#### STATE FAIR CARNIVAL PLANS. Committee Appointed to Complete Negotia tions for Mardi Gras Floats.

The local executive committee on arrange ments of the state fair autumnal festivities met at the Commercial club last evening. Dudley Smith, chairman of the soliciting committee, reported favorable progress and announced that the sum required had been secured, with the exception of \$5,000. It is thought that the necessary amount will be raised within the next few days. Commissioner Utt, G. A. Renze and Dudley Smith were appointed a committee to go to New Orleans and complete negotiations for the Mardi Gras floats. The committee will meet again next Thursday night.

Seeking a Judgment Fund.

Under the decision of the supreme cours refusing to reopen the Kellar case, regarded as the test case respecting the controversy as the test case respecting the controversy over Dauglas addition lots, the county commissioners are scheming to raise the money for refunding to buyers of lats. It is estimated that not less than \$200,000 will be required to meet the claims. Commissioner Jenkins favors an issue of bonds to raise the amount. Commissioner Stenberg suggests that a judgment tax may be included in the July levy. This is being investigated by the county attorney. If bonds are issued, however, he says the tax will not be collected for a year and so \$14,000 interest would accumulate. By sisuing twenty-year bonds the land might become so valuable that the county would come out whole.

Mr. Schultze was one of the best known men Henry Villard, and nearly ten years ago was made general land agent at the west end of the road. He did not seem to feel badly about the matter then, but it is certain that he felt keenly that the removal showed a lack of appreciation of his services. Yesterday. General Manager W. B. Doddridge, General Superintendent H. G. Clark, Division Superintendent Rathbun, Assistant General Freight Agent Phillippi of the Missouri Pacific and a number of members of the State Board of Agriculture went out to West Side yesterday to look over the ground selected for state fair purposes and also arrange for the building of tracks by the Missuri Pacific company to expedite the handling of the crowds of people expected at the inaugural meeting of the state fair in Omaha. General Manager Holdrege of the Burlington and General Manager Burt of the Elkhorn had been invited to join the party, but there was misunderstanding as to the hour when the the result that Messrs, Holdrege and Burt got left, the party having left by the 9:05 train from the Webster street station, taking carriages from Ruser's Atchison put in rates to Arizona and other to the grounds and inspecting, meanwhile, the points at its own sweet will. The Union proposed route of the Missouri Pacific to connect up portions of the road, some three miles of track being necessary to build before the Missouri Pacific will be able to handle the hoped the Union Pacific would insist

freight and passenger traffic without a upon protecting its own territory. Mr. Holdrege said that his company was within three miles of the state fair site, and he thought the trip of yesterday was to talk over arrangements that might be made lington might give the former road its busi-

The controller says the floating debt of the city is about \$4,000,000, an amount no larger than usual for some time past at this season of the year. The tax in process of collection is ample to much more than meri it. Each year for several administrations the city has run behind and perhaps no more the past year than any previous one. As a result of improved methods under the new administration of Mayor Swift, now beginning, it is expected this will be rectified and the floating debt be nearly if not altogether wiped out.
