BREACH BECOMING WIDER. The situation tonight indicates that the breach between Captain Beck's forces and the county authorities is as wide as ever and citizens are filled with apprehension. Captain Beck is doubtless awaiting fresh as vices from Washington before adding another chapter to a celebrated case. This has given rise to the general belief in the rumor on the streets today that Captain Beck, realizing the resistance that would greet Indian police and the necessity of having a detachment of regulars to enforce orders, has asked Washington to invoke influence to strengthen him with two com-panies of federal troops for the emergence which now confronts him and which calls for action or a humiliating back down.

Captain Beck has announced since his return from Lincoln that he will adhere to his determination to evict all tenants who do not comply with government regulations at once. It is anticipated that he will attempt evictions May 1 with Indian police that the settlers will resist and then th Indian agent will again demand troops to carry out his instructions from Washington if they are in the meantime denied him.

Judge Bellinger Sets on Foot an Investigation of Their Doings.

PORTLAND, Ore., April 29.-"Due" Daven port, the counterfelter, today pleaded guilty in the United States district court to the charge of having moulds in his possession and of coining spurious dollars. He made the following statement: "Last December a flooded the streets in a manner not witnessed man giving his name as Charles French called at my house and said he would like to remain several weeks. One day he asked me how to make counterfelt dollars, knowing I understood the business because I had served term for the offense eight years ago. He gave me 50 cents with which I bought plas ter and solder. I made the moulds and a few coins with them. French told me he only wanted to learn out of curiosity, and I did not see any harm in showing him. Not long afterward I was arrested on this charge. Now the man French was simply employed by the special agent of the treasury, N. B. Harris,

Judge Bellinger demanded an explanation from the district attorney. The latter said French had not instigated Davenport, but that he simply caught Davenport in the act. But this explanation did not satisfy Judge Bellinger. Said he: "I will investigate this matter. Sentence will not be passed this term. to Leave that Impression. SAN FRANCISCO, April 20 .- C. S. Smith cashier and bookkeeper for L. W. McLaughlin & Co., the wheat brokers who managed the late Senator Fair's big wheat deal, is missing under peculiar circumstances. Smith spent Sunday at the office working on his books. At 3 o'clock this morning the police were notified of Smith's disappearance. A sergeant sent to McLaughlin's office found several excited persons, including Mrs. Smith and her parerts, who insisted that the cashier had been murdered. The office was in disorder, books and papers being scattered around, and on the floor lay Smith's hat, coat and vest, spotted with blood. For hours the police searched the building for Smith's dead body, but no trace of it or evidence of murder could be found. Fifty dollars left in the cash drawer discredited the theory of robbery. An expert is now examining Smith's books. The janitor of the building says he and smith were partners in stock speculations, the stocks standing in the janitor's name, that Smith's employers might not know of his investments. A few days ago Smith insisted on selling the stock, threatening the janitor and forcing his compliance at the point of a pistol. Smith took all the proceeds, \$1,000, saying that he needed it to make up a shortage in his accounts, as the hooks would be brought into court in connection with the Fair will case and the shortage discovered.

Rain of Eunday Night and Yesterday Morning of Unusual Plenitude.

EXTENDED OVER MUCH OF THE STATE

It Was General Along Most of the Lines and in Nearly All Instances Was the Heaviest of the Season-Here and Elsewhere.

Railroad officials were happy vesterday as they read the returns from their several division points as to the amount of rainfall during the past twenty-four hours.

Rock Island reports showed that a good rain watered the country as far west as DeWitt and as far east as Des Moines, starting at the latter point at 4 o'clock, and still raining at 8 o'clock, when the bulletin was sent | but no damage was done. Depressions in the out. The Milwaukee reports showed that it was raining vesterday morning at Cambridge and there was every indication when No. 1 left that station that the storm would extend considerably beyond that point.

It was impossible to get advices from the Missouri Pacific early yesterday on account of damage done to the wires near Druid Hill, seven or eight telegraph poles on that line being down as the result of the young cyclone which prevailed in that vicinity. It was ascertained, however, that it rained all night at Nebraska City, and the It has revived grass and given the cereals country north and south of that point shows

signs of a generous visitation.
Officials at the offices of the Elkhorn stated that the rain extended as far west on their line as Long Pine, and as far north as Sioux City. Burlington necale reported a most generous

fall during the past twenty-four hours, extending as far west as Crete on the northern division. There was little or no rain on the western division, which is said to need moisture very badly. The southern division had precipitation here and there, but it was not general. Nemaha and Syracuse were avored, and Columbus had the heaviest rain on the whole system, nearly two inches falling in twelve hours. Light rain was re-ported at Broken Bow and between New-

Fooled by a Bad Check.

An unknown man called at the residence of Mrs. A. B. Smith at 2214 Clark street about noon yesterday and stated that he owned \$16.65 to one of her boarders, A. T. Anderson, who keeps a feed store. He appeared to be very anxious to pay the bill, and as he claimed that he could not find Anderson at his place of business, he finally asked Mrs. Smith to accept the money and hand it over to Anderson. In payment he presented a check for \$20 and asked Mrs. Smith to give him the difference between the amount of the bill and the check. Mrs. Smith did not have the necessary change, but the man discovered that she had \$2 and he accepted this, saying that he would take the difference out in feed. When the check was presented to the bank for payment it was discovered that it was worthless. It was drawn on the Omaha National bank in favor of James Burke, and signed by John G. Miller. about noon yesterday and stated that he by John G. Miller.

Demonstrates to the Public That His Preparation Will Do What He Claims.

"Rain Water Maker" Read What Prominent Citizens Say About It.

"It is wonderful," as one well known lady was overheard to say; yet this is but one of the thousands of expressions in favor of Kirk's Rain Water Maker. Jas. S. Kirk & Co. are being deluged every hour of the day with offers and testimonials asking how they may obtain their valuable discovery. We an-At all grocers, a large 2-pound package for 25 cents.

VERY AGRE ABLY SURPRISED. Mrs. W. T. Johnson of 2836 Seward street used Kirk's Rain Water Maker and is agreeably surprised at what it will do. She says;

'We have only well water, which I believe is as hard as any water in Omaha. I have tried all preparations, but none proved satisfactory until I was fortunate enough last week to get and try the sample of Kirk's Rain Water Maker for the purposes for which it is recom-I was very agreeable surmended. prised, for I found it did just what it is claimed that it will do. Since using it my clothes are nicer than they ever were before and no bad effects result to the hands. The bluing works nicely, I am more than pleased with it and I take pleasure in recommending it to every one. There will surely be a great fortune in it for Mr. Kirk." IT MAKES THE CLOTHES LIKE VELVET.

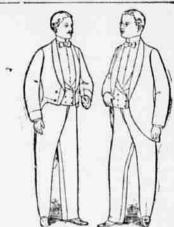

"I like Kirk's Rain Water Maker very much," so says Mrs. John Church of 2630 Decatur street, "as it makes the clothes like velvet. The water we have is well water, and I believe it is the hardest water in Omaha, but Kirk's preparation is just the thing everybody needs in housekeeping. I have tried almost every kind of preparation, but none of them are anywhere near equal to Rain Water Maker. If anything, I believe it will do more than is claimed for it. I want to recommend Rain Water Maker to everybody,"

GIVES PERFECT SATISFACTION. Mrs. Mover of 610 North 17th street, he wife of the well known engineer, said to a reporter, in substance: "I like Kirk's Rain Water Maker ever

so much and I have never used anything that gave near the satisfaction that Water Maker does. It makes Rain the clothes so soft and nice and leaves the hands in a nice, sofe condition. I am more than pleased with it." Rain Water Maker is most essential for laundry work of all kinds and is

to be used in all waters. It also breaks hard water instantly, bringing all waters to a soft and velvety consistency. For the flannels and wolens Rain Water Maker is invaluable, as it positively prevents shrinkage. Colored or printed goods, such as calicos, etc., will not run or fade in water prepared with Rain Water Maker. For the dishes and general washing purposes it is most essential. It is also exquisite for the bath.

Do your flannels shrink? Do they pinch and feel uncomfortable? Are you willing to spend 25 cents? If so, ask your grocer for a package of Kirk's Rain Water Maker.
