Richmond Case the Center of Attraction in the Federal Court.

COURT RULES AGAINST THE DEFENDANT

Witnesses Testify to some Irregular Work on Richmond's Part—Certificates of Stock Issued and Cancelled Without Authority.

W. S. Richmond of the Union Building and Savings association entered the federal court yesterday morning without the large diamonds which were so important a part of his makeup on the opening day of the trial.

The entire day was taken up with the introduction of evidence, the most interesting being that of J. H. Hick, one of the three stockholders who brought Richmond's term of office to an abrupt close and had the business of the association put into the hands of the receiver.

District Attorney Pullen asked him to produce a certificate of stock belonging to Mrs. Mary E. Rhodes of Burlington and to testify to an examination made by him regarding the stock.

On a sharp objection between the attorneys and the court, Mr. Pullen said he expected to show that Richmond, without Mrs. Rhodes' authority, had entered upon the books of the association her withdrawal and represented to the association that he had sent a Chicago draft to Mrs. Rhodes for the amount owing to her, but in fact turned the draft over to the receiver, Mrs. L. M. Richmond, who endorsed the draft.

Attorney Prouty for the defense contended that this sort of evidence would not be admitted because even if it should be proved that Richmond had done all he was charged with doing, it would not constitute a "scheme or fraud" within the meaning of the statute under which the court was proceeding.

The veteran Freeman's association gave a May pole dance last evening in the Woodman hall. All the members of the association were present in full uniform and many guests spent the evening dancing.

The union revival meetings at the First Presbyterian church are increasing in interest. Rev. F. T. Pearson preached last evening to a large audience, taking the conversion of Zaccheus, the publican, as his subject, and drawing from it some lessons of a practical nature for people of today.

N. W. Harris & Co. of Chicago, who were the highest bidder for the \$700,000 bonds of Pottawatomie county, have announced their refusal to take them, having been notified by their attorney that there is some doubt as to the validity of the bonds.

WISSE MAY SUCCEED DURYEA

Indiana Man May Be Called to the First Congregational Pulpit.

IMMEDIATE SELECTION NOT EXPECTED

Dr. Duryea's Resignation Accepted at a Church Meeting Last Evening and the Sentiment of the Members Expressed in Resolutions.

At the First Congregational church a special meeting was held last night to consider the resignation of Dr. Duryea, which was read from the pulpit last Sunday. The resignation was read before the meeting last night and was immediately accepted in accordance with the doctor's desires.

A committee was appointed to invite the several Congregational churches in this city and vicinity to take part in a meeting called for next Thursday at 2 o'clock for the purpose of concurring in the action taken by the members of the church and society last night. The committee on pulpit supply was authorized to fill the pulpit until the 1st of July unless a permanent pastor was secured in the meantime. The name of Rev. W. H. Wisse of Lafayette, Ind., was suggested to the committee and met with the approval of a number of those present, and it is not probable that Rev. Wisse will be secured to fill the vacancy caused by Dr. Duryea's resignation.

A committee was appointed to draft a set of resolutions which were passed unanimously and are as follows: Whereas, The Rev. Dr. Joseph T. Duryea, for the last six years the honored and beloved pastor of this church and society, has long been restrained by illness and consequent absence from performing his pastoral duties and from giving to his people here the spiritual aid and encouragement which are essential to the people of a church; and Whereas, It having become clear to Dr. Duryea that he would not be able for some time to come to the church and to perform his duties as pastor, he has felt impelled to ask, in justice to himself and to the church he has long and earnestly served for permanent relief from the pastoral relations; and Whereas, In reluctantly permitting this bond between pastor and people to be broken, the best of our fellowship and continued good wishes for himself and household; that we have found in his willingness to do and to be; in his cordial endorsement of every good work in his genial nature, his splendid intellect, earnest, intelligent teaching concerning the church and its purposes, those functions which make up a man whose mission must not be confined to the limits of a church or a city, nor a state, if indeed to a nation; and be it further Resolved, That we as a church not only desire but earnestly pray that his health and his strength may return; that the vigor, action, grandeur of thought and the power of expression which have made him the peer of the honored and the gifted of the earth will be exerted in the Master's behalf; that wherever he may be, in whatsoever he may do, he shall have as a lasting inheritance the prayer and the blessings of his Omaha church.

Resolved, That these resolutions be spread upon the records of the church; that a copy be forwarded to Dr. Duryea and another be given to the daily press for publication.

DRAWN THE LINE ON INDIVIDUALS

European Governments Will Not Be Allowed to Exercise Veto on Loans.

WASHINGTON, May 1.—Although the State department has sanctioned the principle of the right of an European nation to collect an indemnity for a national insult offered to it by an American nation, or to secure redress for the abuse or ill treatment of its citizens and infringement of their property rights, it can safely be predicted it will not under any circumstances permit any European government to attempt by the display of force to collect moneys owing by the South or Central American states to individuals on account of moneys loaned. In 1881 Secretary Blaine wrote to United States Minister Noyes at Paris, at a time when the French government was about to undertake a demonstration against Venezuela to force that country to meet payments to French bondholders on account of the national debt, that the United States would not be drawn into any attempt on the part of France to force by hostile pressure the payment by Venezuela of her debt to French citizens, and even before the French government had made any attempt to bear by the great financial centers of Europe to have their governments undertake the collection of debts owing to their citizens, there is no ground for apprehension of a forcible attempt by the British to collect debts owing by Honduras to British bondholders on account of a government loan, and this same doctrine may be at this time of great comfort to many of the small republics of this hemisphere that have been obliged by the stress of hard times and revolutions to default in the payment of the interest and principal of their national debts.

The position taken by the State department in authorizing the use of force to collect individual debts and the payment of the bonds issued on account of the national debts of an American republic must take the chances of their collection in the ordinary way, and the inhabitants of the country borrowing the money.

There are two reports on the subject, one signed by four members of the board, totally disapproving of the plans, and one signed by two members, vigorously upholding them. The four members of the board who disapproved the plans, and one signed by two members, vigorously upholding them. SOME FACTS

Relating to a Valuable Discovery

Which is Claimed Will Cure Every Form of Piles.

Interesting Statement of a Well Known Druggist of Ypsilanti, Mich.

Mr. Frank Smith, the well known and popular druggist of Ypsilanti, Mich., in speaking of the Pyramid Pile Cure, says: "A year ago I sold C. C. Peter, 119 Hamilton street, Ypsilanti, Mich., a box of the Pyramid Pile Cure. He made the following statement to me: 'I have been troubled for twenty years with itching piles. Have tried nearly everything that promised relief, but got very little benefit until one year ago I called upon my friend Frank Smith, and got a box of the Pyramid Pile Cure. The one box, used according to directions, was, in my case, a perfect cure, as a year spent without any symptoms of the trouble has convinced me.'"

The Pyramid Pile Cure not only gives instant relief in every form of piles, but the relief is permanent. The piles are cured as they cure, and whether itching, protruding or bleeding piles, the results are equally satisfactory. It is rapidly taking the place of ordinary salves, ointments and lotions of the trouble has convinced me."

Whereas, The Rev. Dr. Joseph T. Duryea, for the last six years the honored and beloved pastor of this church and society, has long been restrained by illness and consequent absence from performing his pastoral duties and from giving to his people here the spiritual aid and encouragement which are essential to the people of a church; and Whereas, It having become clear to Dr. Duryea that he would not be able for some time to come to the church and to perform his duties as pastor, he has felt impelled to ask, in justice to himself and to the church he has long and earnestly served for permanent relief from the pastoral relations; and Whereas, In reluctantly permitting this bond between pastor and people to be broken, the best of our fellowship and continued good wishes for himself and household; that we have found in his willingness to do and to be; in his cordial endorsement of every good work in his genial nature, his splendid intellect, earnest, intelligent teaching concerning the church and its purposes, those functions which make up a man whose mission must not be confined to the limits of a church or a city, nor a state, if indeed to a nation; and be it further Resolved, That we as a church not only desire but earnestly pray that his health and his strength may return; that the vigor, action, grandeur of thought and the power of expression which have made him the peer of the honored and the gifted of the earth will be exerted in the Master's behalf; that wherever he may be, in whatsoever he may do, he shall have as a lasting inheritance the prayer and the blessings of his Omaha church.

Resolved, That these resolutions be spread upon the records of the church; that a copy be forwarded to Dr. Duryea and another be given to the daily press for publication.
