Wheat Turned Short and Closed with 63 1-8c for July.

FOREIGN MARKETS CAUSED THE DECLINE

Corn Was Dominated by Favorable Weather -The Cash Demand Was Slow-Another Active Day for Oats-Stocks and Bonds.

CHICAGO, April 30 .- Wheat turned short around today and slid down to 631se for closing the lower than yesterday. Weak foreign markets and big shipments from exporting countries encouraged free selling and caused the decline. July corn closed %c lower, May outs 14c lower, and provisions at declines. The bearish features the news for two days past, added to another batch of discouraging items re-ceived this morning, proved too much for the bulls in the wheat market. The price broke 1c per bu, as soon as the trading commenced, and although May was bought at the opening decline, the entire surroundings of the market were too determinedly bearish to encourage any heavy purchases. A general showery condition prevailed over the most drouthy portion of the wheat belt in Kansas and Nebraska, with a low barometer and conditions favorable for more rain in the same localities. Including the exports from this side, 3,525,000 bu, was the amount put affoat for the importing countries last week, and their requirements were only 6,700,000 bu, per week; thus they were loaded up with 2,500,000 bu, more than they consumed. The Liverpiol market was first quoted steady, but later weak and from 1d to 1½d lower. The weather in France was reported to be brilliant, and a private cablegram from there said the wheat and flour market was rapidly decilining. Berlin was reported 3 marks, or 2c, per bu, lower for wheat. The receipts at Minneapolis and Dufuth numbered 540 cars, compared with 256 cars on Tuesday a week ago, and against only interty-nine cars at both places on the corresponding day of the year before. The total receipts at primary markets were 250,000 bu, while a week ago 23,000 bu, was the total receipts at primary markets were 250,000 bu. While a week ago 23,000 bu, was the total receipte at primary markets were 250,000 bu. July opened with sellers at from 64%c to 63%c, and before it reacted any it touched 63%c. It rose from the latter point to 64%c to 63%c, and before it reacted any it touched 63%c. It rose from the latter point to 64%c to 63%c, and before it reacted any it touched 63%c. It rose from the latter point to 64%c to 63%c, and before it reacted any it touched 63%c. It rose from the latter point to 64%c to 63%c, and before it reacted any it touched 63%c. It rose from the latter point to 64%c to 63%c, and before it reacted any it on the lowest figure made near the opening, and stendied itself around there for a time. About the time of the receipt of the Bradstreet statement the market was in shape for another break. That statement made the world's decrease of wheat and flour for the week only 2,249,000 bu, it he decrease ket were too determinedly bearish to encourage any heavy purchases. A general showery condition prevailed over the most

closed at 47%c. The receipts here were 408 cars.

Another active day was passed in the oats market. Trading was principally in the way of exchanging. The tone of the market was weaker and values declined. The cause of the weakness in the May delivery was the free disposing of the same by longs, who were encouraged to do so by the good inquiry from the elevator people. Then the stocks of contract oats in store showed an increase of 232,000 bu, which was also influential in creating lower prices. May started at 28½c, sold at 28½c, declined to 27½c, sold again at 28c, and closed at 27½c, resting at 28½c. sold at 28½c to 28½c to 27½c, resting at 28½c.

The provision market was again dull and heavy under the influence of larger receipts of hogs than have been generally looked for. The day's run was 23,000 head, and for tomorrow 37,000 head are expected. Pork for July declined from \$12.30 to \$12.17½ and closed at \$12.77½, against \$12.47½ yesterday. Lard for July closed 10c lower for the

day and ribs 124c lower.
Estimated receipts for tomorrow: Wheat, 21 cars; corn, 276 cars; oats, 182 cars; hogs, 27,000 head. The leading futures ranged as follows:

### STOCKS AND BONDS.

Speculation on the Stock Exchange Shows

a General Depreciation in Values. NEW YORK, April 30.—The result of today's speculation on the Stock exchange is a very general depreciation in values. At the opening trade was fairly active, but prices as a rule were lower and in the early dealings a further ecline took place, in which the grangers suffered meet, the active list receding from ¼ to % per cent, while Cordage broke 2 per cent. Leather shares were prominent and rose 1 per cent for the common and 1% per cent for the Leather shares were prominent and rose 1 per cent for the common and 1½ per cent for the preferred. The latter, however, quickly reacted I per cent. At the end of the first quarter of an hour a buying movement was developed in the industrials, in which General Electric was most prominent, all the purchasing in this stock being due to the publication of the figures of the annual report, which made a better showing than had been anticipated. General Electric moved up 1½ per cent. Consolidated Gas 1 per cent and Chicago Gas % per cent. Sugar & per cent and Chicago Gas % per cent. The improvement in the railway list was in the small fractions. The advancing tendency was checked shortly after II o'clock, and the figures continued to move downward up to 1:30 o'clock, at which time the industrial group had recorded a decline ranging up to 1½ per cent in Leather. % per cent in Sigar, 1½ per cent in Leather. % per cent in Leather preferred. 1 per cent in Leather, % per cent in Deather preferred. 1 per cent in Leather, % per cent in Deather preferred. I per cent in Leather, % per cent in Deather preferred. I per cent in Leather, % per cent in Deather preferred. I per cent in Leather, % per cent in Deather preferred in the railway list the losses were confined to small fractions, except in Delaware & Hudson, which broke 1 per cent. Northern Pacific preferred sold up 1½ per cent. Northern Pacific preferred sold up 1½ per cent before noon, but reacted % per cent. Sugar and Leather came into good buying before 2 o'clock and each advanced 1 per cent. Leather preferred in gent became depressed and continued weak to the close. Baltimore & Ohio sold off 1½ per cent. Cordage common 1½ per cent. Leather preferred and Wheeling & Lake Erie 1 per cent (the latter recovering the entire loss), and the general list from ½ to % per cent. The bond market was active and strong until near the close, when prices eased off in sympathy with the heaviness of the share speculation. The sales were \$2.417,000, of which \$25,000 were Northern Pacifi

the heaviness of the share speculation. The sales were \$2,47,000, of which \$225,000 were Northern Pacific conset 5s.

The Evening Post's London cable says: The stock markets were quiet today, because of the holiday tomorrow, but the tone was generally firmer. American swere firm, closing under the best, except for Northern Pacific preferred, which was bid for in the street. The American inquiry for gold continues. About \$29,000 were shipped by the syndicate last Saturday, and \$500,000 is probably going this week, making \$33,000,000 in all since the loan was issued. After this week shipments will possibly again cease for the moment. There was a sharp fall in French exchange on the commencement of the Paris bourse settlement. The Grand Trunk board having resigned, the committee will now approach Mr. Charles Rivers Wilson, asking him to stand for the presidency of the line.

HOGS DROP A NOTCH IN PRICES

Demand Fair and Trading Reasonably Active at the Decline, with Heavy Recelpts-No Sheep Received to Make a Market.

Change in Prices.

TUESDAY, April 30. The receipts today were 1,988 cattle, 4,701 hogs and 431 sheep, compared with 1,473 cattle, 1,115 hogs and 675 sheep yesterday, and 964 cattle, 3,444 hogs and 436 sheep Tuesday of last week.

CATTLE-There were eighty-six loads of cattle in the yards today, of which nine loads were consigned direct to the packers. The larger part were stockers and feeders, the number of good beef cattle being small. Butcher stock was supplied in usual num-

The fat cattle market was called from steady to weak, with \$5.25 paid for one car

of good cornfed cattle.

There was very little change in the cow and heifer market, but the few here were taken at a little better prices than yesterday, and the market was good. Top price on cows was \$4, and a fine load of heifers

The stockers and feeders mostly composed the cattle offerings today. The prices held steady and closed strong, some good western stuff bringing \$4 per hundred. The nice rain of Sunday and yesterday morning

made a much of the marke Representative	better feeling t, and the den	in this br	anch good.

HOGS-There were sixty-three cars of hogs in today and the quality was called pretty good.
Most salesmen called the market 5c lower. All outside markets had heavy receipts and were lower. After the break of lie yesterday the sellers were slow to let go, but when trading commenced the market became more active and closed firm. The range of prices ran from 44.30 to 44.57½, the latter price being paid for a couple of very fancy loads. Bulk of sales 34.30 to 54.55, against 34.55 to 34.65 yesterday. Representative sales:

## CHICAGO LIVE STOCK.

Good Demand for Cattle and Prices Stronger-Hogs Lower.

CHICAGO, April 30.-There was a very g demand for cattle and prices were stronger than demand for cattle and prices were stronger than on yesterday. Common to choice native beef ateers, weighing from 975 to 1,500 lbs., were salable at from 14 to 16, with a good share of the trading at from 15 to 15,75. Butchering and canning stock was in light supply and in fair demand at unchanged prices. Cows sold at from 11.60 to 14.75, principally at from 12.30 to 13.75, and bulls sold generally at from 12.30 to 13.75, and bulls sold generally at from 12.30 to 13.75, and bulls sold generally at from 12.30 to 13.75, and bulls sold generally at from 12.30 to 13.75, and bulls sold generally at from 12.30 to 13.75, and bulls sold generally at from 12.30 to 13.75, and bulls sold generally at from 12.30 to 13.75, and bulls sold generally at from 12.30 to 14.50 left and and scape were fairly large.

With estimated hos receipts today of 21,000 head, and 8.000 left over from yesterday, trade started up slowly, and prices were on an average for per 100 lbs. lower and in some cases loe off, making a fall of lie in two days. Toward noon the trade started up and a large part of the hose were disposed of, the bulk fetching from 14.70 to 14.85. Heavy sold at from 14.60 to 14.50, light at from 14.60 to 14.80, and pigs at from 14.10 to 14.50, which were common in qualify, but good flocks were steady. Sheep sold at from 14 to 14.80 for good 10 prime, and lambs found buyers at 12.75. Some sellers called prime Mexican lambs higher, the best being scarce and active at 15.50. Very few sheep sold higher than 14.55. on yesterday. Common to choice native beef

Wool Market.

Wool Market.

BOSTON, April 20.—There is a slight change in the volume of sales in the wool market this week, although prices remain the same as last week. The supply of old wool is considerably broken and the proximity of the arrival of new wool tends to make buyers purchase sparingly so they can await the arrival of the new clips before putting in new lines. A large amount of wool will be needed in the near future, according to reports from all sections. The movement in fleece wools is slow, and although stocks available are small, the tone is weak, as a whole. Australian wools are moving freely and the market holds firm. The arrivals in the past week have been remarkably heavy, but prices have been well maintained. The selling prices for the leading descriptions are as follows: Ohio and Pennsylvania fleeces, XX and above, 162164c; X and above, 162164c; X and above, 162161c; I combing, 1622c; unwashed, 11612c; X, Michigan, 146144c; No. 1 Michigan combings, 1621c; lichiana and Missouri quarter blood combing, 16216c; Indiana and Missouri quarter blood combing, 16216c; indiana and Missouri quarter blood combing, 16216c; Montann fine medium and fine, 19621c; scoured, 20622c; Wyoming, Ush, etc., fine medium and fine, 9631c; scoured, 20631c; scoured, 20631c; Australian scoured combings, apperfine, 1911c; Australian scoured combings, apperfine, PHILADELPHIA, April 30.—WOOL—Duil and

etc., fine medium and fine, 9@11c; scoured, 30% 31c; Australian scoured combings, superfine, 41945c.

## WEATHER CROP BULLETIN INTERESTING EXPERIENCE

Rains Have Relieved the Dry Fields of the Antelope State.

MO STURE IN EXCESS OF THE NORMAL

Week Just Closed Has Been a Most Favorable One and the Crops Have Made Excellent Progress in All Sections.

Weekly weather-crop bulletin, No. 4, of the Nebraska weather service, co-operating with the United States weather bureau, issued from central office, University of Nebraska, Lincoln, by G. D. Swezcy, meteor-clogist of the Nebraska experiment station, for the week ending April 29;

ACTUAL CALLS COME none or less than a trace inch tol lincher 2

The first half of the week was warm and dry and crops generally were beginning to suffer, but the showers of the last three days have relieved this condition and the

suffer, but the showers of the last three days have relieved this condition and the week closes with prospects very favorable. Temperature has been from seven degrees above the normal in the western part of the state to nine degrees above in the eastern, and there has been more than the normal amount of sunshine.

The rain has been generally above the normal. Nearly all parts of the state have been visited during the last half of the week by showers, many of them heavy, exceeding an inch over most of the state and over two inches in several localities.

The week has been a very favorable one for the progress of farm work, which is now even farther in advance of the season than it was a week ago, being fully two weeks earlier than the average.

Small grain continues for the most part in good condition, but has not grown as well as in previous weeks, owing to lack of moisture the early part of the week.

A large acreage of sugar beets has been planted in various localities. Corn planting has been general over the state, and the early planted is coming up.

Further reports as to the frost which occurred the last of last week indicate that no damage of consequence was done, and fruit prospects never looked better.

### ONE DEAD AND TWO ESCAPED. Street Fight in Chicago in Which a Colored

Man is Shot by an Officer. CHICAGO, April 30 .- In attempting to arrest three colored men at Spring and State streets late last night Officer Golden shot and killed one of them instantly, but not until he himself had been twice wounded and Officer McDermott had narrowly escaped a mortal wound in the abdomen. The wounds were the result of a fusilade of bullets be-

tween the colored men, each of whom was armed ,and the officers, which aroused the neighborhood and created great excitement for a time. The two colored men who seemed to be unhurt escaped. Killed Herself for Her Husband's Sake. DENVER, April 30 .- Unable to remove from her mind the strange hypnotic influence exerted over her by a music teacher, and suffering from unrequited love, Mrs. Zelie

wheat, 24,000 Vermeiren, 24 years of age, fired a bullet into her left breast, inflicting a fatal wound. In a letter to her husband, the writer coolly informs him that she loved Luther T. Hall, the music teacher, and it was for his sake that she intended to take her own life. Another letter was addressed to Hail, and another to his wife, both telling of a vain struggle of the writer to control herself and prevent unhappiness to all concerned. She wrote that although she had been married twice, she did not love her husbands; that

Hail was the only man that ever struck the responsive chord. Lost in the Woods in the Winter. EAGLE RIVER, Wis., April 30 .- The body of Dr. C. S. Dixon, a prominent citizen of Ashland, Wis., who was lost in the woods last winter, was found by a searching party

Of an Iowa Lady Who Was Cured of Dys. popula After Suffering Twenty-Five Years.

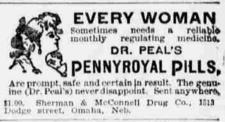

Pepsia After Suffering Twenty-Five Years.

From Michigan Christian Advocate,
Mrs. Sarah A. Skeals, an estimable lady
residing at Lynnville, Jasper county, lowa,
was for twenty-five years a sufferer from
dyspepsia, and her complete restoration to
health is so remarkable that we present
the facts in the case for the benefit of our
readers, many of whom have doubtless suffered in the same manner and will, therefore, be interested in learning how all stomach troubles may be avoided and cured. Mrs. fore, be interested in learning how all stomach troubles may be avoided and cured. Mrs. Skeels says: I used only one package of Stuart's Dyspensia Tablets and I received such great and unexpected benefit that I wish to express my sincere gratitude. In fact, it has been six months since I took the medicine and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I consulted told me my case was incurable as I had suffered for twenty-five years. I want half a dozen packages to distribute among my friends here who are very anxious to try this remedy. Yours truly.

among my friends here who are very anxious to try this remedy. Yours truly,
MRS. SARAH A. SKEELS.
The reason why Stuart's Dyspepsia Tablets
are so successful in curing indigestion and
stomach, trouble and the reason why it never disappoints these who need it and use it is because nothing is claimed for it except what it will actually perform. It is not a cure-all and no such claims are made for it. It is prepared for the sole purpose of curing Dysepsia and the various forms of indigestion, There is senreely a patent medicine made but what is claimed to cure Dyspepsia as well as a bundred other troubles. a matter of fact a remedy to cure Dyspepsia must be prepared especially for that and must be prepared especially for that and nothing else and among all the remedies, patent rostrums, bitters, etc., so extensively advertised you will find that Stuart's Dys-pepsia Tablets is the only one advertised as a cure for Dyspepsia and nothing else. The remedy is prepared by the Stuart Chemical Co. of Marshal, Mich., and for sale by all druggists at 50 cents per package, and if you suffer from any form of stomach de-rangement or indigestion a trial will not disappoint you.
