increased to nearly \$9,000. Yes, the Eagle laundry is "that good aundry," and is located at 724 Broadway. f in doubt about this try it and he convinced.

Don't forget name and number. Tel. 157.

THE OMAHA DAILY BEE. NEWS FROM COUNCIL BLUFFS

OFFICE, - - NO. 12 PEARL STREET City Council's Annual Meeting Prings Out a General Attendance.

MAYOR CLEAVER'S PROMISED MESSAGE

Document Foreshadowed in His Welcome to the New Board Read at Length-Its Recommendations and Reflections -Routine of the Session.

The annual meeting of the city council was held last evening, with the mayor and a announcing the death, at Sorel, Quebec, of his full board of aldermen present, besides a brother, Arthur, who had been ill for a numlarge number of spectators. The mayor's nessage followed the usual routine matters

The message opened with a few introducory remarks congratulating the citizens upon the continued prosperity, healthful condition and encouraging outlook for the future welfare of the city, in spite of the unprecedented hard times, which developed many new enigmas for the solution of the city officials. It contained the following statements and suggestions:

DEPARTMENT OF FINANCE. DEPARTMENT OF FINANCE;
The business of this department has been conducted for the past year with strict economy and superior executive ability, Much time and thousth have been given by the officials in charge, tending to the adoption of better methods and the protection of the city's credit.

Probably a brief comparison of the auditor's report for 1832 and 1834 with that of 1894 and 1895 will afford the most satisfactory information as to our financial condition:

108,037,11 150,593.8 ubstanding water fund

45,078,75 1,230,00 631,100,00 99,800,00 During the past year we have paid \$101, 500 of special assessment bonds and issued only \$1,200 of new ones, decreasing our outstanding bonded indebtedness in the net sum of \$50,800. This leaves the total bonded indebtedness \$531,100, as against \$730,900 one year ago. We also have in sinking funds to apply against this amount as soon as it can be used about \$71,000. Deducting this from the total outstanding indebtedness, gives us the sum of \$550,100 as the actual amount of our bonded indebtedness. Total amount of warrants drawn during the year were \$138,724,19. Of this \$88,414.76 were drawn for the regular current expenses of the city, slightly less than the previous year. The outstanding general fund warrants have increased to some extent, owing to the transferring of a portion of the police fund receipts to the special improvement fund. This in all likelihood will be returned during year and will at once go to reduce the outstanding general fund warrants about \$25,000. Water fund warrants outstanding show a slight increase over one year ago. The revenue obtained from the maximum 5-mill levy being insufficient to pay our annual water rental, there is little prospect of any reduction in this fund in the near future.

COLLECTING FOR IMPROVEMENTS. During the past year we have paid \$101,-

COLLECTING FOR IMPROVEMENTS. During the past summer the chairman and clerk of the finance committee and auditor visited Des Moines with the purpose of ob-taining data relative to making certain changes in our methods of assessing up special improvements to abutting property owners, such as paving, sewering and grad-ing. The plan as recommended in last year's reports and detailed in my message was recommended by year's reports and detailed in my message was recommended by the committee as being the most feasible (the essential feature of this method is the relieving of the city of liability in case of non-payment by property owners for special improvements made upon strests abutting their property), and was adopted by the council applying to paying alone. This was accomplished at too late a date to affect paying completed last fall. Attention is here called to the necessity of the council taking early action toward applying this

PUBLIC HEALTH. Above all other responsibilities in the administration of municipal government the duty of properly guarding the public health stands paramount. Experience and observation teach us in order to accomplish this result it is

GOT BACK IN FAMILIAR QUARTERS.

L. C. Taylor Arcested on Suspicion of Burglariza; Lucius Welis' Residence.
L. C. Taylor, also known as Charles Willison, is again behind the bars of the city jail, this time on suspicion of being implicated in the burglary of the residence of Lucius Wells about two weeks ago. This is not his first jail experience by any means. He has gone to the penitantiary from this city twice, once for stealing a trunk bodily from the rear window of Kier's hotel. A few weeks ago he went into a room in the Mergen hotel and was on his way cut with a value containing a suit of clothes when he was overhauled and placed under arrest. Through a mistake on the part of the justice before whom he was tried he was sentenced to twenty days in the county jail, instead of being bound over to the grand jury. He completed this sentence, and then went to L no in, He is known to be a smooth burglar and crook generally. A. W. Casady, who found the burglars at work at the Wells residence called at the jail yesterday, and although he gave it as his opinion that there was a great deal of resemblance between Taylor and one of 4the burglars, was unable to identify him positively.

Back and injured. Experience and observation and one of the distribution feach us in order to accomplish this result it is necessary to enact and enforce stringent used nor city camell adopted an ordinance in strict compliance with the rules of the Jown Strict Compliance with the rules of the Jown Strict Compliance of the city should see to it that all garbage, stagnant was very strict to the properly disposed of, or the same reported to the properly disposed of, or the same reported to the properly disposed of, or the same reported to the properly disposed of, or the same reported to the properly disposed of, or the same reported to the properly disposed of, or the same reported to the properly disposed of, or the same reported to the properly disposed of, or the same reported to the properly disposed of, or the same reported to the prope

DEPARTMENT OF LAW.

Under this department rists the responsibility of guarding the legal activity of all other subdivisions of the city government. Its importance in the successful administration of the business affairs of the city cannot be overestimated. I note with surprise the absence of detailed reports covering the work of this department in the past city reports as compiled, the reports of city attorneys usually being confined to a brief epilome of cases peculing and dismissed, I would recommend that an annual report be required from the judiciary committee, DEPARTMENT OF LAW.

thus obtaining more detailed reports and the making a matter of record many im-portant items otherwise unrecorded, PUBLIC SAFETY.

portant items otherwise unrecorded,
PUBLIC SAFETY.

One of the principal functions of a municipality is to furnish adequate protection to life and property through its police and fire departments. Our city will compare favorably with other cities of like population. In fact, the expense of our police department falls far below that of many cities of equal population. Located as we are necessarily makes us to some extent a dumping ground for the criminal element of Omana. The effective manner in which we furnish employment for vagrants in the way of street cleaning, however, carries with it a certain restraining element. Comparatively few days pass by that I am not prevailed upon by cities from various quarters of the city to supply them with police protection. Our city being so scattered, it is impossible to furnish constant protection to it all without becurring a very much increased expense. Attention is called to the recommendations of the chief of this department, Alded as they are by efficient water pressure and the best equipments and appliances, the record of our department for efficient work is probably unsurpassed.

CITY PROPERTY.

Very little expanse was incurred during the past year in the way of improving city property. A few advantageous changes were made in the city building. Notably the change in the arrangement of council chamber, and the inside entrance to basement. In the police headquarters partitions were removed, doing away with the necessity of the use of an extra stove, a few needed repairs in and around the engine houses were also made. In this connection I wish to call your attention to recommendations in the marshal's report, also the city physician's report. I deem it advisable to make the improvements therein suggested at an early date. The condition of our jail is undoubtedly a standing menace to public health and safety.

INTERNAL IMPROVEMENTS. CITY PROPERTY. INTERNAL IMPROVEMENTS:

INTERNAL IMPROVEMENTS.

The many important duties assigned this department make it particularly popular target for criticism. Almost ever official order directing something to be defor the betterment of the city at large it curs the displeasure of some person or persons who consider their own selfish interest was shown by our cit zens in obtaining work for our unemployeearly in the past summer. As a partial result, the council inaugurated and carrie out a general overhauding of sidewalks if the business portion of the city. A notice able feature in this connection was the equally vigorues objection filed by partic who were the prime movers in obtaining employment for the needly. A number onew streets were opened by being brought grade, but very little new paving was contracted for. Much benefit has been derive by repairing streets pavel with calablescal and larger than the content and the content of the country of the city of th new streets were opened by being brought to grade, but very little new paving was contracted for. Much benefit has been derived by repairing streets pavel with color blocks. And I deem it very important that this method of lengthening the life of our pavements be continued in. I am not altogether satisfied, however, with the use of new brick for this purpose, it being too expensive. As yet we have not demonstrated the adaptability of a cheaper material for the purpose. The city possesses quantities of stone, gravel and sand, located north of Big lake. As to whether this can be utilized upon our streets to advantage is yet a question. I wish here to call attention to numerous petitions from property owners supplying for the opening of new streets, thus affording access to and outlets from property. In many instances this involves little or no expense to the city, being in the end of much benefit to it. Our street commissioner calls attention to the necessity of changing the names of some of our streets, the same name being applied to more than one street. In this connection I venture to suggest the need of a street sweeping machine, Indian creek continues to afford the municipal fathers ample thought. Even during a season of notable drouth, while list bed and banks were occupied by rubbish and weeds, the much mooted question of controlling its influx and providing capacity toward its outlet were harassing the fertile brains of the council and city engineer. To my mind the solving of this problem will be deferred for years to come and medding with it, aside from keeping it clean, deepening and widening towards its outlet, will simply bring forth an expensive on slaught in way of damage suits against the city by adjoining property owners.

INDIAN CREEK STILL AN ISSUE.

INDIAN CREEK STILL AN ISSUE. No new bridges have been constructed for contracted for over Indian creek during nor contracted for over Indian creek during the year. A strong petition from property owners for a bridge at the junction of Mynster and Main streets was presented to the council early in the past summer. A petition of this nature has been before the different councils for several years, but for inexplicable reasons it has always been tabled.

GOOD HEALTH

TT isn't much trouble for a really healthy man to be good humored. Jollity and exhuberant health are a proverbial combination. The hearty man who is always laughing doesn't have any trouble with his digestion. It has been said that laughing makes people healthy. The truth is that

health makes people laugh. There isn't any other thing so essential to health as regularity in the action of the bowels. Most all sickness starts with some derangement of the digestive functions. Good digestion means good, pure blood, and that means strength. Once let the bowels become clogged with refuse matter, and the whole system is deranged. Impure, poisonous matter gets into the blood and plants the seeds for all sorts of sickness.

Whenever there is a stoppage of the intestinal action, help should be given immediately. Usually a mild, gentle laxative is all that is necessary. A violent, wrenching, griping cathartic is never needed. Dr. Pierce's Pleasant Pellets are the most pleasant and successful remedy for occasional or chronic constipation, or costiveness. They are tiny, sugarcoated anti-bilious granules that even the smallest child can easily take. They act in perfect accord with nature and produce no griping or other disagreeable feeling. They should be taken at the first indication of digestive trouble. They stop sour stomach, belching, "heart-burn," flatulence and sick headache. They cure constipation permanently. You can stop taking them after the bowels are thoroughly regulated. Their help lasts. You do not become a slave to their use as with other pills, Dr. Pierce's Pleasant Pellets—it's an easy name to remember. Don't let a designing druggist talk you into "something just as good." He makes more money on the "just as good" kind. That's why he would

rather sell them. That's why you had better not take them. For a free sample package of 4 to 7 doses, address: WORLD'S DISPEN-SARY MEDICAL ASSOCIATION, No. 663 Main Street, Buffalo, N. Y.

BROKERS GRAIN, PROVISIONS, STOCKS sponse to a telegram from Chief Scanlan, and sentenced to twenty days in jail, or until the officer should arrive.

the efficer should arrive.

W. H. M. Pusey of the banking firm of Officer & Pusey, arrived in Columbia, S. C., a day in advance of Baker, and had attached all of Rief's effects, consisting of five horses, two wagons and a lot of harness and farm implements, to prevent the bank from lesing all the \$500 it had given him for the worthless bit of paper. Strange to say, Rief had no money at all. When he was arrested he had \$500 in cash, but he paid the railroad company \$200 for the car in which his goods were transported, \$65 for an attorney and the rest of it had vanished as money has a habit

503 Broadway, handled in ear load lots. To COUNCIL BLUFFS, IOWA.
