

SPORTS OF THE MERRY MAY

A Resume of the Athletic Pleasures of the Week.

WHISPERS OF THE WHIRLING WHEEL

On the Field and at the Trap—Base Ball Gossip and the Makeup of Teams—Horse, Cricket, Racing and Tennis.

Unless kept back by unfavorable weather, and this doesn't look likely at this writing, there will be a tremendous crowd at the Charles street park this afternoon to see the Omahas and the Quincys wind up their opening series.

Joe Walsh has been released by the Omaha management. It was evident that he could not get into condition for some time yet, and his economical administration is the one key to success in base ball in Omaha, the management was forced to let the old vet go. Dox has the sympathy and good wishes of every fan in the town, and it is hoped that he will speedily round up and get back in the harness.

Hutchison has been appointed captain of the team, vice Joe Walsh, but on whose recommendation he was awarded the honor is unknown. Ulrich would make a far better man from any standpoint of play. Hutch is a good player, but in a game he wants to pay strict attention to his knitting; he has no leisure time to direct the balance of the men. With the Grasshopper it is different. He always on the alert, and never loses a point in the game. He is quick to detect a weakness on the part of his opponents, and quick to take advantage of it. He has a good voice, is lively and enthusiastic, and would certainly make a capital man to handle the team in play.

During the team's first trip abroad a new equipment was put into the grandstand. It is to be built on the south end and to be reserved exclusively for ladies and their escorts. Comfortable chairs will be put in and the department kept in first class condition throughout the season.

Eddie Miles has convinced the cranks that he is somewhat of a ball player after all. He may not be a Dunlap but he is a pretty good one on the opening day he put up the greatest game that has been seen on the local grounds this season. His one error, an excusable one, was made at an interesting juncture in the game and the boy lost his head for the moment.

It looks very much as if Peck-ahoo Veach had come again. He is a tower of strength at first and his like a field. As long as Peck is clear of the field he's all right and there are many years of good work in him yet.

One of the peculiar features of the opening games was that of the western teams won. Des Moines took in the Rockford by 10 runs, but the victories of Omaha, Lincoln and St. Joe over Quincy, Peoria and Jacksonville were clean and decisive.

Manager Frank Barker of the Wilcox and Jasper House team is mapping out a busy campaign for the coming season. He is looking for the best amateur clubs throughout the state, and if things come his way he will make his contemplated tour into Dakota and Iowa. This afternoon the Wilcox and Draper will face the soldiers at the fort grounds.

The following note speaks for itself: DENISON, Ia., May 3.—To the Sporting Editor of the Bee: Having organized for the season we are ready to receive you. Have as strong an amateur team as ever and would be pleased to give any aspiring team a date.

SIMON SINE, Sec'y Denison B. C. C. A great many of the fans of Terre Haute are troubled with loose teeth. Our old friend who has the jaw-bone, and who has bobbed up there and is covering left field. Those who have tried to call him by name are suffering the same penalty, says the merry Mr. Mulford in the Cincinnati Post.

On Tuesday next Fredly Gebhardt Duedale will be here with a fine lot of birds. Dog is an old Western, Florida Blackbird, and he is a regular strayer into the National League, but strayed back into the old ranks this spring. He has caught a blackbird, and a young one, and the fans can count on three more rattling good games Tuesday, Wednesday and Thursday.

Next Thursday will be the first ladies day of the season, and with pleasant weather a lot of fashion and beauty can be looked for at the park. This is an exciting and an extraordinary interest in the national sport this season, and they are patronizing the game with charming liberality.

The Jacksonvilles follow the Peorias next Friday, Saturday and Sunday. Jantzen, the human giraffe, will be in the evening, and to see him alone is worth double the price of admission. Jantzen will receive a welcome here.

Omaha is fortunate in having a man of Lohman's intelligence and experience in the game. He is in good command, and, by the way, would make an excellent captain. Luke Ulrich, he sees all the big show, and remains for the concert.

The University Ball Team. The University ball park, on North Twentieth street, when all the improvements in progress there are completed, will be one of the handsomest ball grounds in the west, and far ahead of anything Omaha has ever been able to boast of. The grandstand is being enlarged and beautified, additional bleachers are being put in, and the diamond receiving such attention as will render it as perfect as skilled labor can make it. It is being built in with rapid and team, and will be both compact and elastic in the finishing touches have been administered. The entire outfit is also being put in excellent shape, all of the irregularities have been corrected, the grandstand roof and blue grass seed has been lavishly sown everywhere. The University club intends to play a strong team this season, and they are desirous of a generous share of it.

The club's uniforms, white, with green trousers, have arrived, and they are as neat and attractive as they can be. As yet the regular team has not been determined upon, but among the likely candidates for positions on the same are such well known players as Catchers Crawford and Bittner, Pitchers Robinson, Lewis, Tellen and Gardner, Abner, first and second base, McAdiffe, second; Creigh, short; McKelvey, third, and Robinson, Bittner, Greg, John, Fowler and Greg for the outfield. C. L. Thomas will manage the team, as well as have personal supervision over all athletics at the park.

In August the team will be taken to the coast for a three weeks tour, and have ready as good as arranged for games with St. Paul, Seattle, Tacoma, Portland, San Francisco, Chicago and Denver. The boys are counting on a great midsummer holiday, and members of the city press will be invited to accompany them.

The University of Nebraska park are University of Nebraska, Saturday, May 18; University of Michigan, Tuesday, May 21, and the University of Chicago, Thursday,

May 30. The Nebraskans have a great battery in Barnes and King, and in Sexton the Michiganians have a battery who will rank well with any of the big stars of the National League. The renowned Stagg will be here with the Chicagoans.

The Michigan university, with the exception of one year, has always beaten Cornell, and has repeatedly defeated the Detroit Athletic club team, and for two seasons they held the championship of the United States, having beaten Yale, Harvard, Brown, Trinity, Lehigh, Oberlin, and other college teams.

A meeting of the local alumni of the University of Michigan will be held shortly to make arrangements for entertaining the Michiganians during their stay here.

The Big Run of the Season. If there is any class of humanity who can appreciate a day's outing after being cooped up in a dusty store or a misty office for six days out of the seven it is the fortunate individual who is the possessor of a wheel, whether it be of the vintage of '93 or a spick, span, new crack-a-jack pattern of '95.

The advanced spring days of April have afforded many an opportunity for the cyclist to take his leg spin before breakfast over some lovely country road, or a brisk little airing after tea, but no day of the month has afforded the chance to spend the ten hours between sunrise and sunset, awhell, in such a glorious manner as last Sunday. That the Tourist Wheelmen and their friends felt this, is attested by the mighty turnout which greeted the captain and his lieutenants at the club's rendezvous.

The run selected happened to be one of the prettiest out of the city, one that has been chosen each year as a trip for the early summer time, a spin which carries the cyclist over the loveliest of Iowa roads, which winds like a serpent along the base of the blue bluffs from this side in the distance to the south, up into the thickly wooded hills, by hedges of oaks, orange and lilac trees, snug farm houses, beautiful orchards clothed in white and pink, and ends at the foot of a long slope in the heart of the charming little town of Glenwood.

The day was perfect for such a trip, a soft breeze blowing from the southeast, wafting the fresh odor of oaks, orange and lilac trees, snug farm houses, beautiful orchards clothed in white and pink, and ends at the foot of a long slope in the heart of the charming little town of Glenwood.

The day was perfect for such a trip, a soft breeze blowing from the southeast, wafting the fresh odor of oaks, orange and lilac trees, snug farm houses, beautiful orchards clothed in white and pink, and ends at the foot of a long slope in the heart of the charming little town of Glenwood.

near like the one held in Chicago the past winter as possible. No space will be smaller than twenty feet square. The Omaha Bicycle club is a comparatively new organization, but has many old wheelmen within its ranks. The officers are H. D. Mulford, president; W. B. Barnum, vice president; L. O. Lund, treasurer, and W. A. Pixley, captain. They intend soon to form a bicycle company and give drills on their wheels once a week. There are a number of bicycle brigades in the east and there is no reason why Omaha cannot support one. The committee which has the cycle show in charge is composed of Messrs. Louis Barnum and Fredrickson. Among the exhibitors will be William Lyle Dickey & Co., Western Electrical Supply Company, A. L. Dean & Co., Omaha Bicycle company, M. O. Daxon, W. B. Barnum, Nebraska Bicycle company, Avery Planter company, who make the Avery bicycle; Kingman & Co., Columbus Buggy company; W. Barnum & Bro., Cross Gun company; Huskie & Co., 59 Cent Store, Stotzel & Co., and Louis Fischer. The Army will be decorated with palms, bunting, etc., and an orchestra will be engaged to lend enjoyment to the affair. The object in giving these shows is to give the intending purchasers a chance to see all the different makes of wheels under one roof, and thus save them a long trip around town visiting the different dealers.

John D. Seils Two Good Ones. John D. Creighton has just returned from Kentucky with a carload of fine horses, and among them are two that are probably destined to become famous in the turf world, as Mr. Creighton has sold them to Monroe Salisbury, and will deliver them to the great horseman at Red Oak, Ia., this week. One of them, Distaff, (7), is a beautiful chestnut mare, with a record of 2:25 1/2, by King William, son of Hambleton 10, dam by Stillson, son of Messenger Durbin. John Creighton, the other, (2) is a natty bay filly by Direct, dam Little Clem, by Jot C, son of Blue Bull. Both will be raced this season with Salisbury's great stable, and already they look fit to distinguish themselves in their respective classes.

The Jacks Have Gone. It is now safe to say that the spring shooting is practically over and the hammerless, so far as sport itself is concerned, can be piled up and stored away until late in the summer, when the upland plover come in. The main body of wild fowl has been gone for weeks and the last of the jacks have departed within the past week, and no more will we hear his thrilling "skapp" until the golden days of October once more break upon the woods.

Jacksnipe are indisputably the greatest game bird that flies, and there is no sport in the field that equals what he is capable of furnishing.

How the sportsman's heart swells with anticipation as for the first time in the budding spring he places his rubbered foot

on the path again this season. He began training last week and will start in the Decoration Day Road race.

The regular monthly business meeting of the League of American Wheelmen occurs Thursday evening of this week at 312 1/2 New York life building, election of delegates to the Associated Cycling clubs and action to be taken upon the petition of the Tourists and Mr. Cooke of the Y. M. C. A.'s. All members of both clubs should be present or send in their proxies.

The Tourists and the Y. M. C. A.'s will hold a joint run Thursday evening of this week at Fort Omaha. Start from the Young Men's Christian association building at 7:30 sharp. The run will be in charge of Lieutenant Melton of the Tourists and Mr. Cooke of the Y. M. C. A.'s. All members of both clubs should turn out if possible.

The Ganymedes and the Turners lock handle bars for Plattsmouth on the 19th. The Ganymedes go to Neola today and the Turners to Missouri Valley.

Hutchford Sawyer, a Western Union messenger boy, led the returning wheelmen a merry race coming in from Glenwood last Sunday, leading them by one block when they crossed the Big Muddy.

With the Summer Sportsman. The regular summer shooting season of the Omaha club opened yesterday afternoon on the grounds across the big bridge with a good attendance, and there is every prospect for a lively campaign. The regular schedule will close Saturday, September 25, and the following conditions will govern all the shoots: Each contestant will try at twenty-five blue rock targets, known traps, at unknown angles, the "rapid fire" system, and a \$5 hunting suit will be presented by Frank Parmelee to the member taking part in the largest number of regular club shoots during the season, and one club membership pipe from Paxton & Gallagher to the member taking part in next largest number of shoots. Mr. Gray will give a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1. For a score of 100 or more, a group photograph of club members to each member who shoots fourteen or more of the regular club shoots in the season. Prizes for averages, for any one or more of the targets, will be given to shooters taking part in fourteen or more of the regular shoots of the club, provided that each shooter can complete for any one or more of the targets, viz: 1.
