

SETTLERS ARE SUFFERERS

Jeans of the Flouring Land and Cattle Comp. ny Take the Worst of It. THEIR SUSSTANCE IS THREATENED

Prolongation of the Dispute Between the Indian Bureau and the Land Company Puts the Farmers' Crops in Great Jeopardy.

PENDER, Neb., April 21.—(Special Telegram.)—After the spectacle from this place to the Hoe yesterday had been sent by courier from the Winnebago agency Sheriff Mullin refused to give the \$100 bonds, and was subsequently turned loose by the court.

It is rumored here today that overtures were made by Captain Beck through another party last night looking to a compromise with the Flouring company, but being unable to see J. S. Lemmon, president of the company, the rumor lacks confirmation. It is generally believed here that the rumor is true. Over 100 affidavits from leasees of the Flouring company will be presented tomorrow in Omaha. Every citizen of Pender is deeply interested in the result of the hearing. Over twenty-five leasees were yesterday reviewed at a hearing by Sheriff Mullin, who was accompanied by the Bee correspondent and the sheriff's deputy, who was hearted over the interference and delay caused by the effort to eject the Flouring company, and many of them who depend entirely on this year's crop to keep them and their families from absolute starvation.

Some of the leasees who were reviewed at the hearing were as follows: Mr. George Hoag and Frank Franks, Wilber E. Hoag and F. L. Brande attending Knights of Pythias lodge at Norfolk Tuesday.

Harry Chapman returned from his travels in Minnesota last Thursday. They report a good time hunting. Mrs. C. C. Jewett has been a guest at the home of Mrs. George Hoag and Frank Franks during the winter, was called to her home in Indianapolis last Tuesday by the serious illness of her father.

Rev. Hal P. Pudge of this city, who is taking charge of the Baptist church in Valparaiso, N. H., is expected to return here in a few days. He has been in the city for some time, and is expected to return here in a few days. He has been in the city for some time, and is expected to return here in a few days.

Ralph W. Breckenridge returned last night from Pender, where he has been for several days looking after the interests of Captain Beck during the trial of Sheriff Mullin. The trial of the sheriff was ended, and the sheriff was released, but was expected to appear before the grand jury. This was done in order that habeas corpus proceedings might not be brought against him. It is believed that if the sheriff had been remanded to jail.

Captain Beck is also in the city and will remain in the city until the suits that have been brought against him have been disposed of. They will come up for hearing before Judge Tandy in a day or two. It is expected that the suits will be dismissed, as in the case of the principal plaintiffs the suits filed by him were dismissed. He says further that he has been misinformed of the facts in the matter at the time he had obtained leases for the land in question. He says further that he has been misinformed of the facts in the matter at the time he had obtained leases for the land in question.

Speaking of the condition of affairs at Pender, Captain Beck said that the excitement over the ejection of the settlers was the greatest since the coming of the railroad. He says that the excitement would subside in a few days.

YORK'S CRACK MILITARY BAND. Has Been Making Great Progress During the Winter and Will Give a Concert in York, Neb., April 21.—(Special.)—The York Military band under its reorganization is fast gaining a wide reputation throughout the state. It has at the present time a membership of thirty-two, among which there is much noticeable talent. A short time ago Mr. C. Campbell, the former instructor of the organization, resigned his position. Prof. J. A. Parks was then appointed as the instructor, and he has since that time taken the lead in reorganizing the band. The professor was the conductor of the band when it gained its first great success at Denver at the concert in 1892, at which time the leading papers of the surrounding states commented upon the fine playing of the band. Prof. Parks has for some years been a resident of York, during which time he has gained quite a reputation, both as a musical composer and as an instructor. The band at the present time plays the highest grade of music, and the advancement made by the new members speaks well for the future of the band. It has no equal in this state. During the winter when the band was first organized, there were only a few members, but owing to the rapid advancement of the other members many were forced to drop out of the same. A large platform will be erected for the use of the band during the concert.

Miss Mauda Coles returned from the Chicago Musical conservatory, at which place she has been attending for some time. Mr. R. J. Coles accompanied her from Lincoln.

Mrs. Will Harkin of Lincoln is in the city, a guest of Mrs. N. W. Harlan. W. W. Gilbert, who has for some time past been visiting with his brothers, E. A. and C. F. Gilbert, returned today to his home in Chicago, Ill.

Mrs. E. L. Whitcomb and daughter Birdie left today for Lincoln, at which place they will spend a few days visiting friends. No district court was held yesterday or Saturday. Several foreclosure cases will be tried on Monday. The term will last but a few days more, and will adjourn at 10 o'clock on the day following.

An accident, which might have proved far more serious than it is, occurred at the place yesterday. Mrs. A. W. Wellman was out driving in company with other ladies, when the horse became frightened and ran away, upsetting the carriage. The driver and occupants to the ground. Mrs. Wellman was slightly injured, but the rest escaped.

Board Revival at Fremont. FREMONT, April 21.—(Special.)—Rev. A. M. Hills of Oberlin, O., closed his series of revival meetings at the Congregational church this evening. The meetings have been supported by a class of 75 people who do not usually attend revival services and many conversations are reported.

Yesterday Carl Wehme, while digging a trench at Turner & Hanson's store, struck something metallic with his spade, which proved to be the remains of an old army musket. Further digging brought to light a roughly hewn stone axe and human bones. Around the bones of the arms were copper rings, which would seem to indicate that

DENVER, April 21.—Colorado. A rain which commenced at 2 o'clock last night changed to snow about 5 a. m., continuing until tonight when the weather cleared. Although very little snow remains, it was enough to make the roads slippery and to cause a good deal of mischief in the city. Many of the trees are covered with a coating of ice, and many of the houses are in danger of being blown down. The wind is blowing from the west, and is expected to continue until tomorrow. It is feared that the ice will do much damage to the crops, and that the snow will cause a great deal of trouble to the stock.

BOSTON, April 21.—Ex-Congressman John L. Sullivan distinguished himself as a life saver today. Just before 4 o'clock he heard a woman scream in the rear of the house in which he was stopping. He ran down the stairway and saw there was a fire in the kitchen and that Mrs. Margaret Donnell, the cook, was in danger of being burned to death. Her clothing having been ignited by the flames, she was unable to get up. Sullivan threw a blanket over her, quickly wrapped a big mat around the woman and succeeded in extinguishing the flames. She was burned on the face and hands, but was able to get up. Sullivan was obliged to call on a doctor, but the woman's burns proved fatal. She died at the city hospital at 12:15 this morning.

former inhabitant of the skeleton was an Indian. There were also rotted fragments of cloth, in which the Indian had evidently been wrapped for burial. The trench extended into the end of a mound, the outlines of which can be distinctly traced, and on which there was quite a large tree growing.

Vienna Paragraphs. PIERCE, Neb., April 21.—(Special.)—The Epworth league gave a very pretty entertainment at the lovely home of Mr. and Mrs. J. Y. Humphrey Friday night. Music and games afforded merriment for the large gathering. Refreshments were served and the evening passed in a most pleasant manner.

Work on the Opera House has been proceeding in full. Bricklaying was begun this morning. The structure will be thirty-three feet high, and will occupy an entire block. The building will be completed by July 1.

Mr. and Mrs. D. L. Upton have issued invitations for a reception to be given at their home on Tuesday evening, April 23. The Omaha has to Lincoln this morning, and this afternoon will take another fall out of Buck-rino's farmers. Yesterday's score:

GAMES IN THE NATIONAL LEAGUE. Buck Ewing Gives Oliver Perry Tebena a Hard and Bristle Trouncing. CINCINNATI, April 21.—The largest crowd ever gathered on a ball field in Cincinnati attended the game today. There were 17,306 people on the grounds. Cleveland did not hesitate to speak of it as the eighth inning, and then made only three hits. If McPhee had not been spiked by Zimmer in the seventh so badly that he went out of the game, Cleveland would have been blanked. Gray, who took McPhee's place, missed an easy grounder that should have been a sure run. Ewing's hit after that scored three runs. Ewing's run batted, fielded and ran in runs.

Home For Young Women. ORGANIZED YESTERDAY AFTERNOON. A meeting was held yesterday afternoon in St. Philomena's hall by a large number of women who are interested in the Young Women's Christian home at 1729 Cass street. The home was started some time ago and is now under the direction of Miss Macfarland, who is acting as its manager. It is intended to furnish a home for the young girls who come to the city and to the girls who are employed as clerks in the city on a small salary. Everything is furnished at cost price, and the privilege is a reading room. The building now occupied is a seven-room house and at the meeting yesterday it was decided to look for larger quarters. The members of which were asked to contribute to the fund. A contribution of \$15 was collected from those present as a starter. The following officers of the association were elected: President, John Rusch; vice president, John B. Faray; secretary, Miss Nora O'Connor; treasurer, Mrs. Thomas Fitzmorris. An executive committee of fifteen was also elected.

Money, Banking, Business. Enormous Traffic and Trade Carried on by the Country.

This country carries on an enormous business, says Harger's Weekly, its foreign commerce last year amounted to \$1,547,000,000. Three-fourths of our exports were of agricultural products. How much money was employed in carrying on this trade? The exports and imports of gold will not begin to pay for all this business. In 1894 the total gold exports amounted to \$77,862,228, and the net gold exports to \$4,172,665. In 1893 the net gold exports from this country amounted to \$85,897,578. Much of the gold that went from this country for the payment of the debts represented by securities which the foreign holders sold because they were afraid that our currency was about to deteriorate; that we were about to increase our taxes; that we had become too large a power; that we had become too powerful a power because we had too much money in this country. The largest of this surplus was that interest abroad was not paying interest in the United States, and consequently while a good many of the financiers who devote their time and energies to surrounding the money question with mystery were crying out that we had not money enough, our surplus money was seeking employment in Europe. It is evident that foreign commerce was not entirely carried on with cash money. The total national banks of the country carry on all their transactions in such a way as to make it impossible to learn from Secretary Carlisle's report that national banks had loaned \$2,007,132,191. But the money of all kinds in the banks amounted, all the money in the United States, to \$2,413,000,000. This was a little more than the sum that was then out on loans by the banks. The amount of money in circulation in September, 1894, was \$1,555,039,000. Although the silver men were crying out for more money, the amount of money in the money market was \$25.07 per capita, while Great Britain possessed \$19.25 per capita.
