CANNOT PREVENT A DEFICIT. Board of Education Will Find Its Balance

on the Wrong Side. The present condition of the school fund indicates that the prediction made at the beginning of the year by Secretary Gillan that there would be a deficit of nearly \$60,-000 at the close of the school year will be very nearly verified. The report of the city treasurer which was submitted April 1 showed that there was a balance of \$52,000 in the fund on that date. A part of this was in special funds, leaving the balance available for the payment of salaries and general expenses \$43,465. During the first week in April warrants were drawn aggregating \$34,449, thus leaving about \$9,000 on hand. The April receipts from fines and other sources will not swell this to more than \$12,000. The April pay roll will be quite \$30,000, thus leaving more than one-half of the April and the entire payroll for May unprovided for.

Arrangements have been made by the city treasurer by which warrants can be registered, after which they will draw 7 per cent interest. This is under the authority of a law which was passed at the recent session of the legislature. Under these circumstances the teachers will have no difficulty in disposing of their warrants, as the banks and speculators will be willing to buy city paper which draws that rate of interest. This arrangement will relieve the teachers from all embarrassment, but the resulting deficiency will be left over for next year's con-

Break in a Water Main.

The street department has been having a great dear of trouble in stopping a break in the water main at Thirty-seventh and Farnam streets. The leak is in the service pipe leading to the residence of John C. Cowin and the water was breaking through into the street for several days before it was reported. A notice was sent to General Cowin, but he was absent from the city. The waterworks company refused to shut off the water and the street commissioner was finally compelled to hire a plumber to go and stop the flow. The damage to the payement is not agricult.

AGRICULTURAL COMMISSION GARDEN SCHEME.

Appeal to the Benevotent Citizens of Omaha.

In response to our application to the county commissioners for money with which to pur-chase potatoes, seeds, etc., they in their wisiom have only seen fit to grant us a donation f four hundred bushels of seed potatoes, on endition that they are to be given only to those who received aid from the county store last winter.

We are therefore compelled on behalf of those deserving families who exhausted their means during the past winter, and who avoided applying to the county for aid, but who are now without further resources, to make this public appeal for donations of money, seed potatoes, garden seeds, implements, and the use of teams for ploughing up the land already received.

All checks and donations of money should be forwarded to Mayor Bemis, city hall, and the notice of other donations sent to the secretary, Agricultural commission, city hall, who will send for them. GEORGE P. BEMIS, President.

FIRE AND POLICE COMMISSION.

Special Session to Dispuse of a Number of

Routine Matters. The Board of Fire and Police Commisstoners held an adjourned session at 4 o'clock yesterday afternoon to finish work begun last Monday evening. The business of the session was of a purely routine character, and was transacted by Mayor Bemis and Commissioners Strickler and Coburn.

Complaints were lodged by Chief Redell against Michael J. Hannon for violation of rules of the fire department. Hannon became intoxicated on April 14 and became so abusive at the engine house that he had to be ejected by the firemen in charge. He has turned over the city property in his pos-session and quit the service. He will be given until next Monday night to furnish an explanation.

Leaves of absence without loss of pay vere granted to members of the fire departnent: James Trainer, driver of chemical No. 1, for twenty days; Thomas Gray of hook and ladder company No. 1, for three days; C. C. Troby, driver of engine company No. 6.

Leaves of absence to members of the police force were granted as follows: G. B. Curry, patrolman, for five days; James O'Brien, for five days; D. D. Tiedman, patrol conductor, two days; P. Jorgensen, patrolman, for three days; C. M. Doolay, clerk, for five days; John Hathaway, operator, fifteen days.

In the closing moments of the session the ommunication from the judge of the criminal court in answer to an alleged subpoena served upon him to appear before the board to give testimony, in the pending investiga-tion, was brought up. No official action has ever been taken by the Fire and Police Commissioners in regard to the communica

Mr. Strickler said that he had not ye been able to ascertain by whose authority the subpoens was served. Mayor Bemis said that he regarded the ommunication as libelous, and that in his judgement legal proceedings ought to be ommenced against the author. The whole matter was deferred for another

meeting. LOOKING UP LEGAL FEATURES.

On the Canal Eond Proposition the Com missioners Will Act Cautiously. "We don't want any hospital job on our

hands," remarked Commissioner Jenking yesterday in speaking of the work of the county board in reference to the Platte canal proposition.

The matter now stands before the commissioners in the form of several knotty legal points and it is pretty generally conceded by the members of the county board that it will take at least three weeks to unravel the difficulties. A session was held behind clos. deors Monday afternoon at which the petition signed by 5,000 voters was read. The board then formulated several legal propositions which have been submitted constitutional lawyers and is awaiting their opinions. As these gentlemen virtually pass upon the validity of bonds, the issue of which may range from \$1,500,000 to \$2,300,000, no

immediate response is expected. Among the propositions which have been and will be raised for solution is the ques tion as to whether the commissioners by the appointment of trustees can divest themselves appointment of trustees can divest themselves of the custody of county property in contra-vention of section 323, chapter 18, of the statutes, which make the county board guardian of county property. It is also made a point that the judges have no authority to appoint trustees. These and other similar questions are being prepared for counsel to pass upon, as provided in the resolution of Judge Stenberg of Saturday.

Gun Club Holds a Meeting. Members of the Omaha Gun club held meeting Tuesday night and elected following officers for the enthe W. H. Hughes, presyear:

ident; George W. Loomis, vice president Frank W. Carmichael, secretary; Frank S Parmelee, treasurer. Prior to adjournment arrangements were considered for the annual shoot and a committee appointed to take charge of the details. A number of prizes will be offered. damage actions. On June 9, 1894, the bank

began attachment proceedings to collect the

and Van Camp being made the defendants.

Bank officials swore that Van Camp was

about to convey away his property and place

it beyond the reach of his creditors. An

attachment was issued and levied on about forty lots and houses of the value, so Van

Camp says, of \$40,000. Part of the property was sold by him on the plan of future payments, and thus he claims he lost vari-

MATINEE AND EVENING. -THE CHICAGO ORCHESTRA Theodore Thomas.

CONDUCTOR. SOLOISTS-Mrs. Genevra-Johnston Bishop

Now on sale at Adolph Meyer's Music Store,

Mr. Homer Moore.

As we remarked often-"A new pair of shoes gratis or your money back"-if our shoes don't render absolute satisfaction. No shoe dealer enters upon such a generous contract, but why

Simply because we have absolute confidence in the shoe we sell. An "all leather" shoe carefully stretched is bound to wear and out wear natural, and the natural wear of leather-good stock-is all any reasonable person could expect. Imitation sole leather-compressed paper-cannot be guaran-

teed. If we would deal in such, we couldn't handle enough shoes to satisfy all complaints.

Yet we sell pure leather shoes cheaper than the average shoe

A substantial working shoe for \$1.15.

A full stock dress shoe for \$1.65. A splendid calf shoe for \$2,00.

The best American calf Goodyear welt, a shoe of that calibre retails everywhere at from \$3.50 to \$4.00 -our price \$2.50.

Not a last, width, toe or style known to the modern market but what you are sure to find here.
